Clifford Thorne Attacks Brandeis For Position He Took on Stand

Washington, May 7.—The Interstate Commerce Commission had before it to-day a supplemental brief filed by Clifford Thorne, representing the Western Railroad Commissions before that body in the advanced rate case in which he bitterly arranged Louis D. Brandeis, special counsel for the commission, who, in his closing argument in the case last Friday stated that "on the whole, the net income, the net operating revenues, of the carriers in official classification territory are smaller than is consistent with their assured prosperity and the welfare of the community."

WILSON AIDS VILLA, SENATOR CHARGES

Lippitt's Resolution Asking if the President Intends to Recognize Rebel Is Rejected Washington, D. C., May 7.—After a sharp debate yesterday afternoon, the Senate laid on the table, by an overwhelming vote, the resolution of Mr. Lippitt, of Rhode Island, asking the President whether he intended to recognize "Pancho" Villa as President of Mexico. In supporting his resolution, Mr. Lippitt declared that he believed the Administration was leaning more and more away from neutrality in Mexico to a policy of open assistance to the rebels. For the sake of diverting General Huerta's attention to the south, he said, while the rebels assailed him from the north, the President directed the seizure of Vera Cruz at the cost of the lives of "some of our people and about 200 innocent Mexicans."

Freight Steamer on Lake Erie Destroyed

After Two Hours' Fight Vessel Is Beached and Crew Reaches Shore in Lifeboats Erie, Pa., May 7.—The modern freight steamer City of Rome, Buffalo to Toledo, was burned to the water's edge off Ripley, N. Y., early to-day. The crew escaped in boats. The fire was discovered between decks shortly after midnight by Mate John McNamara, of Cleveland, and all hands were summoned to fight the flames, which gained rapid headway and were soon beyond control. After a two hours' struggle, in which the crew was hampered by the dense smoke and the heated deck plates, Captain William Dunn gave orders to beach the vessel. Thomas Cunningham, of Milwaukee, the chief engineer, stuck to his post until the ship grounded on the soft sand of Ripley Beach. The crew then made its way to shore in the lifeboats. The vessel is a total loss. The City of Rome left Buffalo light last night for Toledo, where she was

day was prepared to report favorably the bill now pending in the legislature providing for the issuance of bonds as a means of liquidating the expenses incurred by the State militia during service in the strike districts and creating an additional fund for such service as may yet be required of the military arm of the State.

DR. PIERCE'S FAVORITE PRESCRIPTION

"A Perfect Woman Nobly Planned To Warn, to Comfort and Command" Nature never intended woman to be delicate, ailing, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from girlhood to womanhood, and from motherhood to middle life, with backache, or headache, dizziness, faintness, or bearing-down sensations. For a permanent relief from these distressing symptoms nothing is so good as DR. PIERCE'S FAVORITE PRESCRIPTION as a soothing and strengthening nerve-allays and subdues nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the female organs. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, they granulate.
