SWATARA ALUMNI EXTEND GLAD HAND

Class of 1914 at Oberlin High School Formally Received Into Association

Reminiscences and memories of the golden rule days were very much in order last evening by some 200 graduates of the Swatara township High School, when the Alumni Association formally extended the glad hand to the "baby" members—the class of 1914—at the annual reception and entertainment.

The exercises were held in the High School and the classes of 1888, 1890, 1894, 1907, 1908, 1909, 1910, 1912, 1913 and 1914 were represented. William H. Hornum, '88, head of the association, presided. The literary program was opened with a piano duet by Mrs. W. E. Livingston and Miss Fredith Elcheberger.

Following are the officers of the association: President, W. H. Hornum, '88; vice-president, G. W. Smeltzer, '88; secretary, Bertha D. Eby, '94; treasurer, W. J. Bishop, '94; executive committee, G. W. Smeltzer, '88; W. J. Bishop, '94; Bertha D. Eby, '94; Alma Lyter, '07; Olivia Stengle, '08; Meade D. Schaffer, '10; Webster S. Kohlhaas, '12; Russell H. Turp, '13; and Raymond Neff Keim, '14.

ANTI TRUST BILLS PUSHED INTO SENATE

Measures, in Crude Form Pass House, and Will Be Revised in Senate

Washington, D. C., June 6.—President Wilson's trust program passed the House late yesterday. It was an overwhelming personal triumph for the President. The interstate trade commission bill was passed unanimously. The railroad capitalization measure was passed by 325 to 12 and the Clayton omnibus bill, 273 to 54.

The bills now go to the Senate, where although they will be eventually enacted into law before the end of the session, although the Senate, as in the case of the tariff and currency bills, is expected to take its time in considering them. It may be August, September or even October before the bills are ready for the President's signature.

There is an excellent prospect that, however the bills are amended and revised in the Senate, they will eventually go through as administration measures, and the President will reap whatever political credit can accrue from the successful enactment into law of the legislative program.

The Democrats of the Pennsylvania delegation supported the administration on the Clayton bill, as did two Republicans and the Progressive members. Thirteen members did not vote or were absent when the roll was called.

DRIVEN FOR HOLD-UP MEN UNDER ARREST

Police Inspector Says Alibi Furnished by Prisoner Was "Knocked Sky High"

New York, June 6.—After a four-hour grilling, Frederick Kelly, a chauffeur, in police headquarters last night, Police Inspector Faurot announced that he had arrested the man who assisted in the robbery of a taxicab on Broadway and a daring automobile hold-up within an hour of each other in broad daylight yesterday morning, one in Brooklyn and one in Manhattan.

While he could not say whether the same automobile had been used in both robberies, Inspector Faurot expressed the opinion that both robberies had been carried on by the same clique of high-class thieves. The two robberies, staged with equal care and daring, netted the thieves \$3,000 in Brooklyn and \$1,000 in Manhattan.

Late last night Inspector Faurot announced that he had "knocked sky high" the alibi furnished by a prisoner assisting in the robbery. The arrest of Kelly, made less than five hours after he was charged with the robbery, brought out the statement that the police had for the last three weeks been watching Kelly and a gang with which he was connected.

The Manhattan hold-up took place in front of the American Can Company in Fort street, at about 11:30, when \$2,700 for the pay-roll of the company, was snatched from its cashier. The men accomplished their purpose and got away in full view of many spectators.

The robbery, which took place about two hours earlier, was equally audacious. Two men followed the cashier of the Mearns Paste Company, of 52 Jay street, after he had secured \$5,000 for the pay-roll from the Kings County National Bank, entered his office after him, and took the money at the point of a gun.

Robbs Gas Meters Edward Caster, charged with stealing six dollars from a gas meter at 945 West Seventh street, June 1, was arrested last night. Following a hearing at the police station this afternoon he was held for court.

How about yourself? Which would you rather have, good glasses and good eyesight or unsightly wrinkles? Ralph D. Frazer, eye-sight specialist, 807 North Third street.

THE LAST DAY A suit is worn is what you want to judge it by, and not the first week's appearance. That is the real test of its goodness. A suit from Simms gives extra value and it is no longer fit for wear, because the garment is made to fit and the wearing away of material does not affect the shape. A. J. Simms, 22 North Fourth street.

THE OLD PAPER COLLAR How many of the present generation remembers the wearing of paper collars in place of the present Troy-laundered collars? Very few, indeed, and the old paper collar tried to supplant the paper collar but neither stood a ghost of a show when modern laundry methods were introduced. It put Troy on the map, and Troy laundry work is the best for the best in Harrisburg. Either phone for wagon.
