SPRING INSPECTIONS ON P. R. R. LINES

General Superintendent George W. Creighton Made His First Trip Yesterday

Annual Spring inspections of the various divisions under the direction of General Superintendent George W. Creighton, of the Eastern division of the Pennsylvania Railroad, are now in order. Weekly trips will be made to ascertain what improvements are needed.

General Superintendent Creighton and party passed through Harrisburg yesterday en route to Philadelphia, where they started an inspection of the Schuylkill Valley division. This branch of the Pennsylvania Railroad recently inaugurated new train service. Additional tracks afford opportunity for better accommodations, and it is understood that other changes will be made between Philadelphia and Reading.

With General Superintendent Creighton were A. B. Cuthbert, principal assistant engineer; Robert K. Readings, superintendent of motive power, and W. P. Taylor, chief division operator. At Philadelphia these officials of the Schuylkill Valley division joined the party and went over the division.

Superintendent G. R. Snickinson; J. P. Charlton, W. E. Gormley, P. E. Lightfoot and J. E. Ayers, division engineers.

Trainmen's Ball Thursday. — With many acceptances to invitations, the Brotherhood of Railroad Trainmen anticipate a large crowd at the annual ball to be held at the Hill Academy, Thirteenth and Market streets, Thursday night.

Bread and Butter Extra. — Notices were posted in all Pennsylvania Railroad restaurants yesterday, and attached to dining car menu cards, placing bread and butter on the extra list. The additional cost will be ten cents.

Engineers Protest. — A resolution protesting against the organization of the Pennsylvania Railroad Employees Mutual Benefit Association, was passed by the William H. Morne Lodge, No. 62, Broadway Limited, between New York and Washington, the price of a table d'hôte dinner has been raised from \$1.40 to \$1.25.

STATE FISHERY WORK UNDER WAY

Shad Will Be Planted in the Susquehanna River This Year

TROUT SEASON ON TOMORROW

New Commission Gets Down to Hard Work; News of the Capitol

"Planting" of young trout is to be continued in the trout streams of the State as long as conditions permit and it is not believed by State Fishery officials that the opening of the trout season tomorrow will interfere with the planting of trout. Thus far over 1,000,000 yearling trout have been placed in streams and probably a quarter million more may be distributed. The fish are now being placed in northern counties.

The trout season, which opens tomorrow, is expected to be excellent because of good reports made under the law each fisherman can take up to forty trout in a day but every one must be six inches or longer. The State police will cooperate with the fish wardens in enforcing the law.

Shad propagation is to be undertaken in the Susquehanna river as soon as it is possible to obtain the eggs. There are now in the lower reaches of the Susquehanna but the water in the river is so cold because of the melting of snows that they will not come up for some time. Preparations for active work in propagating shad are being made. The State successfully "planted" shad in the Delaware last year and the completion of the shad hatchery at Torresdale, for which bids are being opened in Philadelphia to-day, will enable more extension in this direction.

Completing Rules.—Drafting of the State regulations which are to govern the operation of moving picture theaters in the State will be completed before May 1 and it is probable that the State Board will promulgate the rules after its meeting in the second week of May. The committee of theater owners, architects, state and city officials in charge of the framing of the code is to meet here next week to discuss details of the proposed code. Officials of the State Building Code Commission will meet with them.

The Normal Schools.—It is expected that the negotiations for the acquisition of the California State normal school will be completed at Pittsburgh next Saturday when the members of the State Board of Education and Auditor General will meet to meet with people interested to go over the affairs of the school. The State will probably take title to the Lock Haven State normal school within a few days, final steps being arranged for to-day. The State board will name the trustees for the schools later on and it is possible that within the next sixty days the purchase of the other five State normal schools will be effected.

Will Go Far.—The new Economy and Efficiency Commission resumed work at the Capitol to-day, preparing letters to heads of State institutions and boards in which statements are asked as to number of employees, division of labor and salaries and wages. The question of methods of payment, whether by salary or day wages, has gone into and there is also likelihood that the hours on Capitol Hill will receive attention. Several of the departments have longer hours than others. One of the objects which will be studied will be the proposition to establish a mailing department where all letters may be stamped and where such as are required to be addressed by machinery can be handled. Now such department handles its own mail and it is believed that considerable time and expense may be saved.

Senator Here.—Senator Joseph Heck of Montgomery, was at the Capitol to-day.

Meeting Tuesday.—Notices have been issued that the Public Service commission would meet on Tuesday.

Granted Permit.—Commissioner of Health Dixon has granted a permit to the West Reading Water Company to build a rapid sand gravity filtration plant on condition that it begins work at once. This company was sued by the State for failing to get busy.

Ex-Governor Here.—William A. Stone, ex-governor, is here to-day to attend the Woodman Lumber Company suit against the State for extra work at Cresson Sanatorium. James Scarlett is also counsel in the case.

GARDEN SCHOOLS TO OPEN ON APRIL 25

Children Will Be Charged Small Rental For Their Plots

Commission Will Have Complete Control of Borough Parks and Playgrounds

The fifth season of the Steelton Civic Club's garden school on Cottage Hill will officially open Saturday morning, April 25. This was decided at a meeting of the executive committee of the Civic Club at the home of Mrs. J. M. Henry, yesterday afternoon.

The school this year will be operated under the same rules as formerly. Children will be charged the nominal sum of five cents rental for their plots and the larger family plots will be given to families having no other plots. No applications will be accepted for plots before some day next week. Announcement of this date will be made later.

Mr. G. P. Vanier, chairman of the Garden Schools Committee, announced this morning that a number of prizes would be given to the children for the best products raised on their plots. No child will be eligible for a prize who allows any older person to help care for their plot. The amount of the prizes and the number will be determined later in the year.

There will be no formal opening this year. The applications will be received and filed in order and as soon as the plots are assigned the children will be asked to set to work tilling the soil and preparing for the five cents rental is charged in order to install a feeling of ownership in the minds of the youthful gardeners.

Miss Freeburn Weds at Home Easter Evening

A pretty wedding was solemnized on Easter Sunday at the residence of the bride at the home of the bride's parents, Mr. and Mrs. Walter M. Freeburn, 270 Myers street, when Miss Bertha Freeburn was married to Guy C. Walters, of Cambridge.

The ceremony was performed by the Rev. Mr. Royer, pastor of the First Methodist Episcopal Church, in the presence of a large number of relatives and friends. The bride wore a suit of tan, with a sash that matched a corsage of sweet peas and bride roses. Miss Ida Matchett, of Steelton, was the bride's attendant and she wore a corsage of pink roses. Miss Emma Smith, of Steelton, played the wedding music and wore a crown of old rose silk and a corsage of sweet peas and daisies. Charles Kreig, of Harrisburg, was the best man. Immediately after the ceremony a supper was served to seventy guests.

Mr. and Mrs. Walters left for their new home in Camp Hill, Pa. The guests were the Rev. Mr. Royer, F. B. Wickersham, Mrs. F. B. Wickersham, Brewster, Robert and James Wickersham, Mr. and Mrs. W. A. Funeral Services for Mrs. James Adams who died Friday night at the Harrisburg hospital from being accidentally shot in the forehead by her daughter a few weeks ago, will be held to-morrow afternoon at 2 o'clock at her home in Biglerville.

On the night of March 31, Mrs. Adams was accidentally shot by her 18-year-old virgin, who was cleaning a revolver at her home.

MIDDLETOWN FIRST PARK BOARD

Collin S. Few, E. O. Hendrickson, W. J. Hoop.

These are the members of Middletown's first Park Board appointed by the borough council in regular session last evening.

The ordinance creating an official park board to have supervision over the borough's beautiful new park along the banks of the Swatara Creek, passed on third and final reading last evening. Burgess Thomas Jr. signed it immediately and appointed the men who have been named as members of the new commission.

This commission will have complete charge of the borough park and any playgrounds that may be established. It will formulate its own rules which must be approved by council and will be required to make a yearly report to council.

The finance committee reported that the borough had a balance of \$733.10 in the treasury after all bills were paid. Fire Chief Peers reported he has several fire trucks needed repairs. Permission was given by the Rescue Hose Company to build a log cabin on the vacant lot in the rear of its hosehouse. This cabin will be burned during the celebration of July 4. The second week in May was set as "Clean-up week."

GIRLS WILL SING

The Junior Girls' Glee Club of the High School will sing several selections in the big vaudeville show to be given the evening of May 7 for the benefit of the Steelton Athletic Club. The Girls' Club is composed of twenty-five voices and is under the direction of Professor William Harclerode. The reserved seat sale for the vaudeville show will open at Frum's jewelry store, May 2.

MIDDLETOWN \$150 TO START ATHLETIC CLUB ROOM EQUIPMENT

The new rooms of the Middletown Athletic Club, in the Rewalt Block, will be elaborately fitted up to furnish the members with a parlor and a gymnasium. At a meeting of the executive committee Friday evening \$100 was appropriated for carpet and furniture for one of the rooms. Another \$50 was set aside to purchase the first equipment for the gymnasium. As soon as the money can be raised the rooms will be fitted out in a still more elaborate style.

At the executive committee meeting Friday the new suits for the baseball team were ordered. The uniforms will be neat gray trimmed with the club colors of red and blue, and red and blue-striped stockings.

The Rev. Dr. H. F. Hoover baptized forty new members in the Church of God Sunday morning.

The Rev. W. R. Riddington, pastor of the Methodist Episcopal Church, left yesterday for Scranton, where he will bring Billy Sunday speak at several of his meetings.

A reception was given last evening in the Sunday school room of the Lutheran Church to the members of the church. A musical program was followed by refreshments and a social hour.

Packard Cars Licensed Under Kardo Patents

With the news that Packard cars are fully licensed under the important patents of the Kardo Company, patrons have expressed a keen interest in the developments which have led up to this announcement.

For some time past three prominent manufacturers covering the front and rear axle constructions generally in use. There has been talk of litigation among these manufacturers, but they have wisely adjusted matters by mutually exchanging licenses under these axle patents.

The agreements providing for this interchange of patent rights were followed by the incorporation of the Kardo Company, which now owns all the patents involved. Other concerns wishing to avail themselves of licenses under the Kardo patents now have the opportunity to do so.

It's Easy to Peel Off All Your Freckles

The contrast between the freckles and the clear skin usually is so great that to bleach the face is not a particularly successful in obliterating the disfigurements. Ordinary mercurochrome wax is far better; it literally peels off the freckles. Get an ounce of it at the nearest drug store and to-night spread on enough to completely cover your face; remove in the morning with warm water. Repeat daily until every freckle has disappeared.

Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effort is decidedly worth while, the new complexion obtained being so clear, smooth and youthful.

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For this reason, if you suffer from indigestion, you are usually a sufferer from their diet all starch, sweet or fatty nature, which tends to keep up a miserable existence on kitchen products. I would suggest that you should try a meal of any food or foods which you may desire, in moderate amount, taking immediately afterwards a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual gastric acidity, nervousness and fullness, you will find that your food agrees with you perfectly. Bistour food agrees with you perfectly, best food corrective and antacid known, has no direct action on the stomach; but it acts on the delicate stomach lining, does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine, but I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the cause of all the trouble. Get a little Bistour, magnesia from your druggist, eat with moderation, your next meal, take some of the Bistour magnesia directed above, and see if I'm not right."—Advertisement.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy flesh, there is should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to ten pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put. Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten into rich, firm, producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the body can readily accept. All this nourishment passes from your body as waste. But Sargol stays in the body, and does it quickly and makes the fat-producing contents of the very same meals you are eating now develop into pounds of healthy, firm flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Geo. A. Gorman and other leading druggists in Harrisburg and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.—Advertisement.

CUTS THROAT WITH BARE SAFETY RAZOR

Theodore Criswell, of Waynesboro, Contemplated Suicide For Three Years

Special to The Telegraph Waynesboro, Pa., April 14.—Theodore Criswell, a member of one of the oldest and most prominent families in this section of Pennsylvania, attempted suicide at his home here last night about 10:30 o'clock, and is in a precarious condition from the wounds and from loss of blood. He used a safety razor, but removed the shields and then made several deep gashes in his throat. Dr. J. W. Croft and Dr. S. B. Thomas were hurriedly summoned and have been making every effort to save the man's life. The physicians do not hold out much hope of recovery, as he is in danger of strangulation or pneumonia. Criswell has been worrying for some time over his inability to get along and says he has contemplated suicide for three years. He was employed by the old Geiser Manufacturing Company as a foreman until that concern was taken
