HE BORES ELEVEN AUGER HOLES FOR TWO DOLLAR HAUL

Thief Got Trifling Amount in Sub Post Office After Much Work and Big Risk

John C. Armour, a clerk at the S. K. Wilhelm sub post office No. 9 and drug store, at Second and State streets, came to work at 6.55 this morning and found a hole in the back door.

Martin Pazer, who lives above the drug store and owns the building, heard nothing at all during the night, nor did any of the neighbors who live in the houses so close as to make the rear like a court yard. There was a light burning in the front of the store, but the thief or thieves minded neither the nearness of houses nor the illumination, but drilled a 4 by 6 hole in the door. Eleven times the lower panel of the door was punctured by the auger, then the aperture was chiseled out. The intruder reached up and shot back an in steel bar that closes the door.

A step in front of the door is the cash register. But right aside of it was a glass bowl in which is a quantity of small change, contributions to the Harrisburg hospital. This was untouched. Several dollars' worth of stamped envelopes were in the drawer, also were left untouched. The drawers in the desk were ransacked and found piled on its top this morning. But nothing else was touched. A safe with several hundred dollars in the prescription department. No attempt was made to open it. It is generally believed that the thief was frightened away.

Carranza's Reply May Reach Mediators Tonight

By Associated Press. Saltillo, Mexico, June 18.—Via Laredo, Texas, June 20.—General Carranza's reply to the Niagara mediators declining to arrange an armistice with the federals, received its final touches to-day and will be dispatched to-night or to-morrow.

Officials in authority here take the stand that if the constitutionalists are not represented at the conference, the fault lies with the mediators and declare that the demand for an armistice was impossible for the constitutionalists to grant under existing circumstances.

POWLS VALLEY MAN GOES MAD OVER THE MEXICAN SITUATION

Maniac Brought to Harrisburg Insists That 50,000 Men Be Sent to Mexico at Once

Crazed over the Mexican situation a mad man was hurried to the Harrisburg jail this morning from Powls Valley, Wayne township. Raving all the way as the auto pushed him here he was almost uncontrollable when he reached this city. After six men struggled to carry his writhing body up the prison steps he was safely straitjacketed and put in a cell.

This morning neighbors reported to Constable William E. Engle that an insane man was roving in the woods of Powls Valley. Constable Engle started in pursuit and spotted the maniac as he emerged upon a road, running at breakneck speed waving his arms and shouting: "Send those 50,000 men to Mexico right away. Send a telegram." Engle leaped at him and the 220-pound maniac attacked the constable with all the fury of his hatred against the Mexicans. The shouts of the maniac attracted a large crowd around the jail doors. Every few minutes the maniac emits shrieks, curses and imprecations against the Mexicans. He then cries "Send those 50,000 men to Mexico at once. Send a telegram to President Wilson. We must lick the Y." The identity of the mad man is not yet known.

197 Men Are Believed to Have Lost Lives in Great Mine Explosion

By Associated Press. Lethbridge, Alberta, June 20.—After recovering twenty charred bodies at 9 o'clock this morning, rescuers were driven from their work by fire at mine No. 20 of the Millcrest (Alberta) Coalfield Limited, where a great explosion yesterday wrecked the underground property and is believed to have killed 197 men.

AMERICAN AVIATOR WINS

By Associated Press. London, June 20.—Walter L. Brock, the American aviator, to-day won the air race from London to Manchester and back, beating eight competitors.

MISS HAMILTON TO BE FIRST DOMESTIC SCIENCE INSTRUCTOR

Former Teacher in Playground Cooking School Gets Central High Job

MISS FRANCES C. HAMILTON

Harrisburg's first instructor in domestic science in the public schools—the teacher of the new course of home economics at Central high school—will be Miss Frances C. Hamilton, '07, an honor graduate of that institution. Miss Hamilton, who is the daughter of Architect and Mrs. T. H. Hamilton, 214 South Seventeenth street, was elected unanimously by the School Board last evening. Her salary will be \$950 per year.

The city's first public school instructor in domestic science is pretty well known to Harrisburg folks, largely through the success she attained as teacher in the Reservoir Park cooking school during the past several seasons. For the last year she has been dietitian at the Presbyterian Hospital, Pittsburgh. Dives, Pomeroy & Stewart got the contract for supplying teachers' desks at \$17.65 each and the Dunraske Lock Company was awarded the contract for supplying 307 lockers for Technical high school at \$1,089.85. The recommendation of the retirement board that Miss Lola E. Ulrich, who has taught school for forty-four years and eight months, be retired on pension at her own request was adopted. An annuity of \$880 per year is provided.

Following are the recommendations of the teachers committee, which were unanimously adopted: Owing to the declination of E. F. Heiges to accept the principalship of the Maclay building, Miss Carrie L. Faries, the assistant, was chosen to succeed him. Miss Lottie R. Haehnlein was chosen as assistant. Resignations of Misses Ella Martin, Estella Ebner and Bertha Berthel were accepted and the following substitutes elected to the regular list: Misses Helen Keller, Meda Woods, Mary Graber, Sarah Wood, Clara Eaton, Martha Fox, Margaret Fraulich and Carrie Rely.

Although all officials were silent on what took place at last night's long White House conference, it was known that the mediators started for Niagara Falls apparently much impressed with the force of the President's views. President Wilson is understood to have explained to Mr. Naon at great length why he is convinced that peace can come out of the Mexican trouble only by the establishment of a provisional government, fully approved by the constitutionalists, and why, in his opinion, a so-called "neutral" president would only prolong the bloodshed.

The hope of officials here that a breakdown of the mediation may be averted is based upon the attitude in which Mr. Naon received the President's reasoning and the manner in which it is expected he will present it to the other mediators and the Mexican delegates at the meeting late to-day, which many have feared would be the final session of the peace conference.

Angelos Dropped From Carranza's Cabinet

By Associated Press. Saltillo, Mex., June 19, Via Laredo, Texas, June 20.—General Felipe Angeles, acting secretary of war of the Constitutional cabinet, was deposed from that position to-day by order of General Carranza for disobedience of orders.

No further details of the action which caused a sensation here, were made here beyond a statement that Angeles had received certain orders from Carranza and had failed to carry them out.

General Angeles is general of artillery in Villa's army and a strong Villa partisan. His removal from the cabinet reduces him to the rank of general. He is a graduate of the Chautepuete Military Academy and has played a prominent part in Villa's campaign. It was reported that General Manuel Chao, former governor of Chihuahua, who was replaced by General Villa, had been executed on Villa's orders.

HURT AT PICNIC. Mrs. H. M. Kuhn, aged 45, of 2208 North Fifth street, was treated yesterday afternoon at the Harrisburg Hospital for a fractured left elbow. Mrs. Kuhn was injured yesterday afternoon when she fell while attending the picnic of the Reformed churches of this city at Williams Grove.

GENERAL ANGELES IS NAMED PRESIDENT

Argentina Minister Says He Is Confident Mediation Will Succeed

By Associated Press. Buffalo, N. Y., June 20.—"I was never more confident than I am to-day of the ultimate success of mediation," said Dr. Romulo S. Naon, minister from Argentina, when he arrived here at 12:30 o'clock to-day after conferences in Washington with President Wilson and Secretary Bryan.

Minister Naon predicted that negotiations would be continued at least another two weeks. "I am confident," Minister Naon added, "and optimistic, which I have always been. While I regard the difficulties which have been encountered as serious, there are always difficulties in mediation, and it is the duty of mediators always to find a way to overcome them so peace may be accomplished." As the minister took an automobile to a hotel for luncheon prior to returning to Niagara Falls he said he would consult with his colleagues to-night before making any announcement and that there probably would be no full sessions of delegates and mediators until Monday. Dr. Naon declined to say what proposals he had in mind which would break the deadlock in the mediation, but he came away from Washington highly optimistic. He found that President Wilson and Secretary Bryan were anxious for one thing—the pacification of Mexico—and were ready to listen to further compromises or suggestions out of which a solution might be found.

Shadow of Doubt. The publication of the statements setting forth the respective positions of the American and Huerta delegates admittedly has cast a shadow of doubt over the negotiations in that each side finds it difficult to recede from a publicly announced attitude. But there is a strong probability, in the opinion of Dr. Naon, that by abandoning the discussion of types and individuals and going about the other important points in the peace plan a man may be found in the interim who would satisfy, if not the letter, at least the principles of both the American ultimatum as well as that issued by the Huerta delegates. In any event Minister Naon was sure that the mediation at least would preserve the peace of the United States and Mexico and spoke with confidence of the ultimate solution of the internal problem.

Naon Carries Wilson's Explanation of Attitude of U. S. Toward Mexico

Washington, June 20.—Minister Naon, of Argentina, returning to-day to the Niagara conference, bore to the mediators and the Huerta delegates the President's personal explanation of why the United States stands squarely on the position outlined in the recent note of the American delegates.

Although all officials were silent on what took place at last night's long White House conference, it was known that the mediators started for Niagara Falls apparently much impressed with the force of the President's views. President Wilson is understood to have explained to Mr. Naon at great length why he is convinced that peace can come out of the Mexican trouble only by the establishment of a provisional government, fully approved by the constitutionalists, and why, in his opinion, a so-called "neutral" president would only prolong the bloodshed.

UNITED STATES WILL NOT CHANGE ITS PLANS

Washington, June 20.—With the success of mediation hanging by a thread, President Wilson and Secretary Bryan to-day looked to Niagara Falls for a revelation of the final stand that the Huerta delegates would take in a renewal of their conferences with the United States is concerned, the diplomatic die was cast. After the visit of Minister Naon, of the three mediators, it was made known to-day that the administration would stand by the declaration that only a constitutionalist would be acceptable as head of the proposed provisional government in Mexico.

Whether the Huerta delegates would concede that vital point and withdraw from the mediation was the question of a "neutral," no one in official circles here was willing to forecast. Secretary Bryan, however, tenaciously clung to his attitude that mediation was "proceeding satisfactorily." "When I despair of success, I will announce it," declared the secretary. It was suggested that if at the eleventh hour the constitutionalists agreed temporarily to waive their objections to diplomatic consideration of Mexico's internal troubles, it might influence the Huerta delegates to alter their attitude against candidates for the provisional presidency proposed by the United States. One of the objects of Mr. Naon's visit, it was said, was to urge that the constitutionalists recede from their stand against placing the republic's domestic affairs on the program of mediation. As to what extent it had been discussed, the revolutionary representatives declined to reveal.

Administration officials to-day would not indicate whether they and the Argentine envoy had devised any new plan for breaking the Niagara deadlock. "Candy Kid" "Eat Some" Beware of Ointments for Catarrh That Contain Mercury
