TELL OF ENGAGEMENT AT SPRING LUNCHEON

Miss Caroline Shook to Marry C. Reno Hinkley in June

MISS CAROLINE M. SHOOK

Mrs. Frank L. Shook gave a luncheon at McCreery's, North Side, Pittsburg, to announce the engagement of her charming young daughter, Miss Caroline M. Shook, to C. Reno Hinkley, of this city. Covers were laid for ten. The decorations were of Spring flowers and the favors were toy cats in small silk bags, with cards attached to the bows on their necks, bearing the names of the betrothed.

The engagement will terminate in a June wedding. Miss Shook is a graduate of the Central High School, class of 1909. Mr. Hinkley, a member of the class of 1908, is employed by the Water Supply Commission of Pennsylvania.

Authors Club Closes Its Study of Germany

The Authors Club, meeting this evening with Mrs. John K. Royal, of Pine street, will close a most successful year of study of Germany with its literature and history. Papers will be presented by Miss Fannie L. Johnson on "The War of the Austrian Succession"; "Berlin," Mrs. Harris B. Wilson; "Seven Years' War—1756-63," Mrs. A. E. Shirey; and sketches of Frederick the Great, "His Administration During Peace," by Mrs. Howard R. Omwake, and "His Last Years," by Mrs. Royal. The annual meeting of the Authors Club will be held Monday evening, April 27, with election of officers and reports of the year.

BABY HAD UGLY CRUST ON HEAD

Covered Top of Head and in Eyebrows. Scalp Broke Out with Pimples. Did Not Sleep. Used Cuticura Soap and Ointment. Now Has Lovely Head of Hair.

Lyndell, Pa.—"My baby when about a month old got an ugly crust on his head, just a little on the top at first but it kept getting more until it covered the top of his head and was in his eyebrows. His scalp broke out with pimples which were small and they spread all over the top of his head just like a yellow rash. He was cross and did not sleep. I tried home remedies but nothing did it any good. It kept getting worse, until when he was about four months old I wrote for and received a generous sample of the Cuticura Soap and Ointment. Before the sample was all gone I could see quite a difference and bought some Cuticura Soap and a large box of Cuticura Ointment. I got the second cake of Cuticura Soap and used one box of Cuticura Ointment and he was entirely cured in two or three weeks. He has now a lovely head of hair and a nice clean scalp." (Signed) Mrs. Alma Rice, May 30, 1913.

For treating poor complexion, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Ointment have been the world's favorites for more than a generation. Sold every where. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

SENIORS ANTICIPATE SUCCESSFUL STAGING

High School Students Rehearsing For Production at Close of Term

MISS HELEN WILSON

BOAS SITES

Have you solved the mystery? It isn't here it is. The seniors at Central high school are to give a play. Did you ask the name? We have it at last—"Jedbury Junior," by Ryley. Never before has the senior body undertaken a play of its kind, but with two such students for hero and heroine in Boas Sites and Miss Helen Wilson success shines ahead. Selected from the entire senior class, Miss Wilson and Mr. Sites are unusually adapted to their difficult parts, Dora and Jedbury, Jr.

The play is an English one of modern times, extremely comical, pathetic in parts, and possessing a deep underlying moral. The entire cast is arousing the envy of every student at Central on account of the amusement created at the rehearsals and much surprise is shown at the cleverness of many of the actors. The cast will include over twelve principals beside choruses. Much time and thought are being spent on the charming costumes and decorations.

Extensive plans are under way for the play, which, under the entire charge of Miss Annabel Swartz, will be given early in June at Chestnut Street Auditorium.

A WOMAN DOCTOR

"Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal, healthy condition, it would cause many of the "temporary" ailments to disappear, so that motherhood might become the joy of their lives.—Advertisement.

PROLONGING LIFE BRIGHTS DISEASE

It is hard for physicians who have had nothing but failure in chronic Bright's Disease to believe that there is such a thing as recovery and many honestly feel that patients reporting recoveries under Fulton's Renal Compound are but temporarily benefited. Let us refer to the case of the daughter of the late N. W. Spaulding, formerly U. S. Sub-Treasurer of San Francisco.

After her father "had spent ten thousand dollars" in efforts to cure her and the dropsy came and the end looked near she was put on Fulton's Renal Compound. To use the words of the physician, let us say that she was "temporarily benefited." We must now stretch "temporary" to twenty years, for it was twenty years ago, and she was living and attending to her household duties at last advice, in January, 1914.

The ability of Fulton's Renal Compound to oppose Renal Degeneration and reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT IN PHYSICS, and will mail formula for albumen test that will show the percentage from week to week. As the albumen declines improvement commonly follows, recoveries having been reported in thousands of cases. Send for formula literature mailed on request. John J. Fulton Co., J. H. Boher, druggist, 290 Market St., is local agent. Ask for pamphlet.—Advertisement.

Owing to the death of Mr. Herman Astrich the store will be closed until Thursday.

Coal Is Better Also 50¢ Cheaper

These are the two main reasons why you should order your coal this month for next winter.

Coal is better at the present time because the operators are not rushed with orders and more time is taken to prepare the coal properly—that is take out the slate and bone and make the coal nice and clean.

Coal is cheaper because the price was reduced 50c per ton on April 1 in order to keep the men working when the natural demand is low.

It will pay you big to order your next winter's coal this month. Do it to-day before you forget.
