LUTHERAN YOUNG FOLKS TO RALLY

City-Wide Rally Will Be Held in New St. Matthew's Church Tomorrow Evening

The concluding services of the dedicatory celebration of St. Matthew's Lutheran church, Harrisburg's newest church, will take place to-morrow night, when the entire membership of the Young People's Christian Endeavor societies of the Lutheran churches in this city will rally with the Y. P. S. C. E. of St. Matthew's church, in a city-wide rally.

The handsome new church will be the mecca for Lutheran young folks from all over town and vicinity. The celebration to-morrow night will open with services at which the Rev. Dr. H. B. Stock, of Carlisle, will preach, and a social hour will follow.

The new organization of St. Matthew's is looking forward with a great deal of interest to the meeting and to the opportunity it affords of getting in touch with the older and better established organizations of the other churches. This evening the services will be in charge of the Rev. J. H. Markward and the Rev. S. W. Herman.

Favor Convention.—Thirty-one Christian Endeavor Societies of Harrisburg and vicinity have signified that they are in favor of inviting and supporting the State Christian Endeavor convention financially in Harrisburg in 1916. The remaining twenty-five societies have not yet reported, but in all probability they will help to make it unanimous. The thirty-one societies to date in favor of the project are: Covenant Presbyterian, Sixth Street United Brethren, State Street United Brethren, First United Brethren, Second Reformed, Westminster Presbyterian, Green Street Church of God, Zion Lutheran, Pine Street Lutheran, Bethlehem Lutheran, Centenary United Brethren, Steelton; St. Matthew's Lutheran, Market Street Baptist, Harris Street United Evangelical, Trinity Lutheran, Lemoyne; Church of God, Penbrook; Church of Christ, Cumberland; Christ Lutheran, Lutheran Church of the Redeemer, Olivet Presbyterian, Fourth Reformed, St. John's Lutheran, Steelton; Penbrook Lutheran, Penbrook United Brethren, St. John's Reformed, Capitol Street Presbyterian, Immanuel Presbyterian, Market Square Presbyterian, Park Street United Evangelical, Bethany Presbyterian.

Choral Union Outing.—The annual reception and outing of the Harrisburg Christian Endeavor Choral Union will be held this evening at Reservoir Park.

Mr. Benjamin Whitman will be toastmaster. Among the prominent speakers expected to be present will be Miss Grace D. Bener of Easton, superintendent missionary department, State Christian Endeavor Union; Professor Frank A. McCarrell, chorister of the Christian Endeavor Choral Union; the Rev. Mr. Hallman, pastor Immanuel Presbyterian Church; E. J. Huggins of Harrisburg, Christian Endeavor Union; Charles W. Black, president Dauphin County Christian Endeavor Union, and others. The annual election of officers will be held at the close of the evening's program.

History Confirms 56.—With impressive services in St. Rose's church, York, yesterday, the Rt. Rev. J. W. Shanahan, bishop of the Harrisburg diocese, Roman Catholic church, confirmed a class of fifty-six. After the confirmation Bishop Shanahan preached on the "Seven Gifts of the Holy Spirit."

EVANGELIST HOLDS OPEN AIR MEETINGS AT EDGE MONT
Mrs. Cora Snyder, evangelist, has opened a Union Mission at Edgemont and revival services are being held every night in the open. Thirty-five conversions have been reported. These meetings will continue for several weeks.

Mrs. Snyder is well known as a worker in Harrisburg, having accompanied her daughter, Beulah Snyder, the singing evangelist, in tours over the State.

TAYLOR REFUSES TO LET STUCKER OWN WIP

City 15 cents a load if it hauled the earth away. Taylor's letter: The letter to Stucker Brothers is as follows:

"June 23, 1914.
"Stucker Brothers Construction Co.,
"Mr. Charles E. Stucker, Secretary,
"Harrisburg, Pa.
"Gentlemen:—

"We are in receipt of your letter and accompany blue print of June 19th. This has received our careful consideration, and in reply we beg to make the following statement:

"The plans for the development of the entire River Front have been under consideration for a number of years, and in their present shape are the result of much careful study and revision. They have now reached the stage where they form a consistent and satisfactory whole.

"In these plans contemplate the shore wall of steps with a promenade at the level at the top step; and, if possible, areas at this level into secondary parks, playgrounds and beaches; a planted slope the level of Front street; an upper or main park with depressed paths, promenades, etc.

"Secondary Parks Invaluable
"Owing to the line of the existing bank and the alignment of the river wall, the only possible areas that can be obtained at the lower level are between Paxton and Market streets, and between Front and Front streets. These areas are of such small extent that they are of little value for the handling of such crowds as may congregate at times of water carnivals and other equal events. The areas who is familiar with the splendid landing beach now existing between Mulberry and Market streets, its destruction is unparadisable.

"Of equal importance is the provision for playgrounds. As you present, if well said, it is impossible, except at prohibitive cost, to secure playgrounds anywhere within the city. In question, yet it is only a question of time when the city will be required to furnish some play areas within this district.

"For Playground Use
"The depressed level which you propose to fill in will make an ideal space for just such a playground, and its use for this purpose has already been planned.

"Lying at the foot of the river bank it has a natural barrier on the east which will prevent any objection to the playground from all street traffic. With suitable guards along the river side, it will form a little area unto itself, separated from a busy city—isolated in a cool and shady place in the heart of a district now almost entirely without play facilities.

"Its location in such a place will preserve the present beauty of the park and avoid the only objection to a playground in residential sections; namely, its noise. If you doubt the attitude in regard to this matter, we suggest that you interview the Front street residents living opposite the point which you propose to fill in.

"You speak of the flooding of this area during the winter season. Such flooding during the playground season is sufficiently rare to not be of serious consequence. Also with the steep bank proposed in your plan, some protection by planting or otherwise would be necessary in any event, and all our plans of the past would be destroyed.

"Thus you will see that in refusing your plan as it is, we are but following out a plan long since carefully studied and developed. Such a deviation as you suggested, we feel, be unwise and unwarranted.

"In regard to your proposal to fill out the bank to the street, we wish to express our appreciation of your suggestion. It is however, simply what you promised verbally to do for us some time ago. In fact, we have endeavored in every way possible to assist you upon this basis and arranged for your dumping just north of Mulberry street, with the distinct understanding that you would fill out the bank to the street level. Had it not been for this understanding, we would not have permitted the destruction which occurred in Harris Park.

"We still feel however, that you plan to fill out below Paxton street as soon as the walk is laid, in connection, as per our talk sometime since, to pay half the cost of putting over the bank the cost of our bank, provided we have charge of the labor.

"Concerning the disposal of the main bulk of your fill, at a point at the west end of the city, we are still considering this question and unable to work out a feasible method yet.

"Trusting that you will appreciate our position in this matter, I am, Yours very truly,
"M. HARVEY TAYLOR,
"Superintendent of Parks and Public Property."
H-ASC.

He Was Deaf

Amazing Improvement in Hearing, Edward Gregory, Engineer, Gives Information Free.

An engineer who had ear trouble for years finally became so deaf he could not hear the sound of a steam engine, bells or voices. After vainly seeking relief he was compelled to give up his position. His case seemed hopeless. His deafness was aggravated by head disturbances, dry catarrh, nervousness and despondency. To the surprise of all, he began to hear and continued improving until he could listen to conversation, could hear a train at a distance and even the singing of the birds in the trees. His head and nerves became tranquil. He got his position back again. This was no miracle; no surgery, no artificial hearing devices, no electric apparatus, no loss of time. Whoever is becoming deaf can obtain particulars free by writing to Edward Gregory, 463E. Forbes St., Jamaica Plain, Mass. —Advertisement.
