

MEASTERY MILLINERY

We Are Going to Give You the

Best Easter Hats

You Have Ever Seen For the Money

Unusual trade conditions and our extensive facilities for buying—our great force of milliners who have been with us for many years—give us a decided advantage over other stores and enable us to give you better values.

THESE ARE PLAIN FACTS!

Our Popular Priced Hats at \$3.93, \$4.93 and \$5.98

Are of a higher standard than those usually sold at these prices.— Besides—

Our Assortment Is Larger—It is so much more satisfactory to buy here.

We make quite a specialty of small black and colored Hats for middle-aged women.

We Sell Them at \$2.98 and \$3.98

and they are more classy than the usual run.

On Children's and Misses' Hats we stand alone!

No store gives you such good looking hats for so little money.

We sell pretty handmade Silk Braid Hats for **\$1.98**, and the fine little hemp shapes, turned out in our workroom, and priced **\$1.98 to \$2.98**, are unusually good.

Higher Grade Hats—the kind which parade under various advertised names—with fancy hat labels and which sell at such fabulous prices as \$10.00 to \$15.00.

You Will Find Here at \$6.98, \$7.98 and \$8.50

There is positively no difference—and if there is, it is in our favor—because our styles are moderated to suit local trade.

Everything else is as good—material, workmanship, style-ideas and color combinations are identical. If we are wrong we are willing to be convinced.

EXCLUSIVE HATS, Newer Ideas and Different From Others Are Put in Our French Room.

They cost no more because they are placed here—only the hats and the materials are better—and they are not the same kind of hats which we show on our millinery floors.

Yet the prices are moderate.

Useless to Say Much About Our Trimmed Hats and Trimmings

Our reputation is so well established. Every woman in this vicinity knows that we carry by far the largest variety and that our prices are ALWAYS THE LOWEST—quality considered—and that there is nothing new shown at any time but you'll find it here first.

Hold Lively Discussion on Panama Canal Tolls

After two hours of debate on the Panama Canal tolls, which caused a lively discussion, at Washington Camp, No. 8, Patriotic Order Sons of America, last evening, the matter was laid on the table for one week, owing to the lateness of the hour.

The contestants of last evening were Frank Linsey and W. E. Franklin, who opposed free tolls for coastwise trade, versus Ed. H. Weigle and W. H. Best, who favored free tolls. The argument will be finally closed next Thursday by a vote of the camp.

J. F. Rohrer, Realty Man, Is Eighty Years Young

Miss Kraus has come to this city to show women that the corset is freely recommended and prescribed by physicians, provided that it is properly adjusted. She began the first of a series of lectures yesterday to be held at Dives, Pomeroy & Stewart's on hygienic corset wearing.

"Hubby will not be called from the garage nor from his evening paper to help unfasten a stubborn clasp, or will a woman feel that dreadful crushing pain over the stomach after a hearty dinner which makes her rush home to get off her corset," said Miss Kraus, "when women learn the art of adjustment, of which simple, all-important means women are wholly ignorant."

"A corset is like a doctor's prescription," continued Miss Kraus; "it is ineffective unless properly taken—that is, properly adjusted."

In her talk she showed how women suffer from unhygienic corsets, which are the cause of thousands of surgical operations every year among women.

To demonstrate her points more clearly Miss Kraus used living models. Two most attractive young women who were chosen as models appeared in dainty boudoir attire and effectively proved the comfort of scientific corseting.

Miss Kraus' charming personality and deftness in demonstrating made her lecture most pleasing to the large audience of women who gathered to hear the means of guarding of women's health.

Miss Kraus will give two more lectures in her series of talks, one on Tuesday and one on Thursday of next week.
