FLAG TRANSFER TO BE A NOTABLE EVENT

Veterans Coming Here From All Over the State on Monday to See Standards Go By

Business on Capitol Hill and in official and business establishments in Harrisburg will be suspended on Monday at noon in honor of the ceremony of the transfer of the 350 battle flags of the Pennsylvania commands in the Civil and Spanish wars from the State Museum to the rotunda of the State Capitol...

These battle flags, some of which were so tattered they were placed in the custody of the State that they are almost falling apart, have been encased in silk netting and will be borne furled...

Monday's ceremony is especially for the two last wars. Almost all of the Civil War regiments are represented by flags and all but the Philadelphia City Cavalry has Spanish War flags here. There are no captured flags. The plan is to have the veterans of the wars gather at the Museum at noon. In some cases men who carried colors in the last troop of the colors...

MORE BUGS AT COUNTY ALMSHOUSE

(Continued from First Page)

The few that survived the housecleaning campaign of this week—are bidding each other a sad good-by and are laying plans for a big farewell party on the first favorable evening. It promises to be a well-attended function.

Affidavit Confirmed The affidavit of Joseph J. Pariolo, of 854 Cameron street, who swore that Ernando Ceriboni, an Italian patient who was neglected and badly treated at the almshouse, was confirmed today from two sources.

Charles Phillipelli, who was quoted as a witness by Pariolo, said conditions at the almshouse were just as Pariolo described them and he took eggs to Ceriboni because the sick man said he couldn't get any at the institution. Phillipelli also substantiated the charge that Ceriboni was confined to a filthy bed.

Fred Voght, better known as "Fritz," a former inmate of the almshouse, said: "If it was not for my weakness for drink I probably would be still in the almshouse. The conditions as Pariolo described them I know exist. The eggs go to the steward's table. I never got any when I was in there. The food is not so good nor so plentiful as it used to be. It looks as though the new administration was trying to pay for improvements by making about the almshouse out of the expense of the inmates. Paupers should not expect luxuries, but they have a right to look for enough to eat and clean surroundings. Certainly there was much ground for complaint while I was there."

Voght is a well educated and intelligent man and while not for the temperate habits to which he acknowledges he would never have become a ward of the county.

GIRL KILLED IN AUTO ACCIDENT

(Continued from First Page)

C. Linford Scott, father of the children, is superintendent of the coil and cylinder department of the Harrisburg Pipe and Pipe Bending Works.

Dr. Cumber, a dentist, with offices at 34 South Front street, Steelton, and O. E. Proctor occupied the front seat. The two men were not thrown out.

Auto Crashes Into Car

The crash occurred in Front street near Gibson. Car No. 91 of the Harrisburg Railway Company, in charge of W. R. R. Snyder, motorman, and S. A. Kendig, conductor, was going south. Car No. 95 was coming north. About fifty feet north of the intersection was a big auto truck. Dr. Cumber swerved the machine across in front of car No. 98 and it crashed into the south car. The car, an open one, had no passengers.

As the car loomed up Dr. Cumber gave the steering wheel a still further twist in a desperate effort to pass by on the farther side. But the rear of the auto met the trolley car and the two girls were hurled through the air.

Children Thrown High in Air Esther went high up and when she fell she struck the sidewalk. One of the girls was unconscious and remained in that condition until she died. She reached the hospital at 6 o'clock.

In the meantime her parents had been notified of the accident and hurriedly drove to the hospital. Both were present when death took the little girl.

Funeral services will be held Tuesday morning at 10 o'clock from 1720 State street. Burial will be made in the Harrisburg Cemetery.

Conroy Eckinger has not yet fixed the time for an income, but it will probably take place Monday.

If not the league will order the work done and pay for it from its own treasury.

Y. As usual, the Indian also annexed the honor of having the greater number of survivors, 25, which was greater than that of any other four makes combined.

OUTLOOK IS HOPEFUL FOR A SETTLEMENT

ton government and developments at Niagara Falls. Charles A. Towne, of New York, ex-United States Senator from Minnesota, is General Huerta's counselor, and during the last few days he has conferred with Secretary Bryan and has been in communication with President Wilson over the development of the plan whereby it is proposed to transfer the Mexican government from Huerta to a provisional regime.

Mr. Towne declared to-day that the signing of the protocol was a hopeful sign of a satisfactory settlement being reached.

Mr. Towne was in touch early today with Huerta's commissioners at Niagara Falls, and also in communication with Mexico City by telegraph.

Constitutionalists were present at the protocol, but C. A. Douglass, one of Carranza's legal representatives, conferred with Secretary Bryan.

With regard to participation by Carranza's delegates in the mediation negotiations, it is taken here as practically certain that they will discuss questions informally and unofficially with the Huerta commissioners and the United States delegates. Officially, it is thought terms might be reached upon which all three parties could agree.

Get This

A few weeks ago the factory allotted us fifty-one four cylinder cars, to be sold \$300.00 less than regular price. We only have fifteen more to sell, so if you want a REAL car at a small price, this is your golden opportunity. Never before was such a high grade car offered at such figures.

Think of it—our five passenger 40 horse power car which is sold regular at \$1,785.00—Now \$1,485.00. Our four or seven-passenger 50 horse power which is sold at \$2,085.00—Now \$1,785.00. These fifteen cars will not last long. Can you think of any car with genuine Continental Motor, Warner Clutch and Transmission, Spicer Universal Joints and Timken Bearings selling at such a figure? A word to the wise is sufficient.

Do not overlook our six-cylinder car at \$2,290.00; the greatest performing car in America. Let us give you a demonstration.

Used cars taken in trade. We have just received two new 40 horse power, four-cylinder roadsters. They are beauties.
