Eczema Is Only Skin Deep HUERTA PROMISES TO

A few skin troubles originate in the blood. But very few. Dr. Evans, excommissioner of Health and a famous writer on medical subjects, says:

"We shall begin to make headway with skin diseases when we learn two things: first, that skin disease does not come from impure blood; second, that so-called blood purifiers have no such action."

Begin immediately to clear your skin. Stop that itching and burning.

You can do it with the aid of the wonderful D. D. D. Prescription, a cooling, refreshing lotion—not a salve or grease. It southes your tender skin, opens the pores, drives out the old impurities and gives you a skin like a baby—smooth and clear.
All druggists have D. D. D. We sell it on a positive no-pay guarantee.
You don't risk a cent. Don't suffer another day, Call at our store today. Ask also about D. D. D. Soap—best for tender skin.

An ex-governor of Pen.sylvania appeared at the counsel table in No. 2 room of the Dauphin county court this afternoon when the assumpsit trial of the Woodman Lumber Company against the State of Pennsylvania was begun before President Judge Charles V. Henry, Lebanon, specially presiding at the April term of Common Pleas.

The Woodman company had a contract to furnish lumber for the erection of the State Health Department's sanatorium at Cresson and the amount in dispute for materials totaled in the neighborhood of \$116,000. The attorneys were busy most all afternoon selecting the jury. The case itself may require the remainder of the week.

The former chief executive of the State who appeared as counsel was William A. Stone, Pittsburgh, He, with M. Clark Wattson, a member of the legislature, Bruce H. Campbell and John T. Brady, this city, represented the plaintiff while the State's defined for the plaintiff while the State's defense was handled by Deputy Attorney General William M. Hargest and James Scarlet.

"All is Well That Ends Well"

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with

Battle at San Pedro Was Bloodiest of War

San Pedro de Las Colonias, Coahuita, Mexico, April 13.—(Via Torreon, April 16.)—A survey of the battlefield of the last week shows that the battle for possession of this city which engaged practically the full forces of rebels and Federals, was the bloodiest of the revolution.

The battle was at its climax Saturday, Sunday and Monday and on the last day the rebel loss in wounded alone was 650 men. In all 1,200 rebels were wounded so seriously as to require hospital treatment during the engagement. The rebel dead may never be known owing to the wide area covered by the battle.

The Federal loss was at least 3,500 in killed, wounded, prisoners and "dispersed." By dispersed is meant those Federals who were separated from their commands and fled individually or in small detachments to the hills or into the desert, probably to perish there for lack of food and water. Twelve hundred regulars were captured by the constitutionalists.

Vera Cruz, Mexico, April 16.—Another communication was delivered to the Mexican government last night by Nelson O'Shaughnessy, American charge d'affaires.

Reports reaching here from the federal capital says that Provisional President Huerta is still determined not to sacrifice the dignity of Mexico by yielding to the demands of the United States.

The United States battleship Utah joined the Florida here to-day. The transport Prairie with marines on board is the only other American (warship here.

STARTED TO CHURCH LONG YEARS AGO FIRES MANY ROCKETS

Scene Laid in Boardinghouse and And 99-year-old Auntie Henrietta Has Been Going Ever

Is very familiar, owing to many reproductions, but the visitor is generally surprised to discover that Jackson had blue eyes and sandy hair. His voice and action had a peculiarly martial air to one English writer wno further said that he seemed to be "a human gamecock." Yet he could also see a lofty ideal of honor in the deep set eyes overhung by bushy gray eyebrows, the ridgy lines of the checks and forehead, and his white hair obstinately brushed back. Jackson was a popular subject, as was also Chief Justice Marshall, and again John Randolph of Roanoke, strong and rugged in character, in which the artist tried to find traces of his ancestress Pocohontas.

OFF CAPE PORPOISE

Name of Disabled Steamer Not Learned; Revenue Cutter Hurries to Her Side

By Associated Press

Kennebunkport, Maine, April 16.large vessel in distress was sighted off Cape Porpolse to-day. Rockets vere sent up from a point not far rom shore. northeast wind held strong. evenue cutter Woodbury started at nce from Portland to render assist

once.
One observer on shore saw fifty rockets between 5 and 6 o'clock. Another saw a number between 2 and 4. The vessel apparently was close in shore but the weather was so thick snore but the weather was so thick it was impossible to see any distance. There are many rocks in the vicinity. All coastwise steamers due at Portand were accounted for. It was thought some vessel bound to Ports-mouth, N. H., might have lost its way in the storm.
