Presented to Board

By Associated Press

Chicago, May 22.—All the grievances, complaint and demands for reforms which have been accumulating for a year and some of them for several years in the Presbyterian Church in the United States are included in the overtures to be presented to the Presbyterian General Assembly here to-day. There was entire absence of the Rev. Dr. Maitland Alexander, of Pittsburgh, to the office of moderator. Chief among the problems faced by the assembly are those of the Board of Home Missions. Of 640 overtures presented nearly 600, it is said, refer to the home mission board, its organization and its departments, including those of immigration, Indian work, social surveys, church and country life and church and labor.

Centralization in the Presbytery of an authority over the home missions was the chief point of contention.

Solace with a wound in his leg, told how he got it:

"On Tuesday, the 22d, our boys landed at 3.30 in the morning. In my squad was my chum, George Kinsman, of Boston. We were headed for the Naval Academy. When we got within 100 feet of the academy we saw flashes of light coming from the building. Several boys went down. Kinsman and I were walking side by side. We were looking for some one to shoot at, but could see nothing but flashes of light. Following a volley George fell on me. At the same time I felt a sting in my right leg. George got it through the thigh and the same builet got me. The doctors had to cut poor George's leg off."

THE SAND PILE

The little square on our street
Is thronged again.
As May spreads out her sunshine's gold
For love of men.
But there are folk who never seek
This park of ours,
"Because,' they say, "there are no
trees,
Or grass, or flowers."
And they go proudly otherwhere
To find their flowers.

It's true-where greening grass should

be
Is dust a-blowing;
And where, in other finer squares,
Are fountains flowing,
With gaudy flowers of every hue
Resplendent made,
A sand pile only we possess,
Unblessed by shade.

But in the sand pile children play Long, laughing hours, And grow and blossom with the May, These babes of ours! These little ones of ours!

I would not be so blind as they Who, passing, say: "There are no flowers!" —Bonnie R. Ginger, in June Ainslee's.

TOO MUCH TANGO CAUSES NEURALGIA

Violent neuralgia of the head generally attacks overworked women who lack sufficient sleep, fresh air and red

With the prevalent craze for dancing at all times and places it is becoming noticeable that women whose blood is thin—any mile—become subject to neuralgic pains when they dance too much and rob themselves of sleep and open-air exercise.

neuralgic pains with the neuralgic pains who much and rob the miselves of sleep and open-air exercise.

The woman who makes that demands on her strength, either by overmorking or overdancing, must keep her blood in condition or suffer. The pain of neuralgia is simply a sign adopted by nature to show that the nervous system is being starved because the blood no longer brings it what it needs. The one great cause of neuralgia is debility with anaemia or bloodlessness.

Dr. Williams' Pink Pills are a tonic for the blood and nerves. They begin at once to enrich the blood and enable it to furnish the nerves with the elements they need to restore them to health.
