S. C. Long. Mr. Long, after a confer-ence with local officials, made an in-prection of the Susquehanna, Blooms-burg and Berwick Railroad. For quite a while much talk has been heard here with relation to a con-femplated taking over of the Susque-hanna, Bloomsburg and Berwick line. It is rumored further that another bridge is to be erected over the Sus-quehanna at Berwick. On yesterday's inspection Manager Long was accompanied by L. W. Alti-bone, superintendent of the Sunbury division.

Cottage Prayer Service. — A cottage prayer meeting, under the auspices of the Pennsylvania Railroad Young Men' Christian Association, will be held to-morrow evening, at 8 o'clock, at the home of S. C. Taylor, 527 Dauphir street.

We will not do anything until we hear from Washington, because until we do we will not know what the govern-ment wants,' said Adjutant General Thomas J. Stewart, as a composite re-ply to a thousand and one questions about the Guard to-day. The Adjutant General pointed out that first the State must be asked to furnish troops and will designate what it wants, and then a mobilization point, which will depend upon the way the orders come from Washing-ton, will be fixed, and the militia or-dered to the camp by a certain day. Things will go just as in the Spanish War. When asked about the rumors that organizations had been ordered to be prepared to move, the General said: "The National Guard is always ready. It has shown that in the post. No orders have gone out from this office for anyone to be prepared to do any-thing." C. PLANS BIG OPENING, MAY BIG OPENING, MAY 9 The Steelton Athletic Club discussed plans for a big celebration for May 9, when the local team will open the Cen-tral Penneylvania League season with the New Cumberland nine. A commit-tee of the Merchants' Association as-sured the club that the merchants would co-operate with the club by decorating all business places on the opening day. A parade and flag-rais-ing will precede the first game. At last evening's meeting it was an-mounced that the new bleachers on the Cottage Hill grounds would be com-pleted by May 1. The tickets for the vaudeville show, on May 7, were put on sale among the members last even-ing. The Steelton Athletic Club regu-lars will play the Airneliff team, of Harrisburg, Saturday.

Why there are band pavillions and bands scattered all through the city. Give your Mexican his band music— and he's pretty well satisfied. They're mighty good bands, too, as a rule. And the well-to-do, well dressed and occasionally mantilla droped Mexican girl can be seen there as can the poor-er, blanket or scrape draped peon. The park is a beautiful one and is about twice as large of our Capitol Park. It is on the eminence of Chapultepec that towers right out of a plain be-y nd the city, three or four hundred feet in the air. The Mexican presi-dent has his summer home there. "Chapultepec is also the military training school and corresponds to our West Point. One of the things that impressed me most was the hall of fame there—around its walls were hung the oil paintings of the students who were killed when they helped defend the heights against the Amer-ican armies of more than half a cen-tury ago. And beneath the frames are their names—names of scions of the dolest, purest Castilian houses of Mex-ico—is this significant inscription: DEAD ON THE FIELD OF HONOR DURING THE NORTH AMER-ICAN INVASION.
