Thorley Tea Room Has Auspicious Opening The new Thorley Tea Room at 231 North Second street, has attracted a great many during the opening days. The appetizing display of pastry arranged in the tiled window makes an exceptionally pleasing effect that is almost irresistible to those who have a fondness for dainties. Comfortable rockers and settees are placed in the front section of the store, forming a comfortable rest room for the convenience of those fatigued during shopping hours. Back of these are the tables and chairs where ice cream is served, and separated by screens are other tables for serving tea and other refreshing beverages. The fixtures have been selected with pleasing harmony of detail and with the display of dainty pastries and confectionery in care of a corps of ladies, the room has a most inviting and home-like appearance. The pastries are largely the unusual kind, such as are generally to be found in the most exclusive shops of the larger cities. The sanitary kitchens have been equipped with the most modern facilities and the management says it is the intention of using the best ingredients in the making of all the products.
