*RAHLROAD - Devis TRADING MORE ACTIVE AT EXPENSE OF VALUES

SNOW A PENSIONER Declines Were Associted With Recent Disclosures; Bonds **Again Reported Easy**

New York, June 2. — Renewal of liquidation in New Haven, sending that stock down to 637, a loss of over two points and, a new low record, was the noteworthy feature of the second hour. The decline was associated with recent disclosures, connected with that system, and the road's rather favorable April earnings were ignored. Missouri Pacific soon lost all of its early advantage and the list as a whole showed losses that ranged from substantial fractions to over a point. Trading was slightly more active, but at the expense of values.
