Many Recoveries

From Lung Trouble
Eckman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case:

"Gentlemen:—In January, 1908, I was taken with hemorrhages of the lungs. My physician, a leading practitioner, said that it was lung trouble. I got very weak. C. A. Lippincott, of Lippincott's Department Store, Wilmington, Del., recommended Eckman's Alternative that had done great good. I began taking it at once. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs. I now have no trouble with my lungs. I firmly believe Eckman's Alternative saved my life." (Abbreviated.)

JAS. SQUIRES.
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Aids in no substitutes. Sold by leading druggists. Write Eckman Laboratory, Philadelphia, Pa., for booklet of recoveries.—Advertisement.

BRIEFS OPPOSING INCREASE FILED

Arguments in Railroad Rate Case Resumed in Washington Today

By Associated Press
Washington, D. C., April 28.—Briefs in opposition to an increase in freight rates asked for by the eastern railroads were to-day filed with the Interstate Commerce Commission on behalf of the Pittsburgh Coal Company, the New Pittsburgh Coal Company and the State Railroad Commissions in the eastern classification territory when arguments in the case were resumed to-day.

Clifford Thorne, in his brief for the railroad commissions, urged that the net operating income for the carriers involved was greater during the past four years than for any similar period in their history; that net earnings during the last five-year period were greater than during the preceding five years and those for 1913 greater than the average for either of those five-year periods. He urged also that the future would develop further economies, inventions and improvements which would have the effect of further augmenting carriers' revenues.

Keep On Increasing
Answering statements attributed to the carriers that their bonds are not attractive to capital, Mr. Thorne asserts that they average higher than any other class of market securities except government bonds and that the railroads' credit is equal to or better than that of any other class of business or industrial companies. He added that if the commission denies the proposed increase the prosperity of the carriers "is bound to keep on increasing, just as it has in the past."

The brief of the coal companies asserts that exports of the carriers show that gross and net returns for 1913, particularly for the coal-carrying roads, are more satisfactory than they have been in the past. The situation, it is declared, calls for an adjustment of rates as between traffic and localities unless "what the traffic will bear" and the "value of the service to the shipper" as determined by the interested carriers are to continue for the future. The brief asserts that mine products, including coal, now bear more than their share of the transportation burden and adds that the profits earned by the roads on coal range from 100 to 200 per cent.

MORE REPUBLICANS THAN DEMOCRATS

[Continued from First Page.]

are in sharp contrast with the padded returns of the Patriot. The Patriot, in order to attempt to fool voters into believing in the popularity of Democratic candidates, reported a total Democratic vote of 1,192.

The actual returns show that the Patriot padded its figures by adding to the totals phantom Democrats to the number of 1,192, without going to the trouble of counting their counting tombstones in the cemeteries. The Patriot just threw in 1,192 for good measure, and at the same time artlessly subtracted 200 votes from the Republican total and added 100 to the Washington totals. It was a flagrant fraud, stupidly attempted.

To-morrow will be registration day in Harrisburg. It is expected that a sufficient number of Republicans will register to give the city a showing as excellent as has been made in the county. Voters who were not registered last Fall, who have changed residence or who wish to change their party affiliations must do so to-morrow or lose their vote.

\$168,081 PLEDGED FOR NEW Y. M. C. A.

Waynesboro Gives \$16.80 For Every Man, Woman and Child in Borough

On the 18th of April Waynesboro, a town of 10,000 people in Franklin county, this State, undertook to raise in six days \$150,000 with which to erect and equip a new Young Men's Christian Association building and provide endowment for the same. The campaign was in charge of E. E. Hockenshaw, field secretary of the Pennsylvania State Young Men's Christian Association with offices in the Calder building. D. M. Wertz, one of the largest fruit growers in Franklin county, had made an initial gift of \$50,000 on condition that the citizens of Waynesboro would raise \$100,000 more. The campaign closed Friday evening on schedule time with \$168,081.67 pledged. When it is considered that this is \$16.80 for every man, woman and child in the entire community it will be noted what a remarkable campaign was. There were 2,646 subscriptions or an average of nearly 65¢ per person.

J. B. Carruthers, State secretary of Pennsylvania, who was present at the last meeting, declared that this was the greatest demonstration he had ever seen for a town the size of Waynesboro. The executive committee in charge of the campaign was composed of the following prominent citizens: J. H. Stoner, chairman; J. G. Benedict, J. E. Frantz, A. O. Frick, D. M. Good, P. D. Hoover, M. D. W. J. C. Jacobs, D. L. Miller, W. T. Omwake, D. B. Salvey, D. D. S. D. M. Wertz, L. E. Yost, J. E.

Beck, J. J. Oiler and Val Smith. In addition to this there were twelve captains as follows: J. G. Corbett, H. C. Gordon, J. B. Long, J. A. Midgower, M. T. Brown, H. E. D. Grey, W. L. Minick, J. F. Shank, R. R. Arthur, S. E. Dubbel, K. G. Potter and Daniel Rinehart. These captains led teams of twelve men each; a complete organization of about 160 citizens.

PALMER'S BILLINGS GATE DISGUSTING DEMOCRATS
Special to The Telegraph
Media, April 28.—A. Mitchell Palmer, in the opinion of hundreds of Democrats, has entirely lost his head. His fulsome laudation of McCormick, coupled with his ward-heeler attacks upon the State administration, have disgusted hundreds of voters in his own party. Boasting McCormick last night, he said:

"Three days after the inauguration I want to give McCormick a little advice. He should load the crew off to Mexico to stop the bullets. There are enough of them to carry on the way."

It is believed that Palmer already sees the finish of his political dreams and is bitter.

SUSPECT BURGLARS OF KILLING FIVE

[Continued from First Page.]

In the world was gone and that nothing remained of his loved ones save a small pile of charred bones.

The authorities of Huntington

county, summoned from Huntington to-day, began a search for the two unidentified men last seen coming from the Varner home. From the condition of the bodies it could not be learned whether the victims had been killed before the house was fired. Varner thinks the men were burglars and entered the house to obtain \$250 which he had there. Neighbors who saw the men running away from the Varner home are unable to give accurate descriptions of them.

In addition to destroying the Varner home the fire also destroyed the home of Joseph Mallot, which adjoined.

Peter Varner has charge of a night shift at the brick works at Mount Union, located about a mile away from his home. About 10:30 o'clock last night he noticed a fierce glare in the sky and at once started for home on a run. When he arrived there neighbors were carrying stuff from the Mallot home, while his home was in ruins.

Family in Bed
Mrs. Varner and the two youngest children occupied the front room on the second floor, while the other two children slept in the rear room. The home was a 2 1/2-story frame structure and it burned like tinder.

The neighbors who rushed to the scene at first believed that Mrs. Varner and the children had escaped from the building, but the husband soon found that they had been cremated. The awful blow temporarily deranged him and four men were forced to hold him when he endeavored to rush into the seething mass of flame to join his loved ones.

Woman Is As Old As She Looks
No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring that ill eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

DR. PIERCE'S Favorite Prescription
This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look young, but feel young.
