

## PUT SULPHUR ON AN ITCHING SKIN AND END ECZEMA

Says this old-time Eczema remedy is applied like cold cream.

Any irritation or breaking out on the face, arms, legs or body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur cream, says a noted dermatologist.

He states that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching, irritation and drive the Eczema away and it is often years later before any eruption again appears on the skin.

Those troubled should obtain at any pharmacy an ounce of bold-sulphur cream which is applied to the affected parts in the same manner as an ordinary cold cream.

### TEACHERS TO ORGANIZE

Cleveland, O., May 14.—Women teachers of the public schools of this city are to form a union and affiliate with the federation of labor. This was decided yesterday at a meeting of the Grade Teachers Club. The vote was two to one in favor of the labor union. The action is a result of the fight with the board of education for higher wages.

## Throw Away Your Eye-Glasses!

### A Free Prescription

You Can Have Fitted and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it, "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rule: Here is the prescription: Go to any active drug store and get a bottle of Optima. Fill a two ounce bottle with warm water, drop in one Optima tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and all inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—Advertisement.

#### A RECEPTION OF WAIFS

Has greeted all useful inventions. Electricity has no doubt put a crimp in the tallow candle business, some old-fashioned power methods and head devices, but in their places we have modern electric fixtures, fans, motors, washing machines, flatirons, and electrical appliances innumerable, a splendid stock of which is displayed at the Dauphin Electrical Supplies Company, 424 Market street.

#### HIGHWAY LUNCHEONS

For a dinner on the mountain at twilight or luncheon for an all-day trip suggests deviled cheese, imported Swiss cheese, Underwood deviled ham and chicken, boiled ham uniformly sliced, dried beef, veal loaf, sardines, olives and relishes, instant coffee or some bottles of Armour's grape juice, which is being demonstrated this week at S. S. Pomero's, on the Square.

#### MAKING FRIENDS

Is simply making good. Isn't it great to get the hands of a friend? Isn't it great to journey on? Playing the game for makes friends, and so it is with business. Giving a man a square deal and trying to give him better service than he has ever had before is what has built up the successful tailoring business of A. J. Simms, 22 North Fourth street.

### Church Bells Toll as Pittsburgh Boy's Body Is Carried to the Grave

By Associated Press

Pittsburgh, May 14.—Francis Patrick DeLowry, seaman of the United States ship New Hampshire, killed at Vera Cruz, was to-day given all the honor that Pittsburgh had to give. Business was suspended by proclamation of Mayor Armstrong until 11 o'clock, church bells tolled, and uncovered thousands lined the streets as the funeral cortege, escorted by the Second Brigade, passed from St. Paul's Roman Catholic Cathedral, where requiem high mass had been celebrated, to St. Mary's Cemetery, where the body was buried. Schools were closed, the Stock Exchange ceased business and even the courts paused during the funeral services.

At 8:15 o'clock the flag-draped casket was taken from DeLowry's boyhood home and, with a guard of honor, transferred to the cathedral at Fifth avenue and Craig street. The vicinity of the cathedral was thronged with people as the coffin was removed from the caisson and carried into the church filled with city and county officials, church dignitaries and friends and former schoolmates of the dead sailor. At the close of the service the coffin was again placed on the caisson and the long march to the cemetery began. There the services were brief, a firing squad giving the final volley and the clear notes of a bugle sounding taps.

All the ceremonies incident to the funeral were far removed from the business district, but as the cortege left the cathedral the chimes in Trinity Protestant Episcopal Church, down town, pealed the notes of "Nearer, My God, to Thee," and when the body was lowered into the grave they sounded "Able With Me."

In all the public schools in the afternoon the students were assembled to listen to the reading of President Wilson's oration delivered at the funeral services in the Brooklyn navy yard last Monday.

**Soldiers and Sailors in Line in Chicago**

Chicago, Ill., May 14.—Hundreds of soldiers and sailors in uniform, with bands playing, headed the funeral cortege which to-day carried to its last resting place in Waldheim Cemetery the body of Samuel Meisenberg, the Chicago marine killed at Vera Cruz. Governor Dunne, Mayor Harrison, United States Senators Lewis and Sherman, scores of fraternal organizations and hundreds of citizens and public officials marched in the procession. A squad of marines from the Great Lakes naval training school at Lake Bluff, Ill., fired a last salute as the body was lowered into the grave.

Early in the day the body was taken from the Meisenberg home to Anshur Kanassas Israel Synagogue, where the funeral services were held. Governor Dunne, Senators Sherman and Lewis, Mayor Harrison and Judge Hugo Pam, of the municipal court, made short speeches.

## FACTS CONCERNING UNION CONDITIONS

(Continued From First Page)

all the other newspapers of Harrisburg. The Telegraph has been requested to publish the following statement from employees of the Patriot Company, of which Mr. McCormick is president:

"Harrisburg, Pa., May 14, 14. 'Dear Sir: In issue of The Telegraph last evening there appeared the following caption: 'McCormick and The Patriot Non-Union, Printers Declare.'"

"Such a statement would lead the average reader to believe that the employees of The Patriot are not union men. To convey such an impression is misrepresentation pure and simple. To enlighten the public in regard to this matter, we hereby say that every journeyman printer employed in the Patriot composing room is a member in good standing of the Typographical Union; the apprentices also hold provisional membership in the same organization. Every man employed holds a union card and receives more than the scale of wages provided by the local union."

"The composing room is governed entirely by union law, and it is doubtful to our minds if there is an office in the city where union conditions are more strictly adhered to than in The Patriot."

"As to Mr. McCormick being unfavorable to union law, does it not seem logical to any and all fair-minded men that such could not be the case in face of the fact that union conditions prevail in his own establishment?"

"This statement is voluntarily made and subscribed to by men who have been members of the union for years and who desire to be placed in no false position such as the article in The Telegraph would lead the uninformed to believe."

the idea without stopping to consider whether it is good, bad or indifferent. We seldom seriously consider the other side of the proposition—that a lawless and licentious press might prove worse for us as journalists than no press at all.

**Press Has Limitations**

"When we dissect and analyze freedom of the press and look up its pedigree and see it tried out in the courts we discover that after all it has very well defined limitations like all liberties must have under a popular government."

"Freedom of the press is freedom to do what the law permits. The four words 'accuracy and fair play' sum up the law of journalism, just as the Golden Rule embodies the Ten Commandments."

"A few years ago, the New York police commissioners threatened to take away the patrolman's night stick because abuse of the weapon had grown up among a few of the men. They were the 'clubbers'—the ugly, heartless, cowardly bullies who were wont to probe reputable citizens."

**Press Is Out of Tune**

"The press is out of tune with public opinion because of too much freedom with the 'night stick.' We have not always resisted temptation to publish truths that hurt innocent persons without accomplishing any justifiable end. We have not always been fair in our criticisms or taken pains to restore our errors by admitting our errors and correcting them."

"What can we do to save the situation?"

"We should let our readers know we want to be accurate. Invite them

to point out errors. Correct them. Notify all news sources to make special effort in the direction of accuracy and fair play. If the 'clubbers' with your editorial hammer."

NEW YORK AND BOSTON TO BE SUPPLY HEADQUARTERS

By Associated Press

New York, May 14.—It is the intention of the government to make New York and Boston the two depots from which supplies will be supplied to Galveston or to Mexico for use of the army. In case more soldiers are needed they will be taken by rail to Galveston and from there carried to Vera Cruz or other points in Mexico. There are in reserve here 20,000,000 rounds of ammunition. Most of this ammunition will be taken to Galveston, where it will be ready for emergencies.

**\$8.90 RECOMMENDED FOR WOMEN**

Olympia, Wash., May 14.—A minimum weekly wage of \$8.90 for women employed in factories was recommended last night by the State conference called to decide on a minimum rate to pay subject to the State Minimum Wage Commission.

## The Easy Way to Banish Those Ugly, Hairy Growths

(Toilet Talks)

Every well regulated toilet table should find room for a package of powdered delatone to be used for banishing hairy growths. To remove objectionable hair or fuz, make a paste of delatone and water and spread on hairy surface for about 2 minutes, then remove and wash the skin. This simple treatment is harmless and seldom requires a second application to remove every trace of hair. Any druggist can supply the delatone in an original package.
