Supreme Court in Decision Says Commerce Commission Has

roads and the business interests of the country.

The court decided the long contested intermountain rate case in favor of the Interstate Commerce Commission and against the railroads. Under this decision the reduced freight rates ordered by the commission in 1911 for intermountain points on the transcontinental lines will go into effect.

These reductions have been estimated as high as 20 per cent. and the enforcement of the commission's order will compel a readjustment of rates, affecting nearly all the railroads of the country.

A Now Interpretation
In deciding this case the Supreme Court for the first time has upheld the power of the Interstate Commerce Commission to fixe railroad rates. Up to the present the powers of the commission have been limited to reviewing

Baseball Rejected as Sport at Olympic Games

By Associated Press

Paris, June 23.—Baseball was to-day rejected as one of the sports at the olympic games to be held in 1916 at Berlin.

James E. Sullivan, head of the American delegation, requested that baseball be included, but the president, Baron Pierre De Coubertin reminded him that it was necessary, in order to have baseball considered an international sport, that six countries should play the game.

"Oh, there are six countries playing baseball," repiled Mr. Sullivan, and he began to enumerate them as follows:
"The United States, Canada, England—"
"But, my dear sir," explained one of the English delegates, "we do not play baseball in England."

Mr. Sullivan then gave up.

Westinghouse Plant

Pittsburgh, June 23.—Pickets to-day surrounded the four Westinghouse plants where the strike is in progress, but no attempt was made to pass the closely drawn lines of deputy sheriffs near the entrances. The new bridge built by the electric company was used by a number of men who entered the plant, but strike leaders denied their men were deserting.
