DEMOCRAT BLAMES HIS PARTY FOR WASTE Chairman Fitzgerald, of House Appropriations Committee, Tells of "Sickening" Record

Washington, D. C., April 14.—The last national Democratic platform contained this provision: "We denounce the profligate waste of money wrung from the people by excessive taxation through the lavish appropriations of recent Republican Congresses, which have kept taxes high and reduced the purchasing power of the people's toll. We demand the return to that simplicity and economy which befits a Democratic Government and a reduction in the number of useless offices, the salaries of which drain the substance of the people. It is becoming evident every day, as the bills pass the House, that the period of economy promised will not appear. The appropriations may amount as high as a billion dollars."

AT THE COLONIAL "Who's Got the Papers?" is the title of a very clever farce comedy that heads the Easter festival at the Colonial. A capable cast of players brings the piece to success that is justly merited, and that this is a very lively and funny situation. Billy and Edith Adams present a neat song, dance and sketch, and that this is a very unusual and unusual in the way of a musical novelty.—Advertisement.

PALACE THEATER TO-DAY At the Palace Theater to-day the famous Eclair stars, O. A. C. Lund, Barbara Tennant and Julia Stewart are featured in two of Eclair's latest two-reel features of the northwest. The first in which a man his life, entitled "When God Will." To paint a word picture as dramatic stirring and pathetic as this drama would require a pen far more skillful than ours. Did you ever read a story completely lost in a world of unconscious of all that surrounded you, living as it were, with the characters moving before you, experiencing their joy and sufferings? Well, that is what "When God Will" is. You forget yourself in following it, in the delicious but firm grip it takes upon your interest. "Adrift" is another story of the Canadian woods, delightful in its sentiment and possessing vivid incidents carried along in swift moving action. More beautiful, picturesque settings and perfect film coloring could not be imagined.

"The Sheriff's Deputy," a frontier western drama featuring Arthur Allardt and Eddythe Sterling is another feature. Harry Schumm and Leonard Clouser contribute one of their best comedies, "Won in the First," in which the confusion of dressing and leaving the train, a minister and a prizefighter get coats mixed. The minister is welcomed as the prizefighter, and the prizefighter as the minister. Both are pressed into service and both excel.—Advertisement.

STRAW-CLOUSER WEDDING Halifax, Pa., April 14.—Forest Levi Straw, son of Mr. and Mrs. Levi Straw, of Halifax township and Miss Margaret Clouser, daughter of Mrs. Jacob Landis, of Halifax township, were married at the home of the bride on Easter Sunday by the Rev. J. O. Baer, pastor of the Church of God of Matamoras.

to reduce the mileage paid members, and it has continued the practice of paying mileage at the rate of 20 cents a mile going and coming from the sessions. It refused to save over \$160,000 in expenditures for mileage, and added \$132,000 more to the payroll for our secretaries than was paid by Republican Congress.

"I cannot say anything more than I did on the floor. I said then and reassert it that the Democratic party is piling up public expenditures unnecessarily. Many members of the majority, in combination with the minority, are outwitting the Democrats favoring economy. The record that the Democratic party will make at the end of this Congress will be sickening unless the appropriations are reduced in the Senate—a practice that has not been customary. The Democratic party must shoulder the blame of a group of men."
