Unseasonably cool weather during the present month brought the makers of Geisha waists to us with a proposition to clean up the stocks which they had planned to sell during the early days of July. We had many of the self same styles in our regular stock and consequently we knew their actual worth from a selling viewpoint.

Altogether 200 dozen of these spic and span new styles came to us at a mere fraction of regular prices, so we announce them to you, in a sale opening to-morrow at a corresponding saving.

You may expect to find complete size ranges, from 32 to 46, in such fashionable weaves as crepes, voiles, batistes, linen and all over embroidery. The trimmings are made up of Venise Val lace insertions, hand embroidery and lace panels, together with touches of organdie or lace.

On account of the uncommonly special prices no garments will be exchanged.
