

Women and Their Interests

Why Women Marry

Copyright, 1914, by the Star Company. By ELLA WHEELER WILCOX.

Love is the creative power of the universe, and every woman who loves absolutely becomes a creator. All men are unawakened gods, and the woman who loves deeply enough brings out the divine nature of the man she loves.

When a woman loves a man she goes to the uttermost ends of the earth with him, or the desert places, and finds greater happiness than she could find in palaces without him.

There are some things which a woman who loves a man never does. She does not argue with him over trifles or dispute with him over serious things.

She may discuss matters, but as soon as discussion becomes dispute she finds a way to cheat her opponent.

Cupid packs his bow and arrows and flies precipitately from the presence of a woman who will dispute with a man. She does not contradict her lover or husband in public. She does not remark that he always spoils his story in the telling and proceed to interrupt him with her own version of it.

She does not jest about her marriage and say it was a mistake or that she regrets it or that she took the worst of her many suitors.

She does not show pleasure if she receives a compliment which reflects upon him.

If a tactless woman or a designing man tells her she is superior to her husband, she resents it instead of being flattered or pleased.

She does not tell people how her husband neglects her or talk of his shortcomings in order to obtain sympathy.

She does not compare him with other men to his disparagement.

However much a woman may flatter herself that she loves a man, she DOES NOT LOVE HIM if she is guilty of any of these things.

For love creates tact, kindness, sympathy, wisdom and patience, as its spirit guards—and they always accompany it, wherever it may be led.

Woman is supposed to be a loving and a love-giving creature, yet there are those who really love in the full meaning of the word as rare as a white blackbird.

The woman who marries for love, or who marries loving fully and absolutely, is one in one thousand of all the brides on earth.

Women marry because they are asked; because they want a home or an establishment; because they think it is time to be settled; because they feel that they may be superior; because they like the man who proposes; because they respect him; because they think he will get on in the world; because he is a "good catch."

But these reasons do not include love.

Love may include them all, or it may exclude them all.

The woman who really loves is so utterly absorbed in the emotion that she does not stop to consider the advantages or disadvantages, the benefits or dangers of marrying her lover.

She does not hold the man up to inspection to dissect or analyze him.

She wraps him about with a great shining mantle of love and sees in him all the manly virtues of her ideal, and she is so persistently imaginative in her thoughts and feelings regarding him that she creates in him the very qualities of this ideal, and in the majority of cases causes these qualities to express themselves in the real man.

This invariably occurs with the lover of a woman who loves absolutely unless she has selected an insipid man instead of a man as the recipient of her devotion.

Auto Driver Camps All Night at Barred Tollgate

Lewistown, Pa., June 18.—Chester Yoder, of Belleville, this county, after camping out all night with the hood of his auto standing close up against a barred toll gate near Reedsville, has had a warrant issued against the keeper of the toll gate and a test case will be made of the incident. The keeper was acting under the instructions of Manager Reed, of the turnpike company. Yoder was held up because he refused to pay alleged back toll, of which he had been relieved by process of law. Yoder left the seat of his auto this time and offered the keeper the toll for the trip but the latter wanted the back toll and would not accept money for this trip unless the back charges were forthcoming.

MRS. WINN'S ADVICE TO WOMEN

Take Lydia E. Pinkham's Vegetable Compound and be Restored to Health.

Kansas City, Mo.—"The doctors told me I would never be a mother. Every month the pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and I took it until it made me sound and well, and I now have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."—Mrs. H. T. WINN, 1225 Fremont Ave., Kansas City, Mo.

Read What Another Woman says: Cumming, Ga.—"I tell some suffering woman every day of Lydia E. Pinkham's Vegetable Compound and what it has done for me. I could not eat or sleep, had a bad stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything, could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."—Mrs. CHARLIE BAGLEY, R. 3, Cumming, Ga.

FEAR OF REMOVING SUPERFLUOUS HAIR GROUNDLESS

Thousands of women now regularly remove every trace of undesirable hair growths from their faces and bodies. It is totally unnecessary. While medical science knows of no chemical agent which will eradicate hair permanently without serious injury, it is an established scientific fact that El Rado will remove hair for a very long time; its action is perfectly harmless, simple and thorough. When the hair finally does reappear, it is finer instead of coarser, and can be instantly removed again for a still longer period than at first. A few drops of El Rado, a simple application, and in a moment the hair vanishes—it is dissolved, the skin is left smooth, velvety, and even whiter than before.

El Rado is now practically regarded as an indispensable toilet necessity. Innumerable women use it. You need have no more hesitation, therefore, in calling for it than in asking for a toilet powder. Test El Rado on your arm; prove for yourself that it will do everything claimed. Your money back if you are not entirely satisfied. 50c. and \$1.00 size bottles at all leading drug and department stores, or direct from the El Rado Mfg. Co., New York. Valuable information sent on request. In this city, El Rado is sold and recommended by:

Golden Seal Drug Store, E. Z. Gross, Kennedy's Drug Store, Keller's Drug Store, George A. Gargas.

THE GRACEFUL LINES ARE WELL MARKED

Make This Blouse of Yellow Crepe DeChine With Lace Trimmings of White

8274 Fancy Blouse, 34 to 40 bust. WITH THREE-QUARTER OR LONG SLEEVES.

No model could give prettier lines than this one and the blouse has the great advantage of being equally well adapted to the gown and the separate waist. In common with many other fashionable garments, it requires no fitting and, consequently, is exceedingly easy to make and, at the same time, is smart in the extreme. In this case, the material is golden yellow crepe de chine with trimmings of white lace banding and chemisette of white net but, as a matter of course, materials and colors can be varied indefinitely. All fashionable fabrics are thin and soft, so that they are all appropriate, and the design would be charming worked out in the simplest cotton quite as well as in silk; in fact, cotton crepe and cotton voile seem to suit it exceedingly well. Whatever the length of the sleeves, they are finished with the frills that are generally becoming and make a pretty feature.

For the medium size, the blouse will require 3 1/2 yds. of material 27 or 30, 2 3/4 yds. 44 in. wide, with 2 yds. of banding 2 3/4 in. wide.

The pattern 8274 is cut in sizes from 34 to 40 inches bust measure. It will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.

Postmaster at Farmersville Fifty-six Years Resigns

Special to The Telegraph. Farmersville, Pa., June 18.—After a continuous service of almost fifty-six years, as postmaster here, Samuel M. Seidmordridge has resigned and his son, Rufus, has succeeded him. Mr. Seidmordridge was first made the postmaster June 13, 1858, under the administration of President Buchanan, and held it continuously ever since. This service cannot be equaled in the county and presumably in the State.

PARADE OPENS ODD FELLOWS MEETING AT NORTHBURLEND

Special to The Telegraph. Northumberland, Pa., June 18.—Nearly one hundred Odd Fellows, besides Calhoun's band, participated in a parade here last evening, which marked the beginning of the annual meeting of the Canton associations of the Susquehanna valley. Over a hundred out of town associations from Lewisburg, Montgomery, Williamsport, Milton and Shamokin were present. The Patriarchs Militant, the uniformed degree, numbering eight members, headed the procession, led by E. W. Snyder, chief marshal, from Lewisburg. Clarence Wormley was the local Odd Fellow in charge of the affair.

Don't delay any longer if you want one of these pianos

IT'S all over. By the time this ad reaches you the last piano originally apportioned to us for this great co-operative sale will have been sold. A few *may remain*---and possibly *three or four* of the *player-pianos*. But these will be snapped up in the morning.

After that we will take orders until the close of business on Saturday.

This is a concession to belated buyers.

It was the original intention for us to sell three hundred pianos and one hundred player-pianos on this wonderful plan. But the sale simply *ran away with us*. Large as it was, gigantic as was its scope, its success was so *spontaneous* that we are practically *sold out* today. In all our estimates we had fully expected the sale to take two weeks longer.

So we say that "booking orders" for later delivery is a concession to belated buyers. We, ourselves, know a number of persons who fully intended taking advantage of the sale, and who, for one reason or another, have been prevented from doing so. This still gives them the opportunity.

We wish to be understood, however: The sale will *positively close Saturday night*. After that time, no more orders for these pianos or player-pianos *will be received* at these prices, upon these terms or upon these same conditions of sale. Until that time orders will be received and filled in the order taken.

All instruments thus ordered will be personally selected by Mr. J. H. Troup and tried and inspected by Prof. Evans after they arrive. All instruments thus ordered will be subject to the same conditions of sale as though you were selecting one from our warerooms, even to the privilege of a 30 days' trial and **giving you your money back** if you are not satisfied.

\$5 is all it takes to start you

No firm or combination of interests can afford to sell pianos like these *continuously* upon these terms. No house could go on from day to day, month in and month out and give such liberal conditions of sale. The *profits are too small*---and no house can continue in business unless it makes *some* profit. In our first announcement we likened this sale to an "excursion." And as it has been like an "excursion" in its economies, so it is in the fact that railroad companies can not run excursions continuously. They have to charge *full fare* most of the time.

Tomorrow, and up to Saturday night, you can take advantage of this extraordinary opportunity by making a small initial payment of five dollars. You can secure a piano for two hundred and forty-eight dollars and seventy-five cents, worth *three hundred and fifty dollars*, or a player-piano for three hundred and ninety-five dollars, worth *five hundred and fifty dollars*. You start to own and enjoy your instrument then and there—or as soon as it arrives, if it has to be ordered for you. The balance you pay so as not to be a strain upon the flattest purse (one dollar and twenty-five cents a week, if you take a piano, or two dollars a week if you take a player-piano) while you secure conditions which you yourself must say can never again be equalled for liberality. You had better benefit by this opportunity by placing your order with us before Saturday night—to be delivered when you wish.

J. H. TROUP MUSIC HOUSE, 15 S. Market Square, Harrisburg, Pa.
15 North Hanover Street, Carlisle, Pa.
C. S. FEW DRUG STORE, 205 South Union Street, Middletown, Pa.

Remember, player-pianos can also be obtained upon same conditions

One hundred player-pianos are also being sold on this co-operative plan. The usual price of these player-pianos is five hundred and fifty dollars each. The **CO-OPERATIVE PRICE** is three hundred and ninety-five dollars, with **NO INTEREST** to be added. The player-piano will also be delivered immediately upon the payment of five dollars. The payments are two dollars a week—giving you one hundred and ninety-five weeks time in which to make your payments—the same as on the piano. The same unconditional guarantee that is given on the piano is given on the player-piano. You can also get your money back at any time within thirty days. You get the same privilege of exchanging within a year, as that given with the piano. All of the unpaid balances are voluntarily cancelled in event of death. Also, a player-piano bench and nine rolls of music (your own selection) are included without extra charge. An arrangement will be made with each purchaser whereby new player rolls can be procured at a cost of **ONLY FIVE CENTS A ROLL**. These player-pianos are standard 88 note players; that is, they play every note on the piano when the music roll is in motion. These player-pianos have an automatic shifter, which compels the music to play perfectly. Most player-pianos sold at from two hundred to two hundred and fifty dollars more than these **WILL NOT PLAY PERFECTLY**. These player-pianos have lead tubing. Most player-pianos have rubber tubing. **THE LIFE OF RUBBER IS ONE YEAR**—at most. **LEAD LASTS FOREVER**. It cannot wear out and the tubing in these player-pianos is so placed it cannot be broken.

All of the features of the co-operative plan are carried out in offering the player-pianos, with the **SINGLE EXCEPTION** that the terms on the player-piano are two dollars a week instead of—as on the piano—one dollar and twenty-five cents a week.
