Old-time round-trip tickets on rail-
road lines are a thing of the past.
Every ticket office had a supply of
two-day trip cards, but they are
dead stock...

At the ticket offices of the Penn-
sylvania Railroad and Reading Rail-
way the average sale of round-trip
tickets does not reach 100 a month.

There are some points where prob-
ably a penny, or two or three cents, is
saved by buying a round-trip ticket,
but these bargains are few.

"WATCHFUL WAITING"
POLICY CONTINUES

[Continued from First Page.]

Mexico City. He received a dispatch
from the Brazilian minister in the
Mexican capital stating that Hillman
was in good health and that he would
remain at the Brazilian legation until
Monday before proceeding to Vera
Cruz.

Representatives of the Mexican
constitutionalists here resumed con-
ferences over the somewhat uncertain
mediation situation as concerning their
interests, expecting to hear from Gen-
eral Carranza and a call from Jose
Vasconcelos, on his way here from
New York. Mr. Vasconcelos, who had
been in Mexico for a probable agent of
the constitutionalists to keep them
touch with mediation proceedings, al-
ready had announced that he had re-
ceived no instructions of such a nature
and that he was coming to Washing-
ton to confer with representatives of
his chief.

Washington Awaits Word
From General Carranza

Washington, D. C., May 23.—Whether
Carranza, Constitutional chief, would
determine to send a representative to
the mediation conference at Niagara
Falls was a development from the Mex-
ican situation eagerly awaited here
to-day. The Constitutional agents
in Washington still were looking for
news from Carranza. A dispatch from
Carranza to the United States, an ap-
pointment to have an emissary at Niagara
and it was expected that after another
consultation by telegraph with Carranza
some positive news would be shed on the situation.

Jose Maria Lozano
May Sail For Europe

Mexico City, May 23.—Jose Lozano,
who recently resigned as minister of
communications and public works left
the capital late yesterday in a special
train over the Mexican railroad. His
final destination is unknown but he is
believed to be going to Coahuila, ac-
cording to reports received at the De-
partment of Gobernacion. The ad-
vices states that Zaragoza and his men
continued their trip for Mexico City.

Vice Consul Silliman to
Leave Capital Monday

Mexico City, May 23.—Owing to a
severe cold and need of rest after his
arduous trip, American Vice-consul
Silliman, who arrived here yesterday,
acting on the advice of his friends, will
remain here until Monday morning.
Mr. Silliman is comfortably lodged
in the Hotel Isabel, where he is re-
ceiving medical attention. His cold,
which affects his throat and chest, is
expected to show improvement in a
few days.

The Brazilian minister last night re-
ceived a dispatch from Mexico City,
Secretary of State Bryan expressing the
thanks of the American government
for the minister's "untiring efforts on
behalf of Mr. Silliman." The dispatch
stated that the American people were
highly pleased to learn of his release
and a dispatch was received at the
Brazilian legation from the Brazilian
consul who accompanied the refugee
train from the capital to Puerto Mex-
ico. The dispatch stated that the train
arrived last night and that the 155
American refugees had embarked for
New Orleans. The commander of the
British steamer "Hesperia" that was
detained at Puerto Mexico, the Mex-
ican authorities at Puerto Mexico, the
dispatch added, gave the passengers
every assistance.

One thousand troops sent from the
capital arrived this morning at Guad-
alajara to reinforce the Federal army
there. Guadalajara and the sur-
rounding country are quiet.

Mediators Embarrassed
by Public Questioning

Niagara Falls, Ont., May 23.—A
great deal of embarrassment is felt by
the envoys of Brazil, Argentine and
Chile, as well as by the delegates of
the Washington and Mexico City gov-
ernments, because of the impudence
of the public, which is awaiting an ad-
justment of the Mexican question.
Every day they are overwhelmed with
inquiries as to the part the constitu-
tionalists may play in the negotia-
tions looking to the composition of
differences between Huerta and the
United States and similar questions.
The most persistent relate to the fu-
ture of Huerta and whether his resig-
nation had been demanded. As a
matter of fact not one of the vital
issues has been reached.

After separate sessions last night
with delegates from Mexico and the
United States, the mediators said they
believed they were almost ready to
proceed in the popular acceptance of
the terms.

Notwithstanding introductions in
Washington by the South American dip-
lomats, the representatives of the
United States and of the Huerta gov-
ernment came together practically as
individual strangers and also with im-
perfect knowledge of the issues to be
presented. As in all negotiations of
this character time necessarily was
consumed in becoming acquainted and
in reaching an understanding of each
other's personal idiosyncrasies.
