Complete Preliminaries For Resuming River Wall Work

Preparations for the beginning of the summer's outdoor work in the various city departments are going rapidly ahead. W. H. Lynch, Superintendent of Streets and Public Improvements, is getting ready for the sewer and paving work; M. Harvey Taylor, Parks and Public Property, is getting his park and playground development work in shape, and Harry F. Bowman, Superintendent of Public Property, is busy getting ready for water main extension.

At the meeting of the Board of Public Works this afternoon the preliminaries for resuming work on the river wall were completed.

FRENCH AUTHOR DIES
Paris, April 9.—Pierre Siles, one of the most popular French authors of stories of romance and adventure, died here to-day aged 69. He was originally a bank clerk, then a journalist and afterward a writer of novels of peculiarly parisian setting.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Friends did me no good. Finally I got hold of something that quickly and completely cured my rupture. It was not long, no trouble, I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 363 Marcellus Avenue, Manhattan, N. Y. Better cut out this notice and show it to any other who is ruptured—you may save years of pain and the worry and danger of an operation.—Advertisement.

PRESIDING OFFICER OF STATE CONVENTION ATTACKS PRESIDENT

Tells How American Lives Were Lost by Policy of "Watchful Waiting"

ENGLAND TAKING ADVANTAGE

Attitude Toward Mexico, He Says, Has Excited Contempt of Europe

By Associated Press
Augusta, Maine, April 9.—An attack on President Wilson's Mexican and Panama Canal tolls policy was made by Congressman John A. Peters, of this State, in his address as presiding officer of the republican State convention to-day. "I have great admiration and respect for President Wilson," said Mr. Peters. "But no one but the blindest partisan, or one who has given the matter no thought, can have the slightest respect for the foreign policy of his administration, especially in Mexico. Indeed, it cannot be properly called a policy at all, because it is unintelligible and aimless."

He declared that by refusing to recognize Huerta the President "lost his greatest opportunity to establish some kind of order in Mexico and save thousands of lives and countless treasure."

"During this watchful waiting process of the administration," Mr. Peters continued, "lives and property of our own and other citizens are being destroyed. England and other countries have acted with extraordinary forbearance, but the limit must be reached some time. The Mexican policy of the administration has excited the anger and contempt of European countries."

"It looks in Washington as if England had our administration in a hole. Apparently she has taken advantage of the situation and is now preparing to reverse its action in giving your coastwise vessels a free to go through the Panama Canal right and we will keep out of Mexico."

"To repeat the free tolls law under the present circumstances admits that we had not the right to pass it. It changes the result of the stupendous work, smashes the Monroe Doctrine and will change the history of this country."

Ryan and Campaign Party to Hold Meeting Here on April 18

Formal announcement was made this afternoon that City Solicitor Michael J. Ryan, of Philadelphia, would speak at Chestnut street hall on April 18. Accompanying him will be Henry Budd, candidate for senator; John E. Jenkins, candidate for lieutenant governor; William K. Meyers, candidate for congress-at-large; Judge Eugene D. Bonawit and Senator Richard V. Farley, of Philadelphia.

Train Hits Boy Picking Coal; Lad Slightly Hurt

While picking coal on the Pennsylvania Railroad tracks about a quarter of a mile south of the New Cumberland station, Walter D. Schimmel, 10 years old, was struck by passenger train No. 41, due at New Cumberland at 7.20 o'clock. The boy was not seriously injured. So far as physicians now know, his injuries are confined to a scalp wound four inches long, and it is not believed he is internally hurt. The train was slowing down just before coming into the station and so the boy was hit from the tracks without much violence and thrown a few feet to the side.

Spike Marks New Era in History of Canada

Nechaco River Crossing, B. C., April 9.—A new era in the history of Canada was marked yesterday when the last spike linking up the main line of the Grand Trunk Pacific Transcontinental Railway was driven one mile and a half east of this point.

Shortly after the first train, having on board Morley Donaldson, vice-president of the road, and a party of officials, continued its journey to Sandwich, Eng., April 9.—Francis Outmet, the American golf champion, and Arthur G. Lockwood, former amateur champion of Massachusetts, won easily to-day in a foursome match against the Marquis of Lintilhgow and Lord Charles Hope, his brother. The Americans won by five up and four to play.

Prince Rupert, the western terminal of the line.

Marcus Loew Buys the Sullivan-Considine Vaudeville Circuit

The announcement has just been made that the great western vaudeville circuit, built up by "Big Tim" Sullivan of New York and his partner, John Considine of Seattle, has been sold to Marcus Loew, the moving picture theater man. After "Big Tim" and John Considine, the purchase of the circuit and several syndicates were reported to have been formed for that purpose.

MARCUS LOEW

The rise of Loew has been one of the wonders of the theatrical business. Six or seven years ago he was not known. Now he is reputed to control millions—the price he and his friends are to give for the circuit is alone stated at \$6,000,000, which he must deliver by August 1.

He has been a newsboy, a wholesale news agent, the owner of an east side newspaper in New York, a furrier, and one of the first to build an elaborate penny arcade. In this last he found himself. He has grown till he owns twenty-four moving picture and vaudeville houses in New York city. One of these was erected at a cost of \$700,000 on the site where he was born on the east side of the city. Recently he has been engaged in extending his business north, west and south.

ANTIQUE STORE TO OPEN

To those interested in the antique in furniture, dishes and general household goods the formal opening next week of a branch of Saltzger's store, which will be devoted exclusively to such articles, will prove attractive. The dual stores will be known as Saltzger's Art and Antique Store, 223-225 North Second street. It will be Harrisburg's first antique shop and successful efforts have been made to get an unusually attractive collection for exhibit at the formal opening, which takes place on Monday, Tuesday and Wednesday next.

Among the special articles for the opening are a collection of furniture and wares used by the early Pennsylvania Germans; a Chippendale low-boy; numerous pieces of the rare Stiegel glass; flaring oil lamps which antedated the candle, and a spinning wheel in running order, with a quantity of flax.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer the Hundred Dollar reward for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

MONEY IS PROVIDED FOR IMPROVEMENTS

[Continued From First Page]

Ample provision for all these items is made in the \$55,000 of the \$100,000 park and playground loan which was included in the proposed issue of \$140,000 in bonds authorized last evening by the city sinking fund commission.

M. Harvey Taylor, commissioner of parks and public property, has been planning for these expenditures for the early summer and was only awaiting the assurance that the money would be forthcoming to complete negotiations.

An additional \$10,000 asked for by the same commissioner will be expended at an early date for the new fire apparatus. This money is provided for from the \$25,000 loan item for fire apparatus.

\$50,000 For New Sewers
William H. Lynch, commissioner of streets and public improvements, is provided with \$50,000 of the \$100,000 loan item for sewers and the \$25,000 that was voted for the building of an asphalt repair plant.

The specifications for the sewers to be built under this item are in course of preparation," said Mr. Lynch this morning, "and as soon as they are ready we'll be in shape to go ahead."

"As for the repair plant, it occurred to me that it would be a good plan at this time to provide the money for this. We must look up a site you know and get ready to build. Some folks perhaps will wonder why we didn't take up the issue of safety question in Market Square first. This we can't do very well until the changes of water pipes, etc., that will be necessary by the Pennsylvania Railroad's subway operations in Second street are made."

While provision for paying interest for but \$100,000 was made in the budget ordinance, the sinking fund commission were able to authorize an additional \$40,000. The necessary interest and the additional \$40,000 will be obtained by applying the accrued interest gained by the city as premium from prospective bidders for the bonds. Following the usual custom, the city will sell the bonds at par and accretion interest for the interval between time of authorizing the issue and the time of issue.

May 15 the bonds will be turned over to the purchaser and April 20 is the date fixed for receiving bids. These bonds will be in denominations of \$100, \$500 and \$1,000. The securities will bear interest at 4 per cent, and Mayor John K. Royal, chairman of the sinking fund commission, thinks they will be no trouble to sell the bonds.

Taylor Asks Suggestions For Playground Location

Superintendent of Parks Taylor has addressed a letter to the West End Improvement League writing suggestions as to a location for the proposed playgrounds in the western section of the city. Meanwhile the department officials are looking over the available territory in South Harrisburg, where one of the playgrounds provided for in the last loan will be located.

It is expected that the important improvements will soon be made at Reservoir Park in the vicinity of the new entrance at Market street.

Several places of land needed to complete the Parkway are about to be acquired. One of these tracts donated by the late W. K. Airicks adjoining the Hoffer tract was taken over by Superintendent Taylor to-day. Within a few days the stretch of the Parkway between Derry street and Reservoir Park will be acquired, this important link constituting a much desired part of the park system.

As already stated the concrete bridge over Spring creek near the Cameron street entrance to the Parkway will be constructed at once.

Americans Are Disliked in South America, Says City Treasurer Copelin

Mr. Copelin, who recently returned from the South, touched enthusiastically upon his trip. From Harrisburg he went to New Orleans and thence to Panama. This was his first visit since a trip four years ago. Then the "Big Ditch" was in the making. When a few weeks ago he crossed the Isthmus on the Panama Railroad along the route of the canal, he was in a position to see just what the great work really is. "One can't adequately describe the magnitude of that job and what it will and should mean to the American people and the world," said he. "Only time will tell."

From Panama Mr. Copelin and his brother, I. W. Copelin, went on down the Pacific coast, touching in Bolivia, and thence to Chile, Valparaiso and Santiago. From there he crossed the Andes to Buenos Ayres, then on up to Para, Rio Janeiro, Brazil, and then across to London and Paris.

The City Treasurer was more than enthusiastic about the South American countries, particularly Buenos Ayres. Incidentally he paid a tribute to Henry P. Fletcher, United States consul in Chile, and brother of ex-Sheriff Rowe Fletcher, this city.

"As a rule Americans are disliked," said Mr. Copelin, "but Mr. Fletcher has won his way into their hearts down there. I believe, and I think he is doing such a great work that it would really be a shame to remove him. He is doing a splendid work."

ASSAULT CAUSES DEATH

Media, Pa., April 9.—William McKeliff of this place, died to-day as a result of an attack made on him last night by a foot pad. He was held up a short distance from his home and beaten over the head with a black jack. His assailant, who escaped, secured about \$10.

HISTORICAL SOCIETY TO MEET

The Historical Society of Dauphin County will meet to-night in the society's building, 9 South Front street.

Thin Blood Causes Backache

Every muscle in the body needs a supply of rich, red blood in proportion to the work it does. The muscles of the back are under heavy strain and have but little rest. When the blood is thin they lack nourishment and rebel. The result is a sensation of pain in those muscles.

The best remedy will soon be made at the backache seldom or never meets kidney trouble. Real organic kidney disease may have progressed to a critical point without developing a pain in the back. Doctors detect its presence by the excretions of the kidneys themselves.

Pains in the back should always lead the sufferer to look to the condition of the blood. It will be found in most cases that the use of Dr. Williams' Pink Pills to build up the blood will stop the grumbling of the ill-nourished muscles of the back. How much better is to try Dr. Williams' Pink Pills for the blood than to give way to unreasonable alarm about your kidneys. If you suspect your kidneys, any doctor can make tests in ten minutes that will set your fears at rest or tell you the worst.

All druggists sell Dr. Williams' Pink Pills. A free book, "Building Up the Blood," will be sent on request by Dr. Williams' Medicine Co., Schenectady, N. Y.—Advertisement.

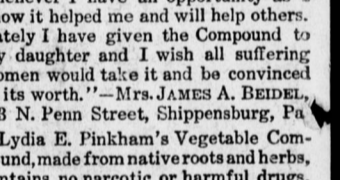

MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

MRS. JAMES A. BEIDEL
