Fine, journeyman tailoring stands upon its merits. It meets and defeats every argument for ready-made clothing. When altered the ready-made is just what its name implies. It lacks all that a custom-tailored suit possesses—character, individuality, fit, finish and staying qualities. For a perfect fit try George F. Shope, the Hill Tailor, 1241 Market street.

"Twelfth Night" at Academy During Commencement Week

MISS GRACE FISHER.

Miss Grace Fisher, who will be seen with the Devereux Players June 3, in "Twelfth Night" under the auspices of the Harrisburg Academy, is a sister of the famous William Armes Fisher of Boston, Massachusetts. At an early age she studied harmony and composition, planning a musical career. It was then that Mme. Modjeska, a close friend of the Fisher family, saw for the young musician a brilliant historic future, and begged to have the girl in her company.

As the special protegee of Mme. Modjeska, Miss Fisher was in her company for seven years until the death of the famous artist, visiting her at her villa in California and constantly studying the Shakespearean Heroines under her guidance. Thus her training and experience are unequalled, and her viola stands out as the most beautiful interpretation of the role ever offered on the English-speaking stage.

Aged, Wrinkled Faces Easily Rejuvenated
An aged face is often only a mask to a comparatively youthful person. Beneath is a countenance young and fair to look upon. It's a simple matter to remove the mask. Ordinary mercerized wax, to be had at any drug store, gradually absorbs the worn-out surface skin; in a week or two the user has the loveliest pinky white complexion imaginable. An ounce of the wax usually is sufficient to complete the transformation. It is put on at night like cold cream and taken off in the morning with warm water.

How Actresses Remove Superfluous Hair

They Use El Rado—the Safe Liquid Hair Remover

The methods used by actresses to remove unsightly hair growths are valuable for other women to learn—women who have long been embarrassed by growths on lip, chin, face, neck or arms. The most generally used preparation is El Rado, a scientifically prepared liquid. A few drops, a simple application, and instantly the hair vanishes. El Rado dissolves it as your coffee dissolves sugar. Medical science knows of no chemical agent which will eradicate hair permanently without serious injury, but it is an established scientific fact that El Rado will remove hair for safe, simple and thorough manner. When the hair finally reappears it is finer instead of coarser, and with a few drops it can instantly be removed again for a still longer period.

Is there a beauty preparation in the world that can improve one's appearance better than the successful removal of an unsightly hair-growth? The fact that many physicians use the ingredients in El Rado for exactly the same purpose—hair removing—shows how absolutely harmless its action is. The skin is left smooth and velvety, even whiter than before, because of the soothing, antiseptic properties.

El Rado is used by thousands of women everywhere, in every station of life as an indispensable toilet necessity. You need have no more hesitation in asking for it at your druggist's than in calling for a toilet powder. Get a 50c or \$1.00 size bottle today. Try it on your arm; prove for yourself it will do everything claimed. Your money back if you are not pleased with the result. If inconvenient to call at your druggist's it will be all right to order direct from the Pilgrim Mfg. Co., New York. Valuable information sent on request.

In this city El Rado is sold and recommended by Golden Seal Drug Store, E. Z. Gross; Kennedy's Drug Store; Kellers Drug Store.—Advertisement.
