AH! MY TIRED FEET ACHED SO FOR "TIZ"

How "TIZ" eases sore, swollen, sweaty, calloused feet and corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestored, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.
When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.
There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.
Get a 25-cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.—Advertisement.

QUEER THINGS IN EXPENSE ACCOUNTS

Public Ledger Turns Up Odd Items in the Sacrosanct Democratic Statements

The Philadelphia Ledger to-day says in a discussion of expense accounts: "That different methods of political manipulation obtain in different counties is clearly shown by a comparison of candidates' expense accounts from various sections of the State. In some of the counties most of the money went for 'watchers' but in others very little of it was expended for that purpose.
"Take Snyder county for instance. Only three persons got a part of \$100 expended there by the McCormick forces for 'watching' the polls and seeing that no unregenerated anti-reorganizer slipped one over on the force of reform and revenge.
"And in Luzerne county, which, according to pre-primary reports, was a Ryan stronghold, not a penny was provided with which to man the polls and prevent fraud. There were no 'watchers,' and yet the committee managed to get rid of a large sum of money in Luzerne.
"There doesn't appear to be any 'watchers' union' in Wayne county, where 14 men overlooked the polls and stood in the way of transgressors for an average of \$2.50 each. Some of them got only \$1.50, and some of them more than \$2.
"In Lycoming county the money was expended for 'getting out voters' and for the 'dissemination of information.' There were forty-six 'getters-out' at \$3 to \$5, and fourteen official 'disseminators.'
"In York county the bills are frankly rendered, in some cases for 'workers,' a term not contemplated by the election law, and, in fact, according to pretty good authority, inhibited by it. The York rite is simple, but expensive. The schedule runs from \$5, received by John E. Hess for watching, to \$75 by C. S. White for 'working' and team work.
"The biggest rake-off yet encountered in any of the returns is reported from York. C. S. White and M. J. Martin each got \$75; B. Crerand, \$70; C. E. Allison, \$25; George M. Harmon, \$20; P. M. Becker, \$20; E. Maul, \$15; W. H. Stiller, \$14, and E. Keech and Lewis Williams, \$10 each. Others received smaller sums.
"Northumberland is also a 'workman's' county, and not a 'watchman's.' The money went to 'workers' in sums of from \$20 to \$120. In Potter also the money went to workers."

AMOS PINCHOT LEADS ANTI-PERKINS FIGHT

Movement Is Started to Oust Chairman of Progressive Executive Committee

New York, June 10.—That Amos R. Pinchot is leading a fight to oust George W. Perkins from the chairmanship of the Progressive executive committee became known yesterday, when it was learned that on May 23 Pinchot sent a 4,000-word letter to the members of the National committee, to Theodore Roosevelt, and to a few other leaders, denouncing Perkins as a menace to the survival of the party, and calling on them to drive him out of the dominant position in party councils which he now holds. This letter was marked "Personal"—not for publication.
It was said that at first Pinchot had been inclined to make his attack on Perkins a public issue, but that he had deferred to those leaders who counseled against giving any publicity to the anti-Perkins crusade at this time, on the ground that the appearance of so bitter a factional fight might have a disastrous effect in the Fall campaign, and especially on the fortunes of the party in Pennsylvania, where Gifford Pinchot is running for United States Senator.
Those who are said to be backing Pinchot in his fight against Perkins include ex-Governor Stubbs and William Allen White, of Kansas, and George L. Record, of New Jersey.
The three principal counts against Perkins are:
That Perkins is a trust magnate, born and bred, and that he has sought to force a pro-trust policy on the Progressive party.
That at the first national convention of the party he suppressed from the copy of the platform handed to the newspapers an anti-trust plank which had been adopted on the floor of the convention.
And that he has fought labor from the beginning, nail and tooth, and has consequently alienated from the party shoals upon shoals of labor votes that are its rightful heritage.
Associated Charities in Need of Money
The monthly report of the Associated Charities of Harrisburg was issued to-day, and calls attention to the pressing need of funds to carry on the work.
The report for the month ending May 31 shows that 113 cases were handled during the month and that 225 visits were made. Fifty-seven cases were handled in co-operation with other institutions and individuals.

TO GIVE OPEN AIR PLAYS ON TUESDAY

"Robin Hood's Merrie Men" and "Pomander Walk" in Natural Theater

The gentle slope on the western side of the Colonial Country Club's house on the Linglestown road will furnish a natural amphitheater and give all spectators a fine view of the stage next Tuesday when the Frank Lea Short company of twenty-five famous players presents "Pomander Walk" in the afternoon and "Robin Hood" in the evening.
Inasmuch as the club has decided to sell tickets to the general public a large audience is assured, especially as a special street railway schedule has been arranged.
"Pomander Walk," out Chiswick way—half way to Fairyland, a place which existed in the legendary year of 1865. Such is the scene and setting of the charming play which will be given in the afternoon. "Pomander Walk" is the story of a group of very respectable people who have settled down in a series of brick fronts, in what was formerly "Pomander Lane."
To this point arrived an admiral of the queen's navy; a very estimable old minister who is an "F. S. N." Jerome Brooke-Hoskyn is a retired butler, or man in waiting, who is succeeding very well in "putting one over" on the good people of "Pomander Lane," for he is a social four-flusher, with a genius at the promoting of a reputation for himself. John Sayle comes one day to Pomander Walk to visit his much-loved superior, Admiral Sir Peter Antrobus, but finds Mlle. Marjolaine Lachesnais the only one at home in the entire court. With this for a setting the story is one of love at first sight with Lord Oxford, tenth baron of his line, his father opposing any match but one which he had designed for his son.
To tell the plot of "Pomander Walk," however, would not give the remotest idea of the play. It is one of those works in which delicate and definite character portrayal create an intense interest in the play. "Robin Hood" is the dashing evening performance.
It has now become an established fact that plays given in the open air are much more charming and interesting than a regular theater entertainment. The large audience, often more than six thousand people at a single performance, which are everywhere greeting the Frank Lea Short company, prove the growing popularity of plays under a real sky, with real trees and real flowers. Tickets are on sale at the Gorgas drug store, The Telegraph office, Diener's jewelry store and elsewhere.

MAY RUN CARS ON MEADOW LANE ROUTE

Difficulties of Work Likely to Result in Change Under Original Agreement

During the construction of the Second street subway under the Cumberland Valley Railroad tracks it may be necessary to run the South Second street cars over the old Meadow Lane and Third street route.
Under the original agreement between the Cumberland Valley Railroad and the Harrisburg Railways Company cars are to be run on one track down Second street during the building of the subway. When one side of the subway is finished the one line track is to be moved to the opposite side. It has been found, however, that this method will not be easily made possible owing to the difficulties of the work, and it is quite likely that some agreement may be reached between the railroad company and the railway company which will result in a change of routes.
In case the cars are run on the old Meadow Lane line temporary trackage will have to be installed in Meadow Lane and Third street to Chestnut, and Second street cars would stop at Third and Market instead of in the Square.
W. K. Martin, superintendent of construction, said this morning: "I will follow closely the provisions of the ordinance unless action of council directs me to do otherwise and unless an agreement is reached between the railroad company and the Harrisburg Railways management."
