LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair

Gray hair, however handsome, denotes advancing age. We all know the advantages of youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyneth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advertisement.

BRONCHITIS SUFFERER

Takes Druggists' Advice With Splendid Result.

If any one should know the worth of a medicine, it is the retail druggist who sells it every day in the week and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Uline of West Sand Lake, N. Y., says: "For years I was a great sufferer from bronchitis. Last July I had a severe attack and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did with wonderful results. My cough has left me; I have gained in weight and appetite and I am as strong as ever. I advise all who have bronchitis, chronic coughs, or who are run-down to try Vinol."

It is the combined action of the medicinal curative elements of the code's life, without aid of the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient in such cases.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. Geo. A. Gorgas, druggist, Harrisburg, Pa. Vinol is sold in Steelton by T. Prowell, P. S. Stop scratching, our Sazo Salve stops itching. We guarantee it.—Advertisement.

SNYDER COUNTY MAY BE "DRY" FOR YEAR

Error in Advertising Will Probably Invalidate Entire Court Proceeding

Middleburg, Pa., April 15.—Prominent members of the Anti-Saloon League of Snyder county, to-day stated that they hope to wipe out every liquor license in Snyder county at the license court April 27, on the illegality of the advertising and to show their position by filing a motion for judgment in the first place the advertisement for the license court was placed in but two newspapers, while the act of 1903 requires three newspapers, and the advertisement in the two newspapers was wrong, as it called for license court Monday April 28, and should have been April 27.

It was then tried to cover the error by issuing special editions of 100 copies of the Beaver Springs Herald, the Freeburg Courier and the Snyder County Tribune and mail them promiscuously, but not to all their subscribers, and this the Anti-Saloon League holds does not constitute a legal notice.

The liquor attorneys claim that the law does not specify a large circulation must be to constitute a legal notice and the Anti-Saloon League will probably admit this, but will make the contention that the manner of advertising is contrary to the spirit of the law, which is to give the people notice. Not a regular edition of a single newspaper had a correct notice and the sending of 100 copies of each newspaper, it is contended, is not a bona fide notice of the public of the coming license court.

If the Anti-Saloon League refuses to file remonstrances, they say they will ask Judge Johnson to rule the advertising illegal, and if every application must be refused and no new application can be made for one year. This would put Snyder county on the dry column for one year at least.
