Hebrew Stranded in Lancaster Attempts Suicide in Cemetery

Special to The Telegraph
Columbia, Pa., May 6.—Isaac Goldstein, a stranger, who was on his way from Illinois to his home in New York city, became stranded in Lancaster and went to an isolated churchyard to commit suicide. Taking his belt from around his waist, the man fastened it to a tree and was about to hang himself when he was observed by the caretaker, who rescued him. He told the sexton that he was tired of life and wanted to die. A local Hebrew society provided him with sufficient funds to take him home.

SIX MEN CELEBRATE MAY 6 AS BIRTHDAY

For Nineteen Years Mechanicsburg Party Has Been Observing Joint Anniversary

Mechanicsburg, Pa., May 6.—This evening a birthday anniversary of exceptional interest will be observed when six men whose natal day is May 6 will have a combined celebration. S. Harper Myers will be host at a 6 o'clock dinner at his home in West Green street for the following guests: George Zacharias, John C. Reeser, William N. Koller and Walter Zacharias, of Upper Allen township, whose birthdays all occur to-day, but of various ages.

For the past nineteen years the celebration of these birthday anniversaries has been regularly observed and the custom was instituted by the late George W. Hauck. The original members of the party were George W. Hauck and Dick Charles, both deceased; George Zacharias, John Attick and John C. Reeser; later William M. Koller joined the list, followed by Walter Zacharias, and, two years ago, S. Harper Myers.

Relative to the annual event is a touching incident in the fact that the deceased members are not forgotten and on the morning of May 6 of every year a floral emblem is placed on the grave of each, a silent tribute to love and memory.

As the birthday date returns it is the custom for each member in turn to entertain with a dinner. The Rev. Charles F. Raach will be a guest this evening at the home of Mr. Myers in addition to the members of the party. Roses and carnations will decorate the dining room. Following the dinner the evening will be spent socially with reminiscences and mutual congratulations.

The ages of the birthday participants range from 28 yrs. to 79 years.

The fire commenced early Sunday morning, and men were busy fighting it all day Sunday. It was under control by evening, but it was not entirely put out until Monday evening, when extinguished by the rain.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or have Bladder trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of blaudered magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten with impunity if the meal is followed with a little blaudered magnesia, which can be obtained from any druggist, and should always be kept handy.—Advertisement.

Acid Stomachs Are Dangerous

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.
