Sophomore - Physical geography, English, mathematics, free-hand drawing, public speaking, with choice of electives...

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed...

You can get it at any drug store, but be careful not to accept a substitute. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 601 Swift Bldg., Atlanta, Ga.

RATTLESNAKE HEART CONSUMPTION CURE

[Continued from First Page]

many a rattler from the rocky glens of the Adirondacks to the lowlands of California.

Crawford spent yesterday in Robert's Valley, above Rockville, and emerged from thence with two very nice specimens of the rattler. This morning he wended his way down Market street with an innocent looking lard can containing the venomous reptiles.

The Snake King went into the Central Hotel, Market street, and laying the can on the floor, told Bar-tlett that he had a couple of snakes there and wanted to "leave 'em." Garman thought the old boy didn't look much as if he had the snakes, but took the stranger's word for it.

But it would have been perfectly safe, as Mr. Crawford explained, because the snakes don't get lively until warmer weather comes on.

It must be remembered that Mr. Crawford is a genuine snake expert, particularly on rattlesnakes, having supplied circuses and sideshows and museums with these reptiles for many years, besides enjoying a brisk trade in rattlesnake oil.

Explaining the method of catching and handling these snakes Crawford says that all you do is to walk up and pick the snake up behind the head. "No snake will bite unless it's coiled as for a strike."

How to Cook Rattlesnake "And I tell you," the snake king went on, "that there isn't any better eatin' in the world than a rattlesnake. You may not believe it, but it's true."

Another set of statistics for the first quarter of the year relates to new or initial dividend payments, increases and reductions in rates.

The merchant in securities or the investor, however, is expert analysis of a company's condition and prospects remaining at about the same level.

The One Consumption Cure "The heart of a rattlesnake is good for consumption," assured the king, "if you eat it while the snake is near alive. About six years ago I cured Mrs. Shuck of Schuylkill, who was then livin', after all the doctors had given her up. I brought the snake and cut it open and she swallowed the heart before the snake died."

News Items From Points in Central Pennsylvania Special to The Telegraph Lancaster - Robert Phillips, 58 years old, of Atglen, was found early yesterday staggering along the Pennsylvania Railroad tracks near this city with a fractured skull.

Hazleton - The last wedding in the Reformed Church at Weatherly was solemnized there when the Rev. Dr. A. M. Masonheimer officiated at the marriage of his daughter, Miss Elva Masonheimer, and Harry E. Tyson.

Mauch Chunk - Attorney Ben Branch was appointed by Judge Barber yesterday to assist District Attorney Chester G. Seizer in the prosecution of Oscar Fritzing, who, it is alleged, confessed to the police at Norfolk, Va., several months ago to the drowning of his wife in the Lehigh Canal at Weisport in April, 1911.

Norristown - By the will of Harry T. Hunsicker, ex-Recorder of Deeds of Montgomery county, his estate, valued at \$50,000, is equally divided between his wife and three children.

Coatesville - James McCully, Valley township, was held up and robbed by a negro while on his way home from Coatesville late Monday night.

Towanda - Death in peculiar form came to Charles E. Taylor, aged 45, a railroader. He was caught under a trolley and a lead pencil in his vest pocket was pressed into his breast to a point near the heart, causing death.

Media - A coroner's jury investigating the death of William McNeil, who was shot by Policeman Jonas Gee, in Morton on March 17, and who died the following day in Taylor's Hospital, Ridley Park, exonerated Gee from all blame.

THE Harrisburg Polytechnic Dispensary will be open daily except Sundays, at 3 P. M. at its new location, 101 North Second street, for the free treatment of the worthy poor.

Passing Impressions of Finance By H. L. Bennet

[Continued from First Page]

Nothing is constant but change, and yet their power is transported by wire from some waterfall in the far-away mountains, he would be mystified. And a great change has come over the investment markets, too.

It is only in part a coincidence that the rise of public utilities to the position of standard investments and the growth of the investment banker as an economic factor have been contemporaneous.

The Standard Oil stocks, which have been favorites of both investors and speculators during the last two years, have just experienced a sharp decline in price.

Adverse criticism of the country's business situation was aroused by a decline in new orders booked by the United States Steel Corporation during March.

Some merchants in securities are more dependable than others, just as in all lines of business. Tons of paper and ink have been expended in trying to guide the investor aright in his selection, and a false impression of a great industry is too often created by suppression of the bad.

Public utility companies, in the current acceptance of the term, are those operating electric light and power, gas, telephone, telegraph, water works and traction properties.

Another set of statistics for the first quarter of the year relates to new or initial dividend payments, increases and reductions in rates.
