INCREASE IN TAX RATE

Special to The Telegraph
Waynesboro, Pa., April 16.—Tuesday evening the Waynesboro board of education fixed the school tax at 9 mills—a mill higher than it was last year. This will yield the school board a revenue of \$31,500, or \$3,500 more than last year.

SERIOUS CATARRH YIELDS TO HYOMEI

Be wise in time and use the Hyomei Inhaler at the first symptom of catarrh, such as frequent head colds, constant sniffing, raising of mucus, droppings in the throat. Do not let the disease become deep-seated and you are in danger of a serious if not fatal ailment.

There is no other treatment for catarrh, head colds, husky voice or bronchitis, like the Hyomei method, none just as good, so easy and pleasant to use, or that gives such quick, sure and lasting relief. You breathe it—no stomach dosing. H. C. Kennedy sells it with agreement to refund your money if you are not benefited.

Try Hyomei once and see how quickly it clears the head, stops the sniffing, and banishes catarrh. Hyomei will help you to enjoy good health. All druggists sell it. Ask for the complete outfit—\$1.00 size.

There is a growing tendency among women of culture and fashion to pay more attention to hygienic means of preserving their charms. The advent of mercurized wax douches has been largely responsible for this. This remarkable substance produces complexions so natural in appearance, so magnetically beautiful, artificial complexions are no longer desired. Instead of "doctoring" an offensive skin, the skin is peeled off. The wax peels the skin so gradually, in such fine particles, no discomfort is experienced. The fresher, younger skin beneath, wholly in evidence within a week or two, is like white, satiny soft and smooth. It's not a patch-over complexion, but a brand new one. That's why mercurized wax has become such a rage among society folk. The wax is put on nights like cold cream and washed off mornings. All druggists have it; once you will do. Mercurized treatment now much in favor is one to remove wrinkles, made by dissolving 1 oz. powdered auxolite in ½ pint witch hazel. Used as a wash lotion it "acts like magic."

Wrightsville Couple Celebrate Golden Wedding

MR. AND MRS. JACOB BAIR

Mr. and Mrs. Jacob Bair Have Been Married 50 Years

Special to The Telegraph
Wrightsville, Pa., April 16.—Mr. and Mrs. Jacob Bair, residing on Helam street, have been busy this week receiving congratulations and letters from friends and relatives throughout the State, on the celebration of their golden wedding anniversary. They were married Easter Sunday, 1864, and all their wedded life has been spent at Wrightsville. Both are enjoying the best of health. The veteran groom works every day, having been janitor for many years at the public school building. He is one of the few men who lived along the York county shore during the rafting season, and at the dinner served on their fiftieth anniversary many reminiscences were told, including the burning of the bridge between Columbia and Wrightsville by the rebels the year before he was married.

Selinsgrove, Pa., April 16.—There's cause for genuine pride, which their splendidly equipped new rooms have aroused in the hearts of all members of Selinsgrove Lodge, No. 197, Independent Order of Odd Fellows. Deputy Grand Master Miles I. Potter, of Middleburg, officiated Tuesday night at the installation of officers. The men inducted into office were: Oscar Fisher, noble grand; John W. Michaels, vice-grand; Edward P. Zones, financial secretary; J. Boyd Wendt, recording secretary; Henry J. Doeblen, treasurer; and Norman Miller, trustee. The affiliates intend to celebrate their occupancy of the third floor of the F. J. Schuch building by giving a public reception and housewarming in the very near future.

This Skin Peeler All the Rage in Society

There is a growing tendency among women of culture and fashion to pay more attention to hygienic means of preserving their charms. The advent of mercurized wax douches has been largely responsible for this. This remarkable substance produces complexions so natural in appearance, so magnetically beautiful, artificial complexions are no longer desired. Instead of "doctoring" an offensive skin, the skin is peeled off. The wax peels the skin so gradually, in such fine particles, no discomfort is experienced. The fresher, younger skin beneath, wholly in evidence within a week or two, is like white, satiny soft and smooth. It's not a patch-over complexion, but a brand new one. That's why mercurized wax has become such a rage among society folk. The wax is put on nights like cold cream and washed off mornings. All druggists have it; once you will do. Mercurized treatment now much in favor is one to remove wrinkles, made by dissolving 1 oz. powdered auxolite in ½ pint witch hazel. Used as a wash lotion it "acts like magic."

Stough's religious campaign here, the membership has been greatly increased.

Starchy Food Necessary For Energy

But many persons cannot digest starch as found in ordinary food—hot biscuit, potatoes, white bread, etc.

In making

Grape-Nuts

FOOD from wheat and barley, the starch part of the grain, needed for body energy, is so thoroughly dextrinized by long baking (partially predigested) that the time of digestion is reduced—generally to about one hour.

(White bread about 3½ hrs.)

Many forms of stomach trouble disappear when proper, easily digested food is used.

Loss of Appetite in the Spring

Loss of appetite is accompanied by loss of vitality, vigor or tone, which is a more serious loss. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what they need for the proper performance of their function.

Ask your druggist for Hood's Sarsaparilla. It makes the rich red blood your whole system demands. It is not simply a spring medicine—but it is the best spring medicine.—Advertisement.
