LAST OF OLD FOUR STATE DEBTS. CASHED

State Treasury Now in Position to Meet Every Obligation of the Commonwealth

The last of the bonds of Pennsylvania due in 1912 has just been redeemed by the State Treasury and the outstanding debt of the Keystone State is now \$659,160, with about \$175,000 of the bonds of 1912 and due two years ago. In 1881 the Legislature authorized issuance of \$9,450,000 of refunding bonds, the bulk of which were put out at 4 per cent. The bonds being at 3 1/2 per cent and 3 1/2 per cent bonds were redeemed some time ago and the \$6,000 paid was of the 4s.

Toga's Good Work.—Toga county is preparing to conduct contests in corn and potato-growing this year. Superintendent E. A. Retan, Mansfield, has sent a letter to his teachers and the leading newspapers of the county, in which he outlines the conditions of the contests and urges all of the young people of the communities to enter. The Mansfield Fair Association is co-operating in this work, and prizes of \$5, \$4 and \$3 are given for the three best exhibits of corn and for the three best half-bushels of potatoes.

Inspection Bulletin.—Adjutant General Stewart has issued a bulletin of instructions for officers of the National Guard in regard to the reports on allowances made by the State. A system of accounting for each branch of the service is outlined. The reports are required between June 15 and June 30.

Inspection On.—Commissioners of the State and Waking inspections in the Pittsburgh district. During this week Public Service officers will be busy in several sections of the State and will come back here on June 2 to resume short line hearings.

Examinations Due.—The State Forestry Department announces that the annual examinations for entrance to the Altoona Forestry Academy will be held June 11 and 12 at the Capital and Central High School. The physical examinations will be held on the first day at the department and the written tests at the High School. Only residents of Pennsylvania between 19 and 25 will be eligible.

No Decision On Camp.—Decision will be reached within the next few days as to whether the camp of instruction for National Guard officers will be held at Mount Gretna next month or not. All preparations have been made for the encampment at Gretna, but the service and recall of officers who are to instruct their regiments have caused some doubts. Adjutant General Thomas J. Stewart said today that he could make no statement on the subject at present, but that a determination what to do would be made in due time.

Contract Ruling.—An opinion has been given by the Attorney General's department to the trustees of the University of Pennsylvania that a contract for a maternity hospital for the university need not be let before June 1 this year and that work must be started before May 31, 1915, to secure the appropriation of \$75,000 made by the last Legislature for the purpose.

Going to Boston.—The State Economy and Efficiency commission, which is making an investigation of state commission offices in Philadelphia the first of the week, will go to Boston Wednesday to meet with the Massachusetts state commission.

Violated Cattle Law.—Charged by the Livestock Sanitary Board with bringing cattle into Pennsylvania from Ohio illegally, D. E. Stambaugh of Sharon, Mercer county, was ordered to pay a heavy fine and costs by a local court. With the exception of cattle for immediate exportation, all bulls, cows and heifers above the age of six months are required when brought into Pennsylvania to be accompanied by a health certificate. Steelton MIDDLETOWN & High SPIRE 81,240 WORTH FOR LOTS DOWN IN JERSEY

Work There Was Promised Too, So Foreigners "Lit"; Now Want to Sue

Nine Steelton foreigners are to-day trying to decide whether or not they have been swindled by a "Get-Rich-Quick-Pullington" of real life. Here's what is puzzling them:

About two months ago a prosperous-looking, brisk real-estate operator called upon a number of the thirty residents of the borough's foreign colony. He wanted to interest them in a big real estate development scheme down in New Jersey, he explained. He painted glowing word-pictures of the immense fortunes to be made in real estate and pointed out all the advantages of owning your own home in an exclusive residential district such as the one he was offering to eager investors.

When several of the "prospects" complained that times were rather bad here and that work was uncertain, the salesman, according to the foreigners, offered them positions down in New Jersey.

The other day Stulch, wrote to the corner lot for \$600 and a good corner lot could be purchased for \$250 more. It was only necessary to make an initial payment of \$100 and \$5 per month thereafter for 100 months.

That was all.

Peter Stulch and eight of his fellows went in on the scheme. Total payments aggregated \$1,240.

The other day Stulch, wrote to the New York office of the firm. His reply came this morning. In effect it says that after looking up his contract of purchase it is found that the contract is void and of no effect. The Jersey factory, there is never an opening, and in conclusion would he please make all remittances for the balance due on his contract to this office promptly.
