

## TO INVITE CHURCHES IN CITY SUBURBS

(Continued from First Page.)

of the Harrisburg churches for this afternoon at the Young Men's Christian Association.

The churches in Steelton, Highspire, Oberlin, New Cumberland, Lemoyne, Camp Hill, West Fairview, Enola, Penbrook, Progress, Coxestown, Rockville and Paxtang will be included in the invitation.

### The Return Trip

Filled with zeal for the work to come in making Harrisburg a better city, spiritually, morally and municipally, the seventy churchmen returned to the Hazleton trip this morning at 2:20 o'clock. Little sleeping was done on the return trip, as the party was too full of the good things they had learned at Hazleton to do anything but talk over the preliminary campaign plans. One of the first things that must be taken up is the matter of finance. At least \$10,000 must be raised to take care of the preliminary expense, and before the campaign is ended fully \$10,000 will have to be procured by the executive committee. Much of this amount will be raised during the tabernacle meetings.

Several weeks prior to the formal opening of the campaign representatives of the Stough party will come to Harrisburg to start the evangelistic ball rolling in this city. D. Spooner, musical director, and Miss Sara Palmer, director of woman's work, will be among the early arrivals of the Stough party. F. T. Cartright, associate of Mr. Stough, will come to Harrisburg several times during the summer to see that the preliminary work is going on as it should.

### Alas! For the Worldly Resorts

Speaking of the methods to be employed at the tabernacle meeting in Harrisburg, Dr. Henry W. Stough said that he intends making the meetings so interesting that the movies, the vaudeville houses and the barrooms, and the public dance halls will be practically deserted.

"To get people to hear the preaching of the Gospel," said Dr. Stough, "it is absolutely necessary to do something more made more interesting than the worldly attractions."

The feature of yesterday's trip was the evening tabernacle meeting. It was "miners' night" and fully 2,000 men who work in the Hazleton collieries attended. Prior to the meeting a parade was held on the main streets of Hazleton. Two local miners' unions who had the highest percentage of members at the meeting received prizes of American flags. Dr. Stough urged every miner who has "hit the sawdust" trail to join some church. Many of them promised to do so.

During the tabernacle service the Harrisburg delegation sang alone and, in the words of Dr. Stough, they did it "all to the mustard."

### Inside Campaign Glance

The Harrisburg church people got an inside glance at the members of the Stough party yesterday afternoon when a special meeting was held in the big revival tabernacle, to which only the Harrisburgers, the executive committee and the pastors of co-operating Hazleton churches were invited.

In detail the Harrisburg people heard how the campaign in this city is to be waged. Dr. Stough outlining both the necessary preliminary work and the work of the actual campaign in November.

"The campaign will not be primarily for the church people," smiled Dr. Stough, "but for the non-church people. Not that a lot of church members do not need stirring up down in Harrisburg, from what I can learn. Doubtless there are a lot of people in the church who ought to be out of it and a lot out of it who ought to be in it. If righteousness is taken into consideration."

### Expects Many to Be Against Him

"Hundreds of church folk will be against me," grinned Dr. Stough, "of that I am sure. Many a long-faced, self-righteous soul will raise his hands in holy horror at the methods employed in the campaign. I will not preach to suit a lot of these good souls. I will not talk for the benefit of those whose delight is in beautiful rhetoric and literary excellence. I am going to talk so that the 'roughneck' on the back seat can understand me. I am going to please the man who comes from the billiard hall and the barroom, the girl who hails from the public dance and the brothel. And, of course, a lot of heterodox individuals will be peeved."

"Isn't Stough awful?" you will hear many a one say before I have been in Harrisburg a week. "Doesn't he use the most desecrating language in the pulpit?" they will add. "Why, he is a pulpit mountebank!" they will lament.

#### YORK BERRIES ARE HERE

The home-grown luscious strawberries from York county farms are now arriving in great numbers at S. S. Pomeroy's. These are always in great demand and are shipped in variety and are being sold at the lowest market prices. Either phone will reserve your order for a box or a crate. S. S. Pomeroy, Market Square grocer.

#### MEN'S \$4 OXFORDS, \$1.98

We have some broken lots of Burt & Packard oxfords (men, formerly sold at \$4 and will be closed out at \$1.98. Not all sizes, but splendid values in recent models that cannot be duplicated. Just in time for the oxford season. Many other dependable values at E. F. Deichler's, Thirteenth and Market streets.

#### IMPRESSIONS

Ask the plumber if there are any folks ill in his block and maybe he'll say no. Then ask the doctor, he'll say yes, several. The doctor is in touch with illness. So it is concerning accidents. You think few accidents happen. I am in touch and I find that accidents happen every minute. Furthermore, I know that the prudent man insures. "It's insurance" at the Essick offices.

#### THE SAFE-CABINET

Just what it's name implies; a safe in the form of a cabinet that protects your files or documents against fire. The only Safe-Cabinet accepted by the National Board of Fire Underwriters and adjustable to meet any fire requirement. No screws, no bolts, no rivets, no solder. Write for report of fire test. Cotterell, office supplies, 105 North Second street.

#### POCKETBOOKS VARY IN SIZE

But a \$10 bill will take any suit in the house regardless of price at the Klein Company Store, 8 North Market Square. The former selling price of these ladies' suits varied from \$22.50 to \$42.50 and represents the very latest in styles, as you know that our policy is to carry nothing over from one season to another.

#### ALWAYS INVITING

That noon-hour luncheon that is especially prepared for the busy men of Harrisburg at the Columbus Cafe is surely a delicious luncheon for 40 cents. The food is nicely cooked and faultlessly served. Try one of these luncheons to-morrow noon. Hotel Columbus, Third and Walnut streets.

The pianos for this co-operative sale were personally selected at the factory by Mr. J. H. Troup and upon arrival are being tested and inspected by Prof. L. I. Evans, organist Ridge Avenue M. E. Church.

# All records of piano selling surpassed The success of this co-operative sale has been almost electrifying

Copyright, 1912, by Stone &amp; McCarrick, Inc.

THE success of this sale was foretold the day it opened. It started out a success—and has kept it up ever since. The store has been as busy as a department store, where thousands of things are sold instead of a few. Up to this writing we have sold and delivered just sixty-seven instruments MORE than the largest estimate put upon the PROBABLE SALES for the given time—which means—that the sale will close from a week or two weeks earlier than we had expected. Remember—when three hundred pianos and one hundred player-pianos have been sold—THE SALE ENDS. Not another one of these instruments will be sold AT THESE PRICES, UPON THESE TERMS, OR UPON THIS PLAN. So come NOW.

## Success due wholly to this mutual plan

Co-operation and concentration did it. THE PLAN has done it all. You got a good, durable piano, worth three hundred and fifty dollars of anybody's money, for two hundred and forty-eight dollars and seventy-five cents. This was a saving of one hundred and one dollars and twenty-five cents—to begin with.

You paid five dollars when you selected your piano, leaving two hundred and forty-three dollars and seventy-five cents to be paid. To pay this balance you were allowed one hundred and ninety-five weeks' time. This made the payments amount to only one dollar and twenty-five cents a week. You could take the full time—one hundred and ninety-five weeks—or not, just as you wished. If you paid in shorter time, you earned and were paid a cash dividend of fifteen cents a week. After the balance of two hundred and forty-three dollars and seventy-five cents was paid, there was then NO FURTHER INTEREST OR PAYMENTS OF ANY KIND TO BE MET.

You could get YOUR MONEY BACK after a thirty days' trial, if you wished. If you kept the piano you could exchange it without loss at any time up to within one year from the day you bought it. And all unpaid payments were voluntarily cancelled in the event of your death while you were still paying for the instrument.

Besides this you got the protection of a joint guarantee, signed by both the manufacturers and ourselves, PROTECTING YOU ABSOLUTELY FOR FIVE YEARS.

What more could have been given? What more wished? Could you have suggested any further privilege or conditions that would have been of advantage to you?

### Player-pianos also on same plan

One Hundred player-pianos are also being sold on this co-operative plan.

The usual price of these player-pianos is five hundred and fifty dollars each.

The co-operative price is three hundred and ninety-five dollars, with NO INTEREST to be added.

The player-piano will also be delivered immediately upon the payment of five dollars.

The payments are two dollars a week—giving you one hundred and ninety-five weeks' time in which to make your payments the same as on the piano. The same unconditional guarantee that is given on the piano is given on the player-piano.

You can also get your money back at any time within thirty days.

You get the same privilege of exchanging within a year, as that given with the piano.

All of the unpaid balances will be voluntarily cancelled in event of death.

Also, a player-piano bench and nine rolls of music (your own selection) are included without extra charge.

An arrangement will be made with each purchaser whereby new player rolls can be procured at a cost of only five cents a roll.

These player-pianos are standard \$8-note players; that is, they play every note on the piano when the music roll is in motion. These player-pianos have an automatic shifter, which compels the music to play perfectly. Most player-pianos sold at from two hundred to two hundred and fifty dollars more than these will not play perfectly. These player-pianos have lead tubing. Most player-pianos have rubber tubing. The life of rubber is one year—at most. Lead lasts forever. It cannot wear out and the tubing in these player-pianos is so placed it cannot be broken.

All of the features of the co-operative plan are carried out in offering the player-pianos, with the single exception that the terms on the player-piano are two dollars a week instead of—as on the piano—one dollar and twenty-five cents a week.

### How to obtain one of these pianos by our co-operative plan

To take advantage of this unusual sale, all you have to do is to send or bring in five dollars, for which we will at once give you a receipt.

This five dollars is credited to your account on the co-operative books—leaving two hundred and forty-three dollars and seventy-five cents to be paid.

The co-operative plan then allows one hundred and ninety-five weeks' time in which to pay this amount—at the rate of one dollar and twenty-five cents a week. There are no further payments of any kind to be met.

You can select your piano at once—to-morrow—next day—next week or any other time convenient to you. It will be delivered immediately—next week or next month. The TIME you select your piano and the DATE OF DELIVERY is wholly optional with you.

If not convenient for you to personally select your piano, we will make the selection for you under your instructions, with the understanding that, if at the end of thirty days' trial the piano is not satisfactory, we will REFUND YOUR MONEY.

Oh, yes, they will! I have heard them and I know.

#### As to Knockers

"But I will talk for the man and the woman in the back seat who needs me despite the knockers. If the language of the street explains the love of God to the man in the street, I purpose using it."

Dr. Stough introduced each member of his party, explaining the department work each has to do. He showed that by this departmental work men of every class are reached—men of the shops, the factories, the mills, the saloons; those in the homes, the schools, the public institutions and wherever folk can be reached. He explained that there will be workers for men, workers for women, workers for boys and girls and workers for children. The campaign will be city wide in its scope and its magnitude cannot be understood, he said, until once the work is really begun.

#### Dr. Stough announced that he

favors some site in the Capitol Park extension area for the erection of the tabernacle. The big building will cost about \$3,500 and will seat 10,000.

booze will be the biggest part of the Harrisburg campaign. Speaking on the liquor question, Dr. Stough said:

"The liquor people will have the most perfect organization this Fall that they ever have had. As you doubtless have heard, a tax of from 5 to 10 cents is being levied on every barrel of beer brewed to help in the fight on the anti-liquor people. But I believe the liquor people and their dirty interests are disorganizing. With Billy Sunday in Philadelphia and with the Stough party at Harrisburg next Fall we will give the rum men at least something to think about, and that is certain."

Dr. Stough then explained how he purposed carrying on his campaign. The entire city will be districted and personal workers from each of the thirty-two co-operating churches will get into touch with every man, woman and child in the city from week to week. The business of the campaign will be carried on so systematically that a personal invitation will be given each resident of Harrisburg and its suburbs before the revival is ended.

Following luncheon supper held in the Diamond Methodist Episcopal Church a conference was held with the Stough party, wherein the Harrisburgers were given an opportunity to ask questions concerning knotty problems which they had in mind.

Before the question meeting was over every member in the Harrisburg party was convinced that the business of the campaign will be conducted along the lines of modern business methods.

#### See Labor Parade

One of the most impressive parts of last night's tabernacle services was singing by an 800-voice "booster" choir made up of children between the ages of 11 and 15 years. The children sang stirring religious songs set to the time of the latest ragtime airs, such as "I'm On My Way to Mandalay" and "It's Apple Blossom Time in Normandy."

Announcement was made that a regular feature of the Harrisburg tabernacle services will be singing by a 1,000-voice adult choir and an 800-

voice "booster" choir similar to that at Hazleton.

Where They "Hit the Trail" It was the tabernacle which, perhaps, proved the center of most interest to the Harrisburg church people. The building is a rough wooden shed covered with tar paper. Inside are rows of rough board seats set on a sawdust floor. Here can be seen the origin of the phrase "hitting the sawdust trail."

The tabernacle is well lighted and the crowds are perfectly handled, a special member of the party having charge of the seating and order. In the rear of the building low-priced Bible and New Testaments are sold to converts who want to read the Word.

The tabernacle was crowded to the doors with fully 5,000 people. Stough's voice could be heard in every corner of the vast auditorium. The ventilation of the tabernacle is perfect. One of the things that interested the Harrisburg folk were the collection plates, tin stew kettles being used because they hold a lot when occasion demands. The building is draped with American flags. Dozens of ushers attend to the wants of the people in the audience.

#### Festival to Provide Prizes

and Secure Band For Picnic of Penbrook and Progress

Special to The Telegraph

Penbrook, Pa., June 5.—It has been decided by the union picnic committee of the Sunday schools of Penbrook and Progress, which will picnic at Hershey Park on Thursday, June 18, to hold a festival in Rayson's grove on Saturday evening, June 13, to which everybody is invited. Music will be furnished during the entire evening by the Penbrook Band. The proceeds derived from the festival will be used to defray the expenses of the committee in procuring prizes for contests, securing the services of the band and other incidentals. In case of rain the festival will be held in the Town Hall, Penbrook.

It is expected that the picnic this year will exceed in numbers any ever held by the joint Sunday schools of these two towns, and every preparation is being made by the committee to care for and provide comfort for all who attend. These festivals are a yearly custom of the committee and it is expected that a record-breaking crowd will be present.

## MOVING PICTURE BOARD'S WARNING

Tells Manufacturers That They Must Observe the Law or Take the Consequences

The State Board of Picture Censors today issued a statement in which attention is called to the manner in which the law is to be operated. It is stated that manufacturers are not presenting the films.

The statement is as follows:

"The board again calls the attention of the exhibitors to the fact that application for the examination of films have not been received in quantities which will permit the exhibitors to display censored films.

"The majority of manufacturers

and exchanges and independent companies (with the exception of the universal and mutual companies), will submit to censorship and co-operate with the board. The board has passed upon about 120 films and examined about fifteen or twenty each day at the temporary projecting rooms of the board in the city of Philadelphia where they will be located for about three weeks, or until their permanent headquarters have been equipped. The Universal and Mutual companies, according to the present indications, will have no censored films as they intend to test the constitutionality of the act and will endeavor to have the court direct a restraining order. This will, however, not prevent the board from passing upon other films which may be submitted, and unless such suit is brought by the companies in the next few days, any persons violating the act will be arrested and fined.

"The board desires also to call the attention of the manufacturers and producers that a great many of the old plays are being reproduced on the screen, and cautions the manufacturers that the mere fact that these were

permitted on the stage is no indication that they are necessarily fit for the screen as there is a vast difference between the portrayal of characters, parts and the play itself on the stage and on the screen."
