12,833 REGISTER IN

Dauphin county's Spring primary Wednesday totaled 12,833 according to figures compiled to-day at the county mmissioners' offices.

REPORTED SINKING

[Continued From First Page] Siberia Asks for Help

The Japanese navy department was inclined to-night to discredit the re-Dauphin county's Spring primary ports regarding pirates and expressed registration and party enrollment of the opinion that they were an outcome of the recent looting of a British

steamer.

In 1913 the registration and enrollment totaled 11,816, a gain this year of 1,017. There were eighty-eight stricken off because of removals, etc. Of this number, however, 101 declined to give their party affiliations.

While the number of voter's in the county as shown by the registration books is above the 12,000 mark it was generally predicted that the total would reach the 13,000 mark.

Of the number of names placed on the books there were 461 new Republicans, 483 Democrats, fifty-three Washingtons, eleven Socialists, four Prohibitionists and three Progressives.

Forty-two Republicans changed their affiliations to Democrats, two who had registered as nonpartisan enrolled as Democrats, three Republicans announced themselves as Washington-party men returned to the Republican ranks.

Following is the enrollment and registration by districts, city and county:

Mrs. Grace D. Goodwin Forceful Speaker at the Anti-Suffrage Meet

MRS. GRACE DUFFIELD GOODWIN

Mrs. Grace Duffield Goodwin, of New York, was probably the most forceful speaker at the anti-suffragist convention yesterday. She said the suffrage movement seems to impose the will of a minority upon a majority and is, therefore, undemocratic. Among the interested auditors who heard Miss Goodwin, was Miss Katharine S. Reed, publicity chairman of the Pennsylvania Woman Suffrage Association, who, by the way, is a close personal friend of Mrs. Goodwin's. There were eight or ten suffragists scattered throughout the audience of about 100 in Fahnestock Hall.

Machinist, Is Dead

William H. Bickley, one of the oldest machinists in the city, and father of City Assessor William H. H. Bickley, foreman of roundhouse No. 2, of the Pennsylvania Railroad, died last evening at the home of his son, 1629 North Third street.

Mr. Bickley was born in Boonton, N. J., and at the age of 17 years he moved with his parents to Pottsville, where he learned the trade of machinist. In 1872 Mr. Bickley came to this city and secured a position in the machine shops of the Pennsylvania Steel Company. Later he left that position and entered the farrisburg Boller Works and then Company. Later he left that position and entered the farrisburg Boller Works and then Company. Later he left that position and entered the farrisburg Boller Works and the model of the company as a mechinist in the frog and switch department, which position he held until the time of his death. Mr. Bickley was a member of the State Capital Lodge, No. 70, Independent Order of Odd Fellows, and the Phoenix Lodge, Knights of Pythias. He is survived by one son, William H. H. Bickley, and two grand-children, William and John Bickley, Funeral services will be held Monday afternoon, at 2 o'clock. Services will be conducted by the Rev. J. Bradley Markward, pastor of Bethehem Lutheran Church. Burbal will be made in the Harrisburg Cemetery.

JOHN ELLIOTT

John Elliott, aged 75, died this morning at the home of his sister, Mrs. Mary B. Kane, 332 Hummel street. Funeral services will be held Monday morning, at 9 o'clock, from the St. Francis' Catholic Church. Burial will be made in the Catholic Cemetery.

corporation engaged in such commerce as Congress has the power to regulate under the Constitution."

The bill also would empower the commission to require equal or special reports from any corporation subject to the act; to make public in information and to recommend needed legislation to Congress. The bill specifically would provide that nothing in the act should interfere with the Attorney General's enforcement of the antitrust or interstate commerce laws, and the commission would be required to submit to the Attorney General any evidence and findings of violations of the law.

The measure also would prohibit interlocking directors in competitive corporations and prohibit holding companies, prescribing detailed procedure for the enforcement of these sections. It prescribes that all corporation stock must be fully paid for. In these sections the jurisdiction of the Interstate Commission over common carriers is respected.

The bil makes guilt personal by making directors, officers and agents responsible for violations of the law by corporations and providing a fine of \$5,000 or one year's imprisonment as a penalty against such officers.

Rescuers Abondan Hope of Finding Entombed **Escles Miners Alive**

Eccles, W. Va., May 1.—Rescue crews last night assembled thirteen bodies at the foot of the shaft in mine No. 5 of the New River Coal Company and to-day continued their work of exploration in the hope of locating all of the 172 men who, it now seems certain, lost their lives in the explosion last Tuesday afternoon.

Pumps were busy during the night and by dawn the mine was comparatively free of water. But the force of the explosion was so great that masses of earth and rock were dislodged and the galleries choked. It may be days before the dead have been recovered.

Hundreds of persons continue to surround the village, and there is little twork in the district, miners and their families congregating here to comfort those of their friends who have suffered through the tragedy.

Washington, May 1.—After receiving a message said to have come from the Huerta government from the Spanish Ambassador, Mr. Riano, the South American envoys seeking to mediate in the Mexican crisis, entered upon their conference to-day with a more apparent confidence than ever that their work would succeed.

After their conference with Secretary Bryan last night when they were informed that General Huerta had consented to an armistice, the Brailian, Argentina and Chilean diplomats worked diligently on proposals for mediation to be submitted to this government and the Huerta regime as the next step in the negotiations.

Representatives of the constitutionalists here insisted that General Carranza's acceptance of the principle of the mediation would not be followed by acceptance of an armistice.

Hongkong, May 1.—Information was received here to-day to the effect that the Siberia is ashore on Samasana Island, off the Formosa coast.

The British cruiser Yarmouth left at once in all haste to go to the assistance of the liner.

Samasana Island lies 15½ miles east of the Formosa coast line. It is 1½ miles long and 1 mile wide. The formation is volcanic. Isolated rocks flank it and from its eastern point there extends a reef for 2½ miles. The currents around the island are described as dangerous. The inhabitants of Samasana are Chinese.
