Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the most helpless but most marvelous creation—a baby. Women are quick to learn from each other those helpful agencies that add to comfort, that conserve their nervous energy and yet are perfectly safe to use and among these they recommend "Mother's Friend."

Subcommittee Makes Report in Speer Case

Washington, D. C., June 23.—The subcommittee regrets its inability to either recommend a complete acquittal of Judge Speer or a conviction so far as these charges are concerned on the one hand, or an impeachment on the other hand. This was the conclusion submitted to the House judiciary committee today by the special subcommittee for months has been investigating charges of official misconduct filed against Emory Speer, of Macon, federal judge for the Southern District of Georgia. The action of the entire committee will be necessary. Complete exoneration of Federal Judge Emory Speer, of the Southern District of Georgia, from charges that led to congressional investigation of his conduct was recommended in a minority report.

POISONED BY THE GRIP

The grip is no respecter of persons. No age or station of life is exempt from it. The grip is not a fatal disease, but it leaves its victims in such a debilitated condition that one of our foremost medical writers has been led to say, "It is astonishing the number of people who have been crippled in health for years after its attack." It is a common thing to hear people date various ailments from an attack of influenza.

The condition of those who have had the grip is one that calls for a tonic for the blood. Dr. Williams' Pink Pills are especially adapted to meet this need, as they purify and enrich the blood, tone up the nerves and give vigor, strength and health to the debilitated system. "The grip left me without any vitality whatever," says one who has found relief, "and I lost all appetite and ambition. I was reduced in weight and was frequently confined to bed for two days or more. My friends thought I was going into consumption. I owe my recovery to Dr. Williams' Pink Pills and cheerfully recommend them." The details of this case and a chapter on the proper treatment of the grip and its aftereffects will be found in the booklet, "Building Up the Blood," which will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.—Advertisement.

Woman Kisses Lion Soon After It Killed Fiance

Chicago, June 23.—Miss Adgie Costello kissed and fondled the lion which less than twenty-four hours before had torn her fiance, Emerson Dietrich, Jr., to death.

INJURED BY FALL

Halfway, Pa., June 23.—Jonathan Pottler fell at his home on Saturday afternoon while repairing a grape arbor and badly sprained his left leg below the knee.

250 QUARTS FROM TREE

Mount Joy, Pa., June 23.—David H. Engle has a cherry tree in the yard of his residence in West Main street from which he picked 250 quarts of cherries, which he sold at 10 cents a quart, thus realizing \$25 for this year's crop.

How To Banish Wrinkles Quickly

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered saxolite in a half pint of water— inexpensive ingredients found in any drugstore. Bathe the face in this, and— presto!— you scarcely believe your own eyes when you look into your mirror and behold the marvelous transformation!

THE EGG-LAYING CONTEST

Proves That It Pays to Feed, All the Year Around, "Lay or Bust" Dry Mash and Eaton's Famous Climax Grain Mixture.

The Two Best Feeds—Positive Egg Makers

You keep poultry for the eggs they lay—they eat in summer as well as winter so it is just as necessary to get eggs in summer as winter to keep your hens making profit for you. EATON'S FAMOUS CLIMAX GRAIN MIXTURE is the best scratch feed, made of pure grains only, of best quality, properly balanced—it is the most economical feed to buy. "LAY OR BUST" DRY MASH is the best dry mash and hundreds of poultrymen have proven its value as a positive egg producer.

Read What These in the Contest Say About These Feeds:

Clyde S. Heckert (Winner of Fourth Prize, Pens of Six) says: "This pen produced 74 eggs, market value \$14.25; cost of feed consumed \$8.50; net profit value \$5.75. I am very much pleased with the results obtained from these feeds. They keep the birds in good health, induce a quick molt with some egg production through the molt, and most important of all, they produce the largest number of eggs at the least possible cost."
G. E. Brown (Winner of First Prize, Pens of Twelve) says: "I was one of the first to use Lay or Bust Dry Mash, having used it for four or five years, and I have never found its equal in producing results. Eaton's Climax Scratch Feed is the most reliable scratch feed I have ever used." Mr. Brown's 12 hens laid 1,437 eggs in six months.
Mrs. W. R. Backenstoss (Winner of First Prize, Pens of Twenty) says: "I think these two feeds are the best egg producing feeds on the market and they mean a full egg basket all the year round." Mrs. Backenstoss has a Barred Rock pullet hatched January 20th; this year, fed on these two feeds since 3 months old, and it began laying June 13, last Saturday. She calls it "Famous," after the name of the feed, Eaton's Famous Climax Grain Mixture.

S. E. Gordon (Winner of First Prize, Pens of Six) says: "My pen of six laid 703 eggs in six months, value \$17.07; actual cost of feed \$3.50; profit, \$13.57. Each hen produced an average of 117 1/6 eggs during the six months, which is certainly all the recommendation needed for Lay or Bust Mash and Eaton's Climax Grain Mixture. Eggs from this pen were used for hatching, producing 80 per cent, to 95 per cent, hatches of 27 hens at present are in perfect physical shape, which proves that these feeds are properly balanced." They make eggs come continually without forcing.
Marcus D. Hoerner (Winner of Second Prize, Pens of Six) says: "I started feeding these feeds to this pen of young pullets five days before the contest started and eleven days thereafter they began laying, finishing the six months with 591 eggs. The feeds are the best egg producers I ever used."
E. F. Brent (Winner of Third Prize, Pens of Six) says: "I think Lay or Bust Dry Mash and Eaton's Grain Mixture make a splendid combination. It would be hard to find a grain mixture equal to Eaton's. We deliver the feed anywhere, call, phone, or write. Lay or Bust Dry Mash—10 lbs., 30 cts.; 25 lbs., 75 cts.; 50 lbs., \$1.25; 100 lbs., \$2.50. Eaton's Climax Grain Mixture—10 lbs., 30 cts.; 25 lbs., 65 cts.; 50 lbs., \$1.15; 100 lbs., \$2.25.
