35c 45x36-inch bleached pillow cases, embroidered and hemstitched; Friday only, piece 29c

PUBLIC LEDGER OUT FOR DR. BRUMBAUGH

Dr. Martin G. Brumbaugh, the Republican nominee for Governor, received most flattering recognition of his pre-eminent services as Superintendent of Public Schools by the Board of Education Tuesday when resolutions were unanimously adopted expressing the reluctance of the board to accept his contemplated resignation and granting leave of absence, without pay, during the months of September and October, which he will be reading in his campaign.

To Help Nature Shed a Bad Complexion

Beauty devotees are enthusiastic over the beautifying qualities of mercerized wax. Nothing discovered within recent years accomplishes so much, so quickly, without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them. It actually takes off the aged, faded, saw-freckled or blotchy cuticle, gently and gradually, causing no inconvenience. It is Nature's way of renewing complexion. When the natural process is retarded because of deficient circulation or nerve tone, mercerized wax comes to the rescue and hastens the skin shedding. This new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercerized wax, get an ounce of it at the drug store, use it at night like cold cream, washing it off in the morning.

BRUMBAUGH'S ABILITY, HIS QUALIFICATIONS AS EXECUTIVE AND ADMINISTRATOR, AND HIS LOYALTY AND RESISTLESS ENERGY IN ANY SERVICE HE ASSUMES.

Dr. Brumbaugh should receive the vote of every Republican in Pennsylvania; moreover, he is entitled to the unqualified support of every independent, whether enrolled as Progressive, Democrat, Washington or Keystone. The Public Ledger is gratified that there is this evidence to whom can give active unreserved support, and rejoices that the people of Pennsylvania have the opportunity of such a signal ability. Dr. Brumbaugh is a native Pennsylvanian through ancestors who have been honorably identified with this State since early Colonial days and springs from the pure German stock whose achievements are inextricably woven in the history of the Commonwealth and whose record has ever been distinguished for rugged honesty, sound intellectuality, resolute conviction and ardent patriotism.

TREAT POORHOUSE SICK LIKE DOGS

Did they treat you bad at the almshouse? "Like a dog," replied Ceriboni, in Italian. According to a charity worker, who requested that his name be withheld, Ceriboni's treatment is not exceptional. Vermin are found in the bedding in the tuberculosis ward, if not in any other. A patient recently removed from the institution was covered with them. Spencer P. Barber, who was appointed warden at the almshouse when the Republican Board of Poor Directors was superseded by the present Democratic board last January, when he read the above affidavit this morning said that he did not believe conditions were that bad at the almshouse and that he had not found any fifth or vermin in the tuberculosis ward. "I go through there every day," he said, "and have never seen anything such as described here."

HOPE FIREMEN AS HOSTS TO 33 CO.

member has been assessed a certain amount. It is the purpose of the Hope company to have the largest and most attractive division in line. At the head of the Hope division will be ex-Councilman A. H. Kreidler, who is one of the hardest workers in planning for the October celebration. He is also a member of the publicity committee of the State Firemen's Association. On the list of companies coming as guests of the Hope company are three of the oldest volunteer organizations in the United States, including the Exempt Fire Association, of Buffalo, N. Y. Referring to the trip by this famous organization, the Buffalo News says: "The famous Exempt will make the Harrisburg meeting the occasion of their annual outing and excursion. They will leave the Pennsylvania Railroad station at Buffalo on a special train on the morning of October 5, accompanied by Scinta's band of sixty pieces, and a large number of citizens and wives of the members." "The Exempt will spend the night in Clear and will leave for Williamsport on the morning of October 6. Harrisburg will be reached on October 7. The Buffalo firemen will remain in Harrisburg until October 10. On their way home the Exempt will stop off at Emporium. The Exempt will make the trip in full uniform and will take along their famous parade carriage adorned with a Buffalo head."

ADVICE ABOUT HOW TO REMOVE UNSIGHTLY HAIR

Many physicians use the ingredients contained in El Rado for removing hair in connection with their laboratory work. This shows conclusively how perfectly harmless its action is. Thousands of women have discovered this, too, and have learned how to remove hair. They apply a few drops of El Rado to the hair, and in a few minutes the hair vanishes, leaving the skin smooth, velvety and even whiter than before. This is because, positively without the slightest harm, the hair has been dissolved. El Rado is now a standard toilet article, used by thousands of women in their laboratory work. This shows conclusively how perfectly harmless its action is. Thousands of women have discovered this, too, and have learned how to remove hair. They apply a few drops of El Rado to the hair, and in a few minutes the hair vanishes, leaving the skin smooth, velvety and even whiter than before. This shows conclusively how perfectly harmless its action is. Thousands of women have discovered this, too, and have learned how to remove hair. They apply a few drops of El Rado to the hair, and in a few minutes the hair vanishes, leaving the skin smooth, velvety and even whiter than before. This is because, positively without the slightest harm, the hair has been dissolved. El Rado is now a standard toilet article, used by thousands of women in their laboratory work. This shows conclusively how perfectly harmless its action is. Thousands of women have discovered this, too, and have learned how to remove hair.
