Coal Is Cheapest and Best Now

To buy coal now is to buy it at the cheapest price for which it can be obtained during the year. And then you gain in quality, too, for the coal sent from the mines at this time of the year may be thoroughly screened before delivery, a difficult matter in cold weather when frost will cause the dirt to cling to the coal. So to buy Montgomery coal now is to buy the best quality of the best coal at the lowest prices. Place your order.

NEW DISCOVERY QUICKLY ENDS KIDNEY AND BLADDER TROUBLES

Chronic Sufferers Find Relief After Few Doses Are Taken

If you are bothered with backache or rheumatism, have disagreeable, annoying bladder or urinary disorders to contend with—or suffer with any other of the many miseries that come from weak kidneys, here is a guaranteed remedy you can depend upon, no matter what else may have failed to cure you.

It is a positive fact that the new discovery, Croxone, promptly overcomes such diseases. It is the most wonderful remedy ever made for ridding the system of uric acid, removing the cause and curing the troubles. It soaks right in and cleans out the stopped up kidneys and makes them filter and sift out all the poisonous waste matter from the blood. It neutralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder; and puts the kidneys and urinary organs in a clean, strong healthy condition.

More than a few doses of Croxone are seldom required to relieve even the obstinate long standing cases, while it cures the most annoying forms of kidney, bladder trouble, and rheumatism in a surprisingly short time.

You will find Croxone entirely different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give the desired results the very first time you use it.—Advertisement.
