## When Coffee Gets You---

The experience will be like that of thousands who have ignored the fact that coffee contains a habitforming drug, caffeine-about 21/2 grains to the ordinary cup.

Some say, "Coffee don't hurt me," and seem to get on with it for a time. But there are few persons who can use coffee as a routine daily beverage and not sometime, feel its effects-headache, nervousness, indigestion, biliousness, sleeplessness, heart trouble, or some other discomfort.

> Thousands have found relief by stopping coffee and using

A delicious table beverage made only from whole wheat and a small per cent. of molasses, POSTUM contains the nourishment of the grain, including the essential mineral salts (phosphate of potash, etc.), but is positively free from the drug, caffeine, or any other harmful substance.

Postum now comes in two forms:

Regular Postum-must be well boiled-15c and 25c pkgs.

Instant Postum-a soluble form-requires no boiling-30c and 50c tins.

The cost per cup of both kinds is about the same.

There's a mighty army of POSTUM users -the number is steadily growing-and
