

Makes Life Worth While

By ELLA WHEELER WILCOX
A woman has lost her only child, a man has lost his possessions in an earthquake. They wonder how any intelligent human being can believe in God.

"What do you know about God?" they ask.

Not so much as many great ones know, yet more and more with each passing year, so that life grows more radiant with each step forward toward the final goal. For ever upon the path shines the smile of Him I know to be God.

Belief Makes Life More Radiant With Each Step

I know this earth is but one room in my Father's Mansion, and that whatever my experiences may be in this, they are but to prepare me to enter larger rooms.

Experience is the object of all life.

We came from the Great All Source, and we are returning to it. That we can make the journey for ourselves and others happier and more beautiful by an absolute, unswerving faith in the God of Love back of all things I know.

That a belief in our own divine origin and our oneness with God, in old and new circumstances and turn of events to good I also know. But the way to such molding is long and the path steep, because it leads over the shoulders of self, and we must climb our own stairway through the rooms. But God awaits us at the summit.

The great trouble with most of us is that we magnify our petty lesser selves and desires and tasks, and ignore our real selves, and then doubt the existence of a God because our lesser selves suffer some disappointment or pain, which need not have come to us if we had recognized the divinity within.

God made millions of worlds—millions of planets. No man can make one or even explain how the beginning began. Therefore the most reasonable explanation is that He whom we call God made all.

The magnificence of this vast universe is beyond the scope of human intellect.

One glance through a telescope at

the heavens is enough to make the most brilliant being on earth sink back in unutterable awe.

Yet poor, petty creatures are daily and hourly sitting in judgment on the Creator of All Things because a hail-storm destroyed a harvest or a lightning stroke killed a cow, or death claimed a child, or a thief robbed the house.

Be still and be ashamed, O petty cavillers!

Look up and out at the glory of creation, and know that God lives, and that you are part and parcel of Him, and nothing can befall you once you acknowledge this truth that all is for ultimate and universal good.

God is Love.

Here is what Seneca, a Roman philosopher, said two thousand years ago:

"God is near you, with you, in you. There dwells within us a holy spirit, the watcher and guardian of all we do, good according as we deal with Him so He deals with us."

Epictetus, a Greek philosopher, and a man of great wisdom, who lived a hundred years before Christ, said:

"Be always ready to resign the blessings which God's providence has lent you for a while. Never say anything about 'I have lost it,' but say 'I have been restored. Is your child dead? She has been restored. Is your wife dead? She has been restored. Has your estate been taken from you? Has not this, then, also been restored? But he who has taken it from me is a bad man. But what is it to you by whose hands the giver demanded it back?"

In every age there are a few souls who listen to great truths like these and realize that they need only live these truths to be at peace with God and man.

Vast and cumbersome and blind creeds seem to be the machinery by which the masses of the world move.

And slow is that movement and slow is that pitiful to think of the miserable, fear-wrecked beings who have wept bitter tears over dreary dogmas, trying to find "illumination."

Live to This Thought and You Will Be Reconciled

Trying to reconcile the irreconcilable and paradoxical statements of supposed teachers, when all they needed to obtain light, happiness and hope was the old, old truth, "God is near you, with you, in you."

Live to this thought and you will need no other thought.

Syracuse Father Is Hunting Young Son Who Left Home

Special to The Telegraph
Columbia, Pa., May 27.—D. A. Cornish of Syracuse, N. Y., is here searching for his lost son, Albert C. Cornish, who left home in the beginning of May, in company with his cousin, Harold Rood. The boy is seven years old and is believed to be in the vicinity of Buffalo, N. Y., and then informed his parents that he would start for home. He never reached there. Getting a clue that led him to believe that the youth had reached the vicinity of Harrisburg, the father followed it up, only to find that he was too late to trace his lost son. Coming to this place to-day he learned that a boy answering the description of his son had been here, but had left for parts unknown. The father is asking the authorities to co-operate with his in finding his son.

The Reliable House For Pianos

JOHN BROS. 8 North Market Square

OILING TEN MILES OF ROAD

Special to The Telegraph
Columbia, Pa., May 26.—In order to overcome the dust nuisance, the Lancaster and Susquehanna turnpike company has started to oil the pike the entire distance of more than ten miles, from Lancaster to Columbia. Fifteen thousand gallons of oil are being spread over the pike with an oil sprinker.

Some Wonderful Secrets That Bring Quick Beauty

The Sure and Quick Road to Real Beauty. Famous Beauty Secrets that Have Made the Theatrical Stars, Valaska Surat, America's Greatest Self-Made Beauty

By Valaska Surat

DANDRIF UP

Yes, you can get rid of dandruff right off. But you want something which not only removes dandruff completely but that will actually bring new growth of hair. For this you can never get anything as startling in its results as the following mixture. To half a pint of alcohol add half a pint of water (or else you may use a full pint of bay rum if you wish) and to this add one ounce of beta-quinol. It has a powerful action upon the hair-cells, hair roots and the scalp. It means a transformation to any hair, vigorous, fluffy, and grows luxuriantly.

HARRIET R.

A skin rejuvenator of remarkable power is a cream made by dissolving two tablespoonsful of glycerine and two ounces of opol in a half pint of hot water. This is stirred until it cools and forms a satiny cream. It means a transformation to any hair, vigorous, fluffy, and grows luxuriantly.

"All You Need Are These Few Secrets, and Surpassing Beauty Is Yours."

You have used anything to remove the superfluous hairs. This is simple sulfo solution. Instead of burning off the hair and injuring the skin, no matter how tough, it dissolves the hair and is a positive benefit to the skin. You moisten the hairs to be removed with simple sulfo solution. You see the hair dissolve away, and you then wash off. The skin is left clear, soft and unmarked. Another splendid feature is that it can be used on the tenderest skin, or any part of the body, with perfect safety. It can be obtained at any drug store.

MRS. O. H. K.

Do not use mechanical instruments for bust development. They are usually injurious. Though it is impossible to assure the desired development, yet the following is worth trying, as it has been successful in many cases. A cup of sugar and two ounces of ruetone should be dissolved in half a pint of cold water, and of this two teaspoonfuls taken three or four times a day. You can secure the ruetone at any drug store.

MARIETTA

No, the beauty creams you are using will never produce the desired result. There is only one real skin beautifier I have ever known and this will remove freckles, red spots and other blemishes so promptly as to surprise you. Mix two tablespoonfuls of glycerine with half a pint of hot water and while stirring add one ounce of zintone, which you can obtain at the drug store. The liberal use of this gives an absolutely perfect complexion, rivaling the purity of a lily or rose. You need nothing else but this to give you your fondest desire.

MRS. G. F. T.

No more powerful blood cleanser than a mixture of twelve ounces of granulated sugar and one ounce of sarsene with one pint of water. One or two teaspoonfuls taken after meals will stop pimples and skin eruptions in a short time. Get the sarsene in the package, by the ounce, at any drug store.—Advertisement.

IN SURPLICE STYLE NEW AND ATTRACTIVE

Corset Cover Made of Flouncing or Embroidered by Hand

8295 Corset Cover, 34 to 42 bust.

This surplice corset cover is one of the newest and prettiest to be seen. Added to its prettiness, it is made of flouncing and, consequently, means almost no labor. There are only shoulder and under-arm seams. The armhole edges are finished with insertion and lace edging and there is a narrow belt at the waist line. If the flouncing is not liked, any plain material can be used with suitable finish for the edges and any fine lingerie material would be pretty with the edges scalloped and embroidered by hand but, as a matter of course, flouncing, whether embroidery or lace, means far less labor.

For the medium size, the corset cover will require 2 1/4 yds. of flouncing 16 in. wide or 1 yd. of plain material 36, 3/4 yd. 44 in. wide, with 1 1/2 yds. of edging, 1 yd. of banding.

The pattern 8295 is cut in sizes from 34 to 42 inches bust measure. It will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.

ERECTING NEW CHURCH

Special to The Telegraph
Hallam, Pa., May 27.—The old Jerusalem United Brethren Church, belonging to the Springlet charge, has been torn down and the erection of a new beautiful edifice began. The pastor, the Rev. D. J. March, is busily engaged and assists with some of the work. The growing congregation is the cause of this movement.

WOMAN FALLS DOWN STAIRS

Special to The Telegraph
Lewistown, Pa., May 27.—Mrs. Mary Hetrick suffered an attack of vertigo at the top of a stairway at her home and plunged headforemost to the bottom of the steps. She was painfully injured. Mrs. Hetrick is 63 years old and is suffering severely from shock.

DIES FROM BULLET WOUNDS

Special to The Telegraph
Huntingdon, Pa., May 27.—As a result of a fight on Sunday afternoon, John Doughenbaugh died here several hours after having been admitted to the hospital. Doughenbaugh is said to have been shot by John James.

Fireman Injured When Auto Truck Breaks Down

Lewistown, Pa., May 27.—About 5 o'clock last evening some rubbish and tar caught on fire on the old canal towpath at the west end of the town and an alarm of fire was sounded. The heavy Henderson fire truck, in running from Wayne street into Market street, struck the street railway tracks and a wheel was torn from the truck, badly wrecking it. It was manned by several firemen, and Jesse Estep was thrown to the ground and had his collarbone broken and received numerous bruises. He was taken to his home, 123 West Third street, and received medical treatment.

CONVENTION AT HERSHEY PARK

Marletta, Pa., May 27.—A big four-county Christian Endeavor convention and picnic combined, comprising the counties of Dauphin, Lancaster, Perry, Berks and Lebanon, will be held at Hershey Park, June 11. It is predicted that it will be the biggest convention ever held in Central Pennsylvania.

Union Pacific System

When Your Baby is Grown Up

THE food you give your baby now will affect him to the last day of his life. The baby that struggles against cow's milk now may grow up with the ruined digestion that makes misery and unhappiness.

Train your baby for life long health from the beginning. Give him your breast milk as long as you can—then wear him slowly on

Nestlé's Food

that for three generations has built up men and women of healthy bodies and clear heads.

Remember that even if your baby can fight the endless sickness that is in the milk from sick cows in dirty dairies—even if he can fight today his heavy lumps in his little stomach—he may later have the handicap of an impaired digestion.

NESTLÉ'S—because it is close to mother's milk—keeps your baby well. NESTLÉ'S brings health and strength, bone and blood and muscle.

In NESTLÉ'S—made from the clear milk of healthy cows in sanitary dairies—every cow's milk danger has been destroyed—every baby need has been added.

It comes to you in a safe, airtight can—add water—boil—and it's ready. Send the coupon for the trial can today.
