# MOORHEAD MILL

Employes Given Opportunity For Recreation at Noon Hour Each Day

Already the recreation room at the new Moorhead Knitting Company factory in Cameron street is becoming a center of interest among the employes of the model plant, and from owner to bobbin-winder the force is doing its utmost to make it a factor that will add to the worthwhileness of living.

will add to the worthwhileness of living.

When plans were drawn for the new building the Moorehead Company made provision for the creation of a big hardwood floor room where games and dancing and educational entertainments might go forward. One of the sights of the city is to be seen at noon hour at the plant. At this time employes gather here and coffee is served by the management, while the employes partake of their lunches. The tables are easily cleared away, leaving the big floor open for dances, A definite program is followed each week, consisting of dancing, meetings under direction of the local Young Women's Christian Association, talks by management, entertainments by elocutionists and singers.

#### **Blood Tonic Has Important Meaning**

Puts the Right Sort of Vim Where Most Needed.

To tone the blood means to enable it to hrow off accumulated impurities, to inrease the red corpuscles and to put the lood-making organs into such active condition as to produce that conscious sensation of what we feel as health.

This is the logical effect of using the famous blood purifier, S. S. S.

Half the people you meet complain of weary muscles, stagmant brain, jangled serves, and a wonderful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants, and the thing to the productive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood, so, S. S. S. has long been famous as a blood accumulates faster than it can be replaced by the red arterial blood.

S. S. S. has long been famous as a blood qurifier, and its action by elimination of the irritating poisons that infest the blood, is one of the very important things to know. You can get S. S. S. at any drug store, but take no other so-called blood purifier.

S. S. S. is purely a vegetable product, and you will make a great mistake to have some enthusiast palm off a mercury, arsenic to iodide of potash preparation that may do you irreparable harm.

S. S. S. is prepared by The Swift Specific Co., 533 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept, for free advice. It will be worth your while to do zo.

The Patriot's Label

'I have two copies of the Harrisburg Patriot. The one copy, dated July 31, 1902, carries at the mast-head of its editorial page the badge of industrial freedom—the union label. On that day bavid A. Orr, old-line Democrat, sold the Harrisburg Patriot. On August 1, 1902, the next day, the Harrisburg Patriot appeared, stripped of its badge of honor, the union label blotted off the face of the paper, and the announcement made by its new owner. Vance C. McCormick, that he proposed to follow out other policles. What man who ever toiled with his hands, and what son of a laborer,

against the gang city solicitor, he received but one vote in this man's division, while his Republican opponent received two in 1912. His initimate friend, the new United States district attorney—by grace of Palmer, McCormick and Morris—Francis Fisher Kane, running for State delegate, polled the enormous total of one vote.

"But the returns of the general election of 1913 show more clearly than any others do the total unfitness of this man to be the chairman of a political party. While Robert S. Bright, his personal friend and slated candidate for congressman-at-large, received 25 votes in Morris' division on November 4 1913, D. Webster Grim, the Democratic nominee for Superior Court, received but 5, showing that not only did he not support Senator Grim, but that he made every effort possible to prevent him from having any vote whatever in his division. And yet, while he is to-day perverting the office of chairman and misusing the office of the State committee in a way scandalous in its openness against Democratic candidates, he has the effrontery to call upon decent citizens to support such highhanded methods."
