HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is acid in the stomach usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fernementation by taking in a little warm or cold water immediately after eating, a teaspoonful of bisurated magnesia, which is doubtless the best and food corrective known. The acid will be neutralize the acid and stop the fermenalmost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your chemist for the bisurated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.—Advertisement.

HOLD HARRISBURG MEN

plaints showed that sixty packages had been opened, and articles removed. For three months few robberies were r. jorted. Two years ago at least 100 packages had been opened, and from twenty-five to forty packages were reported missing. The packages always drappeared between Philadelphia and Pittsburgh. Decoy packages were sent through but tney were never touched. About six months ago a package of shirts, shoes and gents furnishing articles disappeared in large quantities. Since that time a close watch has been kept on all trains. More decoy packages were used but without success. Employes were suspected but it was impossible to place guilt on any particular man until four raincoats were reported missing between Tyrone and Pittsburgh. This enabled the sleuths on the job to fasten their suspicions on members of crews on four different runs. The men suspected would take time off. Some times they took up other positions, working about the local office, and then going back on the road. shirts, shoes and gents furnishing articles disappeared in large quantities. It shoes that time a close watch has been kept on all trains. More decoy pack, ages were used but without success. Employes were suspected but it was impossible to place guilt on any particular man until four raincoats were reported missing between Tyrone and Pittsburgh. This enabled the steuths on the job to fasten their suspicions of members of crews on four different runs. The men suspected would take time off. Some times they took up to their positions, working about the local office, and then going back on the road.

Esherick Arrested First

The first arrest was that of Esherick at Pittsburgh. He made a confession implicating the Harrisburgers and the Bellefonte employe. Search warrants were secured and in each home goods answering the description of articles for the four men arrested confessed to having taken other articles, some of which they sold and others they gave away.

The plan was to untie a package, remove several articles, and then timp the package reached its destination. Another plan was to change the wrant detection would be impossible until the package reached its destination. which they sold and others tney gave away.

The plan was to untie a package, remove several articles, and then tie up the package in such a manner that detection would be impossible until the package reached its destination. Another plan was to change the wrapper on a package and address it to the home of one of the men in the combine. Later the package was opened and the goods divided. Some point and later a letter was sent requesting that the package be resent to questing that the package be resent to result in the package was addressed to some point and later a letter was sent requesting that the package be resent to result in the package was addressed to some point and later a letter was sent requesting that the package be resent to reach the package in the package was addressed to some point and later a letter was sent requesting that the package is a package was addressed to some point and later a letter was sent requesting that the package is a package was addressed to some point and later a letter was sent requesting that the package in such and books were well and systematically skept.

IF SKIN ITCHES AND BREAKS OUT APPLY SULPHUR

Get ounce of bold-sulphur cream and heal Eczema eruptions right up.

For years, common bold-sulphur has occupied a secure position in the treatment of cutaneous affections, by reason of its parasite-destroying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in irritable and inflammatory conditions of the skin.

The moment you apply it to an itching or broken out skin the itching stops and the healing begins, says a noted dermatologist. Just common bold-sulphur made into a thick cream effects such prompt and remarkable results, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

While not always establishing a permanent cure, it never fails to subdue the angry fitching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the irritated or inflamed parts, like the ordinary cold creams. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the cruption is accompanied with itching.

This is published for Walter Luther Dodge Co., Cincinnati, Ohio.

By Associated Press
Niagara Falls, Ont., May 28—Mediation conferences have been in progress
a week to-day and already many of an

Harrisburg or some other point. Included among the articles taken were: Shoes, men's socks, women's stockings, silk ties, handkerchiefs, raincoats, pipes. Jewelry, underwear, gloves, combs, soaps, perfumes, knives, playing cards, cigars, tobacco, fishing reels, wine and liquors, revolvers, baseballs, compasses, scissors, pocketbooks, brushes, stickpins, seven watches, dress goods and many other articles. Each of the men arrested furnished ball in the sum of \$1,000. The date fixed for their appearance in court is June 8.

to jewelers, clothing men, etc., amounting to many hundreds of dollars; to daily newspapers for Superintendent Friedman; expenses of Superintendent Moses Friedman to Washington and elsewhere, when he also charged up the government with his expenses; moneys paid to chief of police of Carlisle and to the sheriff and detectives for arrests of pupils; Mary B.* Friedman, wife of Superintendent Moses Friedman, expenses, entertainment of guests, \$102.70; pay of musicians, etc.

"These checks so listed are only a few of the checks drawn during said period and are simply noted to show questionable payments made and payments made and payments made and payments made and payments made to football players, and show that an effort was being made to subsidize the public press through these newspaper correspondents, who have been paid many hundreds of dollars out of this athletic fund and have been paid many hundreds of dollars out of this athletic fund and have been supplied with cameras out of said fund; that ministers have been paid attorneys have been paid (some of whom have appeared at the Indian office in Washington recently in behalf of Superintendent Moses Friedman) and these ministers and persons who were so paid out of said athletic funds were the persons who appeared before the joint congressional committee to give testimony in behalf of Mr. Friedman." Girls' Pumps & Sandals

Ministers Paid for Service
Mr. Linnen also says that money
was used to obtain the report of the
national election in 1908.
Another excerpt from the report
says:

was used to obtain the report of the national election in 1908.

Another excerpt from the report says:

"I call your attention to the fact that in 1907-08 \$9,233 was paid football players, and James Thorpe, professional, received \$500.

"Various ministers residing at Carlisle have received \$5 for each Sunday service. This payment for Sunday service usually amounts to \$25 per month. It is noticeable that all denominations other than the Catholic Church has been receiving said payments. One minister who seems to have been especially favored is Mr. Diffenderfer.

"Some moneys have been paid to the Dickinson College at Carlisle to cover the tuition fees of various football pupils who were boarded and housed at the Carlisle Indian School and kept for the purpose of playing football. Some of these pupils so favored were James Thorpe, Frank Mount Pleasant, William Garlow, Gus Welsh, Antonio Lubo, Peter and Frank Hauser, Lewis Tewanima and others. These football players were generally also paid from \$10 to \$15 per month.

"Aside from the cash payments made to football players, they have been furnished with suits of clothing, overcoats, shoes, watches, charms, medals and other equipment, in addition to the regular athletic clothing, viz., sweaters, trunks, stockings, shoes, etc., which are always furnished the teams. These suits of clothing, overcoats, watches, etc., were payments indirectly, instead of money, to these football players."

The act of June 12, 1910, says that money from the athletic fund can be used for these purposes: School entertainments, band concerts, athletic contests, sales of curios or fancy articles manufactured by the pupils.

Warner Denies Charges of Inspector Linnen

cause me to lose my position. He is evidently trying to make good his threat.

"He has made it appear by insinuation that my expense accounts are questionable and has cited one such expense account which, he says, amounts to more than \$1.500, and he would have the public believe that this was for my personal expenses, when as a matter of fact it was the expense of the whole football squad of twenty-five persons on a trip to St. Louis and Denver.

"Every item of any considerable amount inall my expense accounts is covered by vouchers, and there is absolutely no ground for any insinuation whatever that there has been any dishonesty upon my part in connection with the athletic moneys."

HUERTA RECEIVES

[Continued from First Page.]

that main issues between the two missions had been satisfactory resolved in principle, and that all remaining to be determined was whether comparatively minor matters would be included in the negotiations. Prediction that a protocol might be signed within a week bore out earlier expressions that the preliminaries would not be prolonged.

the essentials of a plan for the pacification of Mexico have been agreed upon.

Details are being withheld until there is a complete agreement on all subjects but the main points of the plan on which both sides at present look favorably are the following:

The transfer of the executive power at Mexico City from the hands of General Victoriano Huerta to a provisional president and four cabinet ministers. This talked of body has reached Washington that the Japanese cruiser Idzumo, which has been hovering around Mazatlan, has gone down the coast and subjects but the main points of the latter report is lacking in official confirmation, so far, it is understood that like the German cruiser and Bavaria at Puerto Mexico distribution of the cargoes of the Yyiranga and Bavaria at Puerto Mexico, discount missed as erroneous the theory-that Bremen which conveyed the Ypiranga to the masters of these ships would render the most of the munitions at a port other ports for transportation by rail to the ginally consigned.

resentative men, as nearly acceptable as possible to all factions in Mexico, including the Constitutionalists and approved also by the American gov-

Prompt-recognition of the provisional government would be given by the United States.

Japanese Vessel Is Carrying Munitions

Washington, May 28.—Closely following the landing of munitions of
war for Huerta from the two German
iners at Puerto Mexico, a large consignment from Japan is due at Man-

To Regain a Healthy, Girlish Complexion

If you would have a clear, fresh, girlish complexion, one ounce of ordinary mercolized wax will aid you in this direction more than shelves full of cosmetics. It produces a natural's beauty. This wax, procurable at any drug store, completely absorbs a bad complexion, revealing the healthy young skin underneath. Its work is done so gradually, day by day, that no inconvenience is caused. The wax is applied at night, like cold cream, and removed in the morning with soap and water.

Another valuable rejuvenating treatment—this for wrinkles—is to bathe your face in a solution of powdered saxolite, I oz., dissolved in ½-pt, witch hazel. This has a remarkable action in smoothing out the lines and "firming up" the loose tissue.

Hair Made Beautiful

Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is not so much a gift of nature as a matter of care and proper nourishment. Hair is like a plant—it will not grow healthy and beautiful unless it has attention and proper nutriment. Parisian Sage, daintily perfumed and easily applied, tones up and invigorates the roots of the hair, and furnishes the necessary nourishment to not only save and beautify the hair, but also stimulate it to grow long, heavy, soft, fluffy and radiant with life.

life.

When used frequently and rubbed into the scalp, it will simply work wonders. Just one application stops itching head, removes dandruff and cleaness the hair of all dust and excessive oil

cessive oil.

Since Parisian Sage, which can be obtained from H. C. Kennedy or at any drug or toilet counter, never disappoints, it is no longer necessary for any woman to be humiliated because of thin, streaky, faded, lifeless or unattractive hair—and as you know, pretty hair, more than anything else, helps you to retain a youthful appearance.—Advertisement.
