NEW BANK PRESIDENT
Marietta, Pa., May 7.—At the meeting of the board of directors of the Columbia National Bank, Dr. S. S. Mann was elected president of the institution, to succeed James A. Myers, who has retired and whose resignation will take effect on May 15.

CAUSE AND EFFECT
Good Digestion Follows Right Food.
Indigestion and the attendant discomforts of mind and body are certain to follow continued use of improper food.

Those who are still young and robust are likely to overlook the fact that, as drooping water will wear a stone away at last, so will the use of heavy, greasy rich food finally cause loss of appetite and indigestion.

Fortunately many are thoughtful enough to study themselves and note the principal of cause and effect in their daily food. A N. C. young woman writes her experience thus:
"Sometime ago I had a lot of trouble from indigestion, caused by too rich food. I got so I was unable to digest scarcely anything, and medicines seemed useless.

"A friend advised me to try Grape-Nuts food, praising it highly and as a last resort, I tried it. I am thankful to say that Grape-Nuts not only relieved me of my trouble, but built me up and strengthened my digestive organs so that I can now eat anything I desire. But I stick to Grape-Nuts."

CARRANZA'S REFUSAL IS DUE TO SUCCESS

(Continued From First Page)

In the event of a victory there, that he would hurl his army at Tampico. Capture of that city would give the Constitutionalists a port of entry unaffected by any limited embargo on importation of arms now enforced along the Rio Grande.

With Carranza definitely eliminated from mediation negotiations which formally are to be launched at Niagara Falls, Canada, on May 18, the report of rebel victories overshadowed all other developments in the Mexican crisis today. The report came as a surprise to many observers, but it was believed the rebels next move would be aimed at Saltillo. News of a sweeping victory far south of that point was taken to indicate the rebels had moved and had fought first, and reported afterward.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no pain, no trouble, I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me Eugene M. Pullen, Carpenter, 863 Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Advertisement.

Eats Freely But Has No Dyspepsia

A Little Pepsin in a Mild Laxative Promptly Corrected a Bad Indigestion.

Fortunate is the one who can eat "anything" without suffering the tortures of dyspepsia. As few are so fortunate, care should be taken in the matter of diet. Eating slowly, masticating the food thoroughly and taking a short walk after the heavy meal of the day will do much towards assisting digestion. Any grown-up person ought to know the peculiar foods that do not agree, and these should be avoided.

When these common-sense aids fail, the next thing to do is to take a mild digestive tonic with laxative properties, and there is none better than Dr. Caldwell's Syrup Pepsin. It contains the greatest of all aids to digestion, good pepsin. It has other ingredients that act mildly on the bowels, which together form a combination for the relief of dyspepsia or indigestion that is unsurpassed.

Its action is to tone and strengthen the stomach and bowel muscles so that they can again do their work naturally without outside aid, and when that happy moment comes all medicine can be dispensed with. It is the best remedy obtainable for any disorder of the stomach, liver and bowels, for dyspepsia, constipation, biliousness, headaches, drowsiness after eating, gas on the stomach, etc. Thousands of users will testify to this, among them Mr. J. W. Goucher, Stites, Idaho, who for several years had all the worst symptoms of chronic dyspepsia.

J. W. GOUCHER

Since taking Dr. Caldwell's Syrup Pepsin these have all gone, and although Mr. Goucher says he is 64, he does not look more than 40.

Syrup Pepsin is sure in its results, and a vast improvement over chewing or swallowing tablets and mints, or taking cathartics, salts, etc., all of which are harsh and nauseous and at best do but temporary good. You can obtain Syrup Pepsin at any drug store for fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

McCabe's Statement
At the headquarters of the superintendent of the Philadelphia division of the Pennsylvania Railroad the following statement was issued by W. B. McCabe, superintendent:
"We do not consider that there is a strike. None of the working departments have been obliged to shut down. Out of a total force of 7,000 men, a conservative estimate shows that 200 employes quit work. They have been considered as having left the employ of the company and other men will be called to fill their positions. At Altoona and vicinity we fail to find one man out. Reports from other sections are exaggerated. We do not anticipate any trouble."
News that a strike was in order attracted many people to the vicinity of the local shops and roundhouses this afternoon. The men who quit work made no attempt to enter the company property, but congregated at headquarters and awaited further orders. Special officers guarded all gates and entrances to shops and roundhouses and every man who goes by the guard had to have the password.
