plant from federal gunboats. Grave fears are felt here that there may be wholesale destruction of the property.

Assurance was received that all American women and children have been gathered into places of safety.

Reports Summarized Latest reports to the Navy Department were summarized in this statement:

At 3 p. m. Thursday Admiral Mayo reported from Tampico to Admiral Fletcher at Vera Cruz that there had been but desultory firing since day-break. Two women have been reported hanged for attempting to release prisoners from Cuernavaca. A constitutional prisoner has been reported hanged for having bullets in his possession.

At 10 p. m. Admiral Mayo reported further that there was a lull in the fighting during the afternoon. The Vera Cruz moved up to the vicinity of Toluca road at 3 p. m. and did some firing. There was also fighting in the vicinity of Altamira. Admiral Mayo has delivered another letter to General Zaragoza relating to damage by gunboats to the Pierce oil plant. An oil tank at Arbol Grande was on fire at 8 p. m.

Removal Not Desired Sixty women and children have been taken on board the Des Moines, and all American women and children have been taken up to the points on the river below the city except at Labarra. Those who were there have gone aboard the German tanker Osa. Admiral Mayo emphasizes that refugees desire refuge, not removal.

Secretary Daniels said that he had not been informed of the issuance by Admiral Mayo of any ultimatum to the federal commander at Tampico to cease firing from the gunboat into the city.

Monterey is said to be quiet.

order to make a complete estimate of his losses. He got a number of books and papers from the safe, and from one of the rooms which was reached only by water. The Aughinbaugh Press officers will be located in the Star-Independent building for the present. Arrangements were also made to have the firm's linotype work looked after at night, at the Star-Independent plant asked regarding a rebuilding of a plant. Mr. Kuhn said: "On account of the walls having been weakened, the building will be rebuilt by the owners. The work of

tearing down the present structure will start as soon as the insurance has been adjusted and the place cleaned out. I will be better able to give an estimate of my total losses after experts have examined the machinery.

State Copy Is Safe Copy for all of the State publications damaged or destroyed in the fire which wrecked the establishment of the Aughinbaugh Press, former state printers which had several unfinished state contracts, has been found by A. Nevin Pomeroy, state superintendent of public printing and binding, with exceptions of a few minor reports. "We found the copy in the store room at the Capitol where it was sent as rapidly as used last year," said the superintendent-to-day. "This storeroom of the establishment last year after the fire at the printery and I am mighty glad that our checking up shows that we are in good shape," said he.

This means that if the unbound Legislative Journal, index and appendix are found to have been burned or ruined by water that they can be replaced. The printed sheets of the legislative publications have been located in the ruins and will be examined to see how much can be saved. Over 15,000 copies of Smull's legislative handbook, for 1913 including about 3,000 bound copies, were destroyed. About 16,000 copies had been delivered. Hundreds of volumes of state reports were either burned or water soaked, but the type for all of them is believed to be serviceable.

Final Appointments May Be Made Tuesday

It is the hope of the City Council that with next Tuesday's meeting the few remaining appointments, which have been held under advisement, will be announced. As is known the position of Assistant City Assessor is still unsettled, those most prominently mentioned for this place being ex-Councilman Harry F. Sheesley, who has considerable opposition; S. H. Garland, A. M. Hamer, former clerk to the Board of Trade, and others.

ENGLISH POET ELECTED

Princeton, N. J., April 10.—At the April meeting of the board of trustees of Princeton University, which was held here yesterday, Alfred Noyes, the noted English poet, was officially elected to the faculty in the capacity of visiting professor of English. Mr. Noyes will lecture at the university at least one term of each collegiate year, and, beginning next year, will give the senior course in nineteenth century English literature.

Boy Charged With Killing Foreigner at Billmeyer Is Held For Court Trial

Special to The Telegraph Marietta, Pa., April 10.—Last evening the office of Squire Samuel B. Gramm was filled to overflowing, when Vivian Arnette, of Bainbridge, was given a hearing for the killing of the Slavonian man that Young Arnette employed at the J. E. Baker Company's quarries, and it was while the man was in a closet at the rear of the Arnette home that Young Arnette fired the fatal shots. Assistant District Attorney Eby was present in behalf of the Commonwealth, and John A. Malone represented the boy. Constable Collin of Bainbridge and other officials were present. Many witnesses testified and were cross-examined and at the conclusion of the hearing the boy was held in \$1,000 bail on a charge of involuntary manslaughter.
