Special to The Telegraph
Penbrook, Pa., June 16.—Shortly after arising from bed yesterday morning Eva M. Fishinger, the 11-year-old daughter of Harry Fishinger, complained of severe pains in her head. Her aunt, Mrs. Kennedy, tried to ease the pain by the use of home remedies, but despite all her care the child grew steadily worse. A doctor was called, but before his arrival the little girl died. When she retired Sunday night she was in normal condition and had not complained of any pain. She spent the day as usual and appeared to be in good spirits. Coroner Eckinger was summoned and in the autopsy declared that death was due to hemorrhages of the brain. The child, whose mother died before she was two years of age, had resided with her grandparents here.

SUDDEN DEATH OF CARLISLE VETERAN

Leonard Lins, Borough Councilman, Stricken While Planning Trip to Harrisburg

Carlisle, Pa., June 16.—Just after he had finished making plans with a friend to attend the flag removal held in Harrisburg yesterday Leonard Lins, member of the borough council, active citizen and Civil War veteran, was taken suddenly ill and died of heart failure. He was 73 years of age. Mr. Lins came here from Prussia six years ago and had been prominently identified with the growth of the town. He enlisted during the Civil War in the Tenth Maryland Volunteers and served for several years. He lived on a farm near New Kingston, this county, and was later engaged in business here. He was known as the most prominent authority on the value of real property in the county. His death occurred suddenly Sunday evening just after he had arranged to go to Harrisburg to attend the transfer of the battle flags. Borough council will attend the funeral services, together with the members of Captain Colwell Post, No. 201, Grand Army of the Republic, of which he was an active member.

WANDERERS WILL KEEP OUT

When refused at several places he began to call the women names.

REJECT FIRE BIDS AND ORDER TAYLOR TO RE-ADVERTISE

No Action in Police Appointment; Conference on Briggs St. Measure Tomorrow

COUNCIL'S ACTION IN SESSION TODAY
Bids for Harrisburg's first motor fire apparatus, recently received by Commissioner Harvey Taylor, have been rejected by the American La France Company's special offer of two chemical combination fire motors, rejected and re-advertisement ordered. No action taken on appointment of either Herman Kautz or John Benner to fill vacancy on police force caused by dropping of Clifford A. Palmer in question by the council. Ordinance authorizing opening of Briggs street to width of sixty feet, from Second to Front streets, introduced by Mayor Royal by request. Council decides to confer to-morrow, at 3 o'clock, with interested property owners. Commissioner Harry F. Bowman authorized to confer with Building Inspector James H. Grove and City Solicitor D. S. Seitz relative to demolition of James C. Costello's building regulations relative to building of porches beyond building line on houses in Crescent street, south of Swatara, here approved. Council receives letter from Costello's attorneys demanding that porches be removed. Permit for porch construction given by Grove's predecessor, and Howard Wharton to Camp; curbing of gutter alley. Other new ordinance: By Mr. Lynch, authorizing paving of Howard Wharton street, by Wharton and Howard, Wharton to Camp; curbing of gutter alley. Ordinance passed finally: Authorizing expenditure of \$35,000 to buy park and playground sites, and providing for assistant engineer for park department temporarily, changing names of alleys. Bowman resolution reducing price of water meters and bids for water pipe approved.

After half an hour's discussion City Council this afternoon voted unanimously to reject all the bids for Harolds' fire motors. He appears to be authorized Commissioner Taylor to re-advertise.

Several weeks ago Mr. Taylor submitted the bids to Council, including the special offer of the American La France Fire Engine Company to sell the city two combination motor chemicals for \$10,000. He recommended the acceptance of the special offer, but Council postponed action until to-day.

Commissioners Bowman and Lynch to-day raised the question of whether to bid for two chemical motors, a chemical and tractor could be accepted, whether the slight changes in the equipment suggested by the special offer could not be construed by other bidders as a special concession, and whether the style of car offered would be acceptable.

Mr. Taylor said he recommended the American La France after having closely studied all of the proposals, because he considered that firm the most reliable. He only meant to recommend what would be best, in his opinion, for the city, and said he did not care who got the contract.

Favor Morton Company
The only local bidder was the Morton Motor Truck Company. This firm is understood to be favored by Messrs. Lynch and Bowman because it is a home concern. The Mayor finally suggested that all bids be rejected and that the re-advertisement be directed by Council agreed unanimously.

The expected row on the appointment of a successor to Clifford A. Palmer as a patrolman didn't materialize. Both Herman Kautz and John Benner were suggested as possible candidates. Immediately after the fire bid question had been disposed of Mayor Royal asked:

"Gentlemen, I should like to call your attention to the fact that there is a vacancy on the police force. What do you propose to do about it?" He waited a moment and then smilingly asked: "Or haven't you decided?"

And when the other Councilmen still retained their silence, he went on: "Evidently you haven't!" "Well, Mr. Chairman," suggested Mr. Gorgas, "I move we adjourn."

At 3 o'clock to-morrow afternoon Commissioner Bowman, Building Inspector Grove and City Solicitor Seitz will confer on the question of James C. Costello's demand that the porches on three brick houses fronting on the west side of Crescent street south of Swatara be removed to the building line, in accordance with the building regulations.

DELAY IN MEDIATION IS AGAIN LOOKED FOR IN OFFICIAL CIRCLES

Rebel Followers Not Surprised at Mediators Decision to Bar Constitutionalists

By Associated Press
Washington, June 16.—Temporary suspension of formal conferences at Niagara Falls among the mediators and the American and Huerta delegates during the absence of the Argentine minister, gave President Wilson and Secretary Bryan to-day additional time for consideration of men to be suggested for the provisional presidency in Mexico. Government officials were said to have experienced some difficulty in getting names of eligibles through Constitutionalists agents in Washington. Secretary Bryan was still hopeful to-day of the ultimate success of mediation despite the developments at the Niagara conference. When he went to the cabinet meeting the Secretary of State said he still believed the situation would so shape itself that the Constitutionalists would participate in the mediation proceedings in some form. In heads of the Constitutionalists agency here said they had no new advice from General Carranza but did not profess surprise at the action of the mediators in insisting upon an armistice and the inclusion of the internal problems of Mexico in the scope of mediation before receiving the Constitutionalists delegates. The general opinion in official circles here said that mediation was again confronted with a period of delay and uncertainty, but that another step would be worked out soon.

Brigadier General Funston reported to the War Department to-day that the food supply of Vera Cruz was not in great danger, although some prices were high. The men arrested gave their names as Frank S. Scott, of Pittsburgh, and

William Zane, Philadelphia. The women said they were Annie Scott and Mary Zane, wives of the men. They are charged with the safe robbery at Hanover. It seems that some makers think any kind of tobacco is good enough for a nickel cigar. Small wonder that so many brands have come and gone (accent on gone) during the 23 years that King Oscar 5c Cigars have won and held the patronage of particular smokers. There's a reason---regularity of quality.
