PENAL BOARD

WAS NAMED TODAY
Governor Selects Seven Specially
Qualified Men to Consider
Revision of Statutes

Members of the commission to consider the revision and amendment of the penal laws of Pennsylvania, provided for by the last Legislature, were named today by Governor Tener. The commission has an appropriation of \$5,000 to pay its expenses and is to inquire into the advisability of amending the penal laws of the commonwealth so as to provide for the employment of all inmates of all penal institutions, to provide for the employment of their labor and to provide for utilizing the results of such labor in the penal and charitable institutions of the commonwealth.

The members named are Edwin M. Abbott, Philadelphia, chairman; Dr. Louis M. Robinson, Swarthmore, secretary; W. D. Grimes, Pittsburgh; Samuel I. Spicker, Huntingdon; and Andrew H. Hays, Wilkes-Barre, who are attorneys; R. J. McKenty, warden of the Eastern Penitentiary, Philadelphia, and Dennis Hayes, Philadelphia. The bill provided for four lawyers, one representative of organized labor, one expert in investigations and one experienced in penology.

The appointments announced were: Charles Scheinmeyer, Wilkes-Barre; S. R. Mason, Mercer, and W. R. Hunter, Erie, reappointed trustees of the State Hospital for the Insane at Warren. John H. Landis, Millersville, and P. E. Slaymaker and George Gessel, Lancaster, reappointed trustees of the Thaddeus Stevens Industrial School. William H. Richards, Canonsburg, and John A. Elliott, Harrisburg, reappointed trustees of the Pennsylvania Training School at Morgantown.

Jacob M. Schenck, Lebanon, and Colonel Walter T. Bradley, Philadelphia, reappointed trustees of the Asylum for Chronic Insane at Wernersville. Edward Bailey, Harrisburg, reappointed member of the board of trustees of the Pennsylvania State Lunatic Asylum at Harrisburg.

Expense Accounts. — The Palmer-McCormick committee of Clinton county to-day filed its account of expenses in the campaign, showing \$1,400 contributed by residents of that county. They spent \$1,371.64. The committee's expenses were for advertising and watching. The watchers got from \$2 to \$10 and one man got \$6 for "hiring watchers." The Penrose committee of Lancaster also filed an account for \$260.70.

Primary Bills. — Auditor General Powell said to-day that he had no controversy with the commissioners of Philadelphia county about the primary bills. "The bills are here and are open to inspection," said he.

Going to Philadelphia. — Governor Tener will go to Philadelphia to-morrow to attend the College of Pharmacy commencement.

Senators Here. — Senators C. A. Snyder, Pottsville; S. W. Salus, Philadelphia, and John W. Hoke, Chambersburg, were in the Capitol to-day.

Asking Mercy. — Applications for commutation of the death sentences of three men condemned to be hanged for murder were made to the State Board of Pardons to-day. The application for one withdrawal. The application for the last to be held by the board September and a large list is being considered.

When the application for commutation for Frank F. Schnabel, of Reading, was heard a protest was made by Attorney Heintz, who contended that the reasons advanced were not sufficient to warrant a recommendation of mercy.

The Rev. F. Stephan, of Pottsville, appeared with attorney, and contended for a commutation. Masses, condemned to die for the murder of a woman, was heard to-day. The third case was in April. The application was for commutation of the death sentence of a man named in December. The third case was in April. The application was for commutation of the death sentence of a man named in December.

Rival Charters In. — Applications for state charters for the Equitable Electric Power Company and the Pennsylvania Electric Power Company, both to operate in Philadelphia, were filed to-day with the Secretary of the Commonwealth. In each case the capital is given as \$100,000. The incorporators are M. P. Quinn, John Rapp and Charles Doebler, of Philadelphia. The former application will be heard by the Public Service Commission for approval and the latter by the Water Supply Commission for action.

Standards for Nation. — Officials of the Pennsylvania Department of Labor and industry will map out a plan for standardizing safety methods in the big industries and will ask other states to unite in a movement to make them uniform. This idea was suggested by Commissioner John Price Jackson at the officers' convention held last fall and at the recent convention of factory inspectors of the country at Nashville. It was found that in many of the plants the inspectors were working along the same lines, but that when the Industrial Board has passed upon the standards of safety for theaters, electrical, manufacturing and other establishments, and the regulations have been printed, the other states will be given copies and an invitation given to suggest places where the different commonwealths can get together on uniformity.

Armories Needed. — Members of the State Armory Board will ask the next Legislature for an appropriation program which will place a fireproof armory in every place where an organization of the National Guard is located. This program will require over a million dollars, but it is the idea to spread it out so that the drain will not be heavy on the State revenue, this plan having been found to work in the construction of the new Western Penitentiary. The Legislature will also be asked to make an appropriation to finish the new fireproof arsenal, for whose first story a contract was let recently.

Increases Filed. — The Universal Rolling Mill Company, of Washington, has filed notice of increase of stock from \$200,000 to \$300,000, and the Federated Glass Company, of Uniontown, from \$50,000 to \$150,000.

Motorcyclists Tossed Into Road by Trolley

Running along North Front street at a good rate of speed last evening two men on a motorcycle swerved directly in the path of a city-bound trolley car on the Steelton line of the Harrisburg Railways company. The motorist of the trolley applied the air and reversed his power but was unable to check the speed of his car before striking the motorcycle. The two riders were tossed to the side of the road. Before James Banford, the motorist, could get their names they had disappeared themselves up and were again on their way. A young man's accident occurred within a few feet of the scene of Friday evening's fatality in which little Esther Scott, a 13-year-old Harrisburg girl, was killed.
