## EXPLANATION RESOLUTION PASSES

[Continued from First Page.]

The resolution, which went to the House when that body reconvened at 1 o'clock, specifically disclaims on the part of the United States and hostility toward the Mexican people of any intention to make war against them.

The final vote came at the close of a stirring all-night session, marked by bitter debate.

Several Republicans fought to the last to broaden the resolution so as to direct it against all indignities offered the United States in Mexico, while others opposed it. All of the thirteen negative votes were cast by Republicans.

#### **Blood Tonic Has Important Meaning**

Puts the Right Sort of Vim Where Most Needed.

To tone the blood means to enable it to throw off accumulated impurities, to in-crease the red corpuscles and to put the blood-making organs into such active condi-tion as to produce that conscious sensation of what we feel as health.

or what we feel as health.

This is the logical effect of using the famous blood purifier, S. S. S.

Haif the people you meet complain of weary muscles, stamant brain, jangled nerves, and a wonderful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear ir mind that this worn-out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

S. S. S. Is along been famous as a blood purifier, and its action by elimination of the irritating poisons that infest the blood, is one of the very important things to know. You can get S. S. S. at any drug store, but the complete of the product, and you will make a great mistake to have some enthusiast paim off a mercury, arenic to indied of potash preparation that may do you irreparable harm.
