### All Passengers in Two Automobiles Hurt When Machines Crash

The Ford car was badly wrecked and the passengers thrown about the road. Three members of the Reichards family were injured. Miss Irene Reichard was the most seriously injured. She was taken to the hospital and is in a serious condition. Mrs. J. H. Norbeck, cut and injured about body; Miss Irene Reichard, cut and bruised; Miss Beatrice Reichard, fractured and injured internally; Mrs. George Huber, badly cut and bruised about face and body; Clarence Hosenberger, bruised about body; Mrs. J. ## To Have Perfect Skin Throughout the Summer

These days the face needs special care and attention. Flying dust and dirt, the beating sun, are severe on the skin. Their despoiling effects are best overcome by the application of pure mercolized wax. This keeps skin and pores in a cleanly condition, the complexion beautifully white and spotless. Discolored, freckled and roughened cuticle are actually absorbed by one ounce of mercolized wax, obtainable at any drugstore, is sufficient to completely renovate a soiled complexion. It is used like cold cream, allowed to remain on over night, and washed off in the morning.

## Joyful Anticipation of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite overcome by the advice of so many women to use "Mother's Friend." This is an external application designed to soothe the muscles and to thus so relieve the pressure reacting on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses. This splendid embrocation is known to a multitude of mothers.

## ROSY AND PLUMP Good Health from Right Food

"It's not a new food to me," remarked a Va. man, in speaking of Grape-Nuts.  
"About twelve months ago my wife was in very bad health, could not keep anything on her stomach. The Doctor recommended milk, half water, but it was not sufficiently nourishing.  
"A friend of mine then told me one day to try Grape-Nuts and cream. The result was really marvelous. My wife soon regained her usual strength and to-day is as rosy and plump as when a kid of sixteen."  
"These are plain facts and nothing I could say in praise of Grape-Nuts would exaggerate in the least the value of this great food."

### Lebanon Plant Ship Guard 450 Feet Long to Protect Vessels at Lock

Special to The Telegraph.  
Lebanon, Pa., June 8.—To-day Lebanon Chain Company made shipment to the Panama Canal, of the three-inch fender chain which was made here. It is 450 feet long and will be used to guard the gates of one of the canal locks. Forty similar chains are in course of manufacture in various parts of the country. In order that ships passing through the locks may not be thrown against the gates by high winds, the fender chains will be stretched in front of the gates, and then will only be let down for the passage of the ships after it is certain that all conditions are right. The chain shipped to-day was made under the eye of Frank Pierce, a government inspector, who watched every detail of the manufacture from the raw material to the finished stud and open links. ## Fighting Disease Germs

There is a popular idea that most sickness is caused by a germ of the disease finding entrance to our bodies through the food we eat, the water or milk we drink or the air we breathe. This is true as far as it goes, but it is also true that disease germs are entering our bodies every day without causing disease.  
The reason for this is that there are forces within the body that are constantly fighting these disease germs and it is only when this defense is weakened that the germs get the upper hand and we become ill. One of the most powerful of these forces that work for health is rich, red blood. Good, healthy blood increases the resistance of the body to the disease germs that are always threatening. It is easier to keep up this resistance by taking Dr. Williams' Pink Pills, eating proper food, avoiding articles of food that do not agree with us and getting plenty of fresh air day and night than it is to cure disease after it gets a foothold. Keep up the resistance of your body to disease by these tonic pills, which you can get at any drug store, and you will avoid much sickness.

## Goodbye to Pimples if You Use Lax Links

Pimples upon a woman's face generally indicate that the trouble is constipation. Get rid of the constipated trouble by using Lax Links, those delicious candy laxatives, exquisitely flavored with the oil of spearmint. They do not contain dangerous or habit-forming drugs, nor will they gripe or cause pains. They will soon restore the system to its normal condition, thus aiding in keeping the blood pure. ## Make It "Yellowstone" This Summer. Why Not?

If you have never been there go this summer. If you have—I don't need to urge you to go again—you will anyhow.  
You can talk about your "trips to Europe," but right here in good old U. S. A. is the world's wonderland of beauty and interest. Just imagine falls nearly as high as Niagara—then a 1,700 foot chasm with sides a riot of color that rivals the glory of the rain-bow. And then come to wonder at "Old Faithful" Geysers—the magnificent mirrored lakes; and on every hand scenery that defies description. You will surely delight in the stage coach navigation, reminding you of the frontier days. And then you would like to tell you about the attractive and comfortable hotels.  
Leave it to me and I'll plan every part of the trip there and back—and take the details of preparation and starting of your hands. It's a part of the service of the road. The Burlington Route (C. B. & Q. R. R.). I shall appreciate it if you will stop in at the office or write and get our folder about Yellowstone Park with a splendid map in colors and full description.
