HIGH SCHOOL TEAMS TO BE PICKED TO-DAY

Relay Races at Philadelphia Saturday Promise Many New Records; Practice Slow Because of Rain

Harrisburg High School relay teams to participate in the annual track meet at the University of Pennsylvania Saturday will be picked to-day, following daily practice. Steelton High will announce their team to-morrow. Rain has interfered with practice by the local teams, but it was expected that both the Central and Tech squads would be out to-day. Tech has been showing a big bunch of aspirants for track honors and the team expects to make good records in Philadelphia. It has been hard work getting the Central runners into form because of the present unsatisfactory arrangements at Central High. Athletes have been obliged to practice as they study, in periods. Pennsylvania's relay race program this year comprises no less than fifty-five events, forty-nine of these are track events. This does not include the heats for the 100 or the hurdles, so that probably fifty-five track events will be on the program alone. Only three minutes are given for the half-mile grammar school race, while but six minutes are allowed for the mile relays, which compose the bulk of the program. The program is so long that for the convenience of those who are interested only in the various teams, the races have been divided into various sections. The grammar school race will start at 1 o'clock and continue to 1.21. The parochial school race will consume the next six minutes. The high schools will have their ten relay races, in which nearly 90 high schools will compete, from 1.30 to 2.24. Thus, in the first hour and twenty-five minutes, no less than twenty events are on the program.

"Chief" Johnson Jumps; Had Fight With Herzog

Special to The Telegraph Cincinnati, Ohio, April 22.—George ("Chief") Johnson, the big Winnebago Indian pitcher of the Cincinnati team, has signed a contract with the Kansas City Federal League team and left for St. Louis to join it. What salary was promised Johnson was unknown. Johnson was accompanied by President C. C. Madison, of the Kansas City club. The action of Johnson was prompted by a dispute with Manager Herzog, who fined the pitcher \$100 last Friday for not reporting in condition.

Special to The Telegraph Newport, Pa., April 22.—A meeting of the baseball fans has been called for to-morrow evening in the borough building at 7.30 o'clock. Track Meet Plans Outlined by Local Athletic Committee

Each of the Fifteen Events Will Have Five Point Winners Medals Ordered; Grounds Ready Next Week

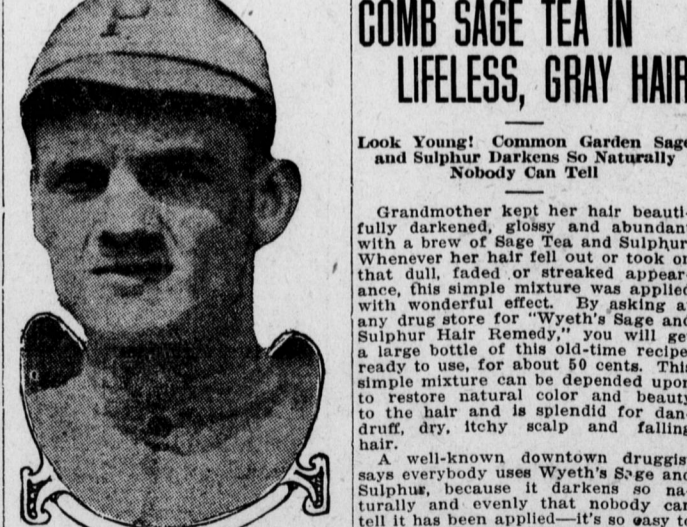

Enthusiasm will not be lacking in this year's seventh annual State High School meet. At a meeting of the Harrisburg track athletic committee last night a program was outlined that promises unusual interest. Early announcement came in the meeting from Commissioner M. Harvey Taylor that he would give special attention to the preparations for the annual track meet and that work would begin next week in putting the municipal field in shape. The committee last night decided to have fifteen events. There will be five point winners in each event, but only three winners will receive medals. Fourth place this year will count two points and fifth place one point. A contract was let for the medals. The committee will meet again next week to take up other details.

Georges Carpentier, French Light Heavyweight Who Must Sacrifice Pugilism to the French Army

Georges Carpentier, who is undoubtedly the best fighter so far produced on the continent of Europe, must enter the French army in September, and for three years he must give up boxing. In that time Carpentier might earn a quarter million dollars in the ring. Of course, inasmuch as he is only nineteen years of age, he believes that he will be as good if not better after his three years. He will, of course, have grown heavier and stronger. But few pugilists laid off three years and found themselves able to come back as good as ever.

MAX CAREY.

The fleet left fielder of the Pittsburgh Nationals, who expects to again top the base stealers of the parent major organization. Carey is without doubt one of the fastest men that ever played the national pastime.

No More Jumping if Rule Is Adopted

New York, April 22.—A new measure to keep promising players from joining the ranks of the new Federal League which is said to be the national commission will adopt to-day at its meeting in Chicago calls for a revision of the rule requiring major league clubs to reduce players' lists to twenty-five by May 15. The proposed amendment would leave each club free to carry as many players as salary limits justify. The legal fight against the Federals also will be decided upon at the meeting. Governor John K. Tener, president of the National League, will not be able to attend, but John A. Heydich, secretary of the league, will represent the old organization.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache. The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.
