BASEBALL WAR ON; FEDS READY TO FIGHT

Schedule of New League Has Conflicting Dates; St. Louis Browns Jump

The announcement yesterday that the St. Louis Browns were jumping to the Federal League and the publication of the Federal League schedule showing many conflicting dates with those of the National and American Leagues is, in the opinion of many fans, the first real gun in the baseball war.

Future developments will be watched with unusual interest. The commanders-in-chief of the major league forces are: Governor John K. Tener, Nationals; Ban E. Johnson, Americans; James A. Gilmore, Fed-

Special to The Telegraph St. Louis, Mo., April 10.—The first battle in an openly-avowed war between organized baseball in this and the Federal League was staged here yesterday and the younger league retired with an American League pitcher added to its ranks and an American League catcher said to be on his way to join the Federals.

Earl Hamilton, left-handed pitcher for the St. Louis Americans, went to Kansas City today in company with George Stovall, manager of the Kansas City Federal team, which Hamilton announced he had joined.

Last night Clem Clemons, catcher for the St. Louis Americans, announced he would depart for Chicago on a late train, but he would not admit nor deny published rumors that he had joined the Chicago Federals team.

Baseball Clash Is Now Sure and Certain; Many Dates Conflict

Chicago, Ill., April 10.—The Federal League will conflict with organized ball in 275 games this year, according to its schedule, which was announced yesterday by President Gilmore.

The impossibility of avoiding conflicts entirely was recognized at the start, but Rickard eliminated many of them that at first it seemed probable would have to stay in the schedule. The fact that Baltimore and Buffalo, for instance, are in one section in the Federal League and in different sections in the International made it impossible to arrange the chart that both clubs would be away when their competitors were home. Similar conditions governed Kansas City and Indianapolis, and Brooklyn and Pittsburgh.

The greatest number of conflicts take place in St. Louis, where the Federal leaguers will compete with the American and National League teams in seventy games. Chicago is next with about fifty-eight conflicts, Kansas City has thirty-four, Indianapolis about twenty, Pittsburgh twenty-seven, Baltimore twenty, Brooklyn twenty-one and Buffalo twenty.

The opening of the season will spread over several days. Only one game will be played on April 13 when Buffalo opens at Baltimore.

On April 14 Pittsburgh starts the campaign at home with Brooklyn. On April 16 Indianapolis opens the season at St. Louis and Chicago at Kansas City. Home games in Chicago and Indianapolis will be played first by Kansas City and St. Louis April 23.

LOCAL BOWLERS WILL GO TO ATLANTIC CITY

Two Crack Teams Picked to Start Work During Next Week; Contests Open Today

Contests in the annual competition of the National Bowling Association open at Atlantic City to-night. Harrisburg will send two teams of five men each and in all probability will start their games next week. The tournament will close April 23.

By grouping the teams from the various cities throughout the United States every team will have an opportunity to get some recognition. While Harrisburg players may not figure in the National championships, the local bowlers have equal chances to make a record that will place them in the same class as the champion bowlers of the United States.

In the various contests 500 bowlers are entered. The Philadelphia open contests. The first squad includes: Brunswick No. 1, Brunswick No. 2, Pirates, Agassiz, Casino Colts, West Philadelphia and Maneto, of Philadelphia, and Brunswick Employees, of New York city, as the eighth member of the squad. On the second leg, Rexals and Kilmot, Philadelphia; Camden, of Camden, and Electra, of Montreal, Can., will roll. The individuals and two-man teams start competitions.

"Lucky Punch" May Make Him Champion

The husky young middleweight of Brooklyn, who has occupied the center of the pugilist spotlight since he recently knocked out George Chip, of Pittsburgh, in the first round of a scheduled ten round bout at the Broadway Athletic Club, Brooklyn. Many fight fans refuse to believe that McCoy's feat was anything but a lucky punch. They say that Chip was overconfident and too careless. The fact remains that McCoy made the best of a wide opening and sent across the wallop that brought home the bacon. McCoy has been known as more or less of a timid boxer, but his followers now declare that his victory over Chip has instilled him with an enthusiasm and courage that will carry him to the top of the middleweight scramble.

Browns Start Intrenchments; Cut Out Ten Day Release Rule

Federal League Magnates Must Hunt For Another Reason to Hold Their Players

St. Louis, Mo., April 10.—After the loss of Earl Hamilton to the Federal League yesterday and the announcement of Clem Clemons that he would go to Chicago to-day, where it is said, he, too, will join the new league, the local American League club to-day began building intrenchments to protect itself from further onslaughts by the Federals.

The first and strongest defense the Browns' president has thrown about his players, it became known to-day, was the elimination of the ten-day release notice from all 1914 contracts. This clause had given the club right to drop any player upon ten days' notice.

The Federal League, in its attempt to retain Hamilton, it is said, will argue the lack of mutuality in the ten-day release clause. President C. C. Madison, of Kansas City, said: "We have George Baumgardner and Gus Williams, of the St. Louis Browns, under ironclad contracts to play with the Kansas City Federal League, and other Browns have expressed a willingness to sign contracts with us. "If the American League makes a step to prevent Earl Hamilton from playing with us we will not only take steps to enforce our contracts with Baumgardner and Williams, but we will sign other Brown players."

MAY LIFT LIMIT RULE TO BLOCK THE FEDERALS

Philadelphia, April 10.—Connie Mack, manager of the Athletics, who has returned home from the South, where he has been watching the Yankees at work, declared yesterday that he had not been notified that the limit rule on players had been lifted.

It was reported that in order to prevent the Federal League from signing players turned back to the minors by the big league clubs the national commission had decided to abolish the limit rule which compels clubs to reduce their lists to twenty-five players by May 15.

Manager Mack said, however, that a

KNOW KILLIFER'S FATE SOON

Grand Rapids, Mich., April 10.—Attorney Stuart E. Knappen, representing the Chicago Federal League club, yesterday made what he considers the equivalent of another base in the baseball struggle in United States District Court here when he presented additional references to Judge Clarence W. Sessions, in the Killifer injunction case. It is not probable Judge Sessions will deliver his decision before Saturday.
