MORE "FILL" NEEDED TO PROVIDE SPACE FOR SUITABLE WALK

Question of Support For Front Street Curbing Is Growing Very Serious

CHANCE FOR ENOUGH DIRT

Material Could Be Obtained From Subway Excavations at Small Cost to City

One of the most important reasons for filling out the river embankment along the narrow stretches north of Calder street is the fact that the River Front boulevard is so largely used under present conditions by pedestrians

Pending a final decision as to the use of dirt which is to be excavated in the construction of the subway in Second and Front streets, at Mulberry, the Department of Highways and Public Works has sent to the State Water Supply Commission for approval a plan of treatment along the river front.
