Joe Moyer Says Wilson Administration Is Out of Joint With Americanism

Pottsville, Pa., April 17. - J. W. Moyer, former chairman of the Democratic committee of Schuylkill county and one of the leading lawyers in Pottsville, has formally renounced his

epoch which marked the birth of the Republican party. The senseless, pernicious and reprehensible efforts of the present Democratic administration to undo what has been so well done in the Philippine Islands; its failure to protect the rights, lives and property of American citizens, lawfully and peacefully domiciled in Mexico; its cowardly and well-nigh successful effort to surrender our sovereignty and give away our treaty rights in the Panama canal zone and canal; its arbitrary and autocratic dictation to Congress, no less than the servile obedience of its majority, all serve to disgust and drive away from its support every right-thinking man and red-blooded American citizen and lover of his country."
