### WESTBROOK CLASSES IN CLOSING DANCES

### Costume Fete Today For Small Folks Follow Last Night's Dansant

Folk dances, minuets and quaint cotillon figures were danced this afternoon at the closing fete of Miss Westbrook's dancing class for little folks. The Board of Trade was in gala array of yellow and white for the event and sixty children in attractive costumes, representing flowers, fairies, pixies and animals, enjoyed the fun, followed by refreshments. Showers of confetti and pretty favors added to the pleasure of the guests.

Last evening the older pupils of the Misses Westbrook held a soiree dansant in the Board of Trade, with the Loser Orchestra playing. The patronesses were Mrs. Edwin S. Herman, Mrs. Edward F. Doehne, Mrs. Horace A. Chayne, Mrs. E. J. Decevee and Mrs. Robert S. Williams. Japanese lanterns and yellow bunting gave a bright touch to the hall, and prettily decorated tables were all about; supper was served from the stage. On the supper committee were the Misses Martha Fletcher, Marjorie Mercer, Sara McCulloch, Craig Patterson, Margaret Pollock and Helen Cherrick Westbrook; Henry Abbott, Nelson Downes, Norman Forker, H. F. Robinson, Charles Segelbaum, Jr., and DeForest Lescure.

One of the prettiest figures was a moonlight dance with tiny flashlights twinkling all about the hall. Cerco came over from the Orpheum and on with his famous accordion-playing made the feet fly faster than ever. Mrs. Keown also gave much pleasure by her whistling numbers.

Mr. and Mrs. Daniel Shoemaker have gone home to Allentown after visiting their relatives. Mr. and Mrs. Henry Lee Dent, of State street.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O. ## FAMOUS SCULPTOR HAS RELATIVES HERE

### Frank Derwent Wood's Statue of Lord Chatham Celebrates Peace Centenary

Old Harrisburgers will be interested to know that the sculptor for the statue of Lord Chatham (William Pitt), presented to the United States government by the American women resident in London, with Lady Paget at the head, has relatives in this city. The statue, seven feet high, to be executed in marble, is the work of Frank Derwent Wood, F. R. A., whom the great artist Sargeant said was the only man to do it. Mr. Wood has acquired all possible material dealing with Lord Chatham, the great British statesman with whose career and services all Americans should be familiar, and has also studied the various paintings, engravings and statuary which exist of him. The statue will be presented in commemoration of the friendship of Pitt for the American colonies.

Frank Derwent Wood is the son of Alpheus Bayles Wood, who was born in Harrisburg, Pa., in 1826. His father was Nicholas Bayles Wood, a prominent member of the bar of Dauphin county in the early part of the nineteenth century. Frank Derwent Wood has three cousins residing in this city, Mrs. William Clarence Prouts, Mrs. John A. Westbrook and Mrs. George W. Mitchell.

## MT. CALVARY GUILD GIVES JAPANESE TEA

### Cherry Blossoms and Fair Oriental Maidens Will Be in Evidence

Members of the Woman's Guild of Mt. Calvary church, Camp Hill, with Mrs. W. S. Seibert, president, will hold a Japanese tea to-morrow afternoon and evening at the residence of Mrs. W. L. Rowland, Mrs. Rowland and Mrs. Charles W. Hardt will be the hostesses. Mrs. H. M. Staley and Mrs. Charles W. Goodman will preside at the tea tables. Assisting in serving will be the Misses Mildred Bell, Helen Bowman, Margaret E. O'Connell, Mrs. E. W. Kennerly, Alexina Bell and Elma Koser, all wearing quaint Japanese costumes. Miss Mary Albright will be "Mrs. Wigg of the Cabbage Patch" with the following girls helping her to root out the cabbages for the purchasers: Betty Hilleary, Virginia Shaar, Sidney Shaar, Sarah Rowland, Janet Ensign, Margaret Asselin, Helen Armstrong and Carolyn Rowland.

The delicatessen booth will be in the care of Mrs. Armstrong, Mrs. Bowman and Mrs. Whitney; common sense articles will be for sale by Mrs. Hilleary, Mrs. M. A. Brinton, Mrs. Fred Beecher and Mrs. Justus Ensign. The candy booth will be presided over by Mrs. Hoar, Mrs. Shaar and Mrs. Bausher.

The musical program for the evening in charge of Mrs. Ensign, will include a baritone solo by Lewis Manigault, soprano solo by Mrs. E. O. Pardoe, alto; Mr. Rowland, tenor, and Mr. Harrison, bass; Miss Sidney Shaar will play violin solo; one of the most interesting events musically of this post-Lenten season. She has chosen for an exhibition of her remarkably temperamental interpretation, her lovely tone, and quite unusual technique, the famous old Spanish "Follia" with its chaconne-like variations, by the great Italian master, Corelli, to open the program.

There are to follow some excerpts from the sonata for violin by Bach. The best known of the two concertos, the one in D minor, with its lovely and poetic romance and dashing finale, by that brilliant Slav, Henri Wieniawski, is to furnish the substantial musical pabulum of the evening.

A group of fascinating little violin classics, in part revisions of original old manuscripts, arrangements of modern compositions and two by the arranger, the famous Fritz Kreisler, come next. Then, as a closing tour de force, that so well known and remarkable transcription on themes from Rossini's "Mozley" and the transposed G string, by Paganini.

No comment is necessary on Miss Lerner's ability. We have had too recent and frequent opportunity to accord her as the best of this city's pianists, especially in her last season's remarkable recital. As a further guarantee of the artistic importance of the recital the accompaniments are to be played, as only he can, by Newell Albright.

### Thin Folks Who Would Be Fat

#### Increase in Weight Ten Pounds or More

A Physician's Advice  
"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin woman who has tried to put on weight, but in vain. It is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fat elements of food from being taken up by the blood as they are when from power's nutrients are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the digestive system must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet this action is perfectly natural and absolutely harmless. Sargol is sold by Geo. A. Gorgas and other good druggists. Every package contains a guarantee of weight increase or money back.

Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not be used by its remarkable flesh-producing effect, to be used by those who are not willing to increase their weight ten pounds or more.—Advertisement.
