STOP! LOOK! LISTEN!
You will see those words on every cross-roads signboard as you travel.

USED PIANOS AND ORGANS
The more new pianos and player pianos we sell, the more used pianos and organs are taken in exchange.

AN EYE OPEN
Ready to see and make record of everything you think worth while seeing on your travels or vacation days.

MANY BIG FRIENDS
Are among our small depositors. People who have opened an account with a dollar and added to it from week to week, praise the convenience of a system that makes it possible to cultivate the habit of thrift by putting aside small sums where it may accumulate.

FRESH, FRAGRANT FLOWERS
Cottage bouquets or gorgeous showers, cut flowers and blooming plants; baskets of beautiful flowers that simply captivate can be arranged on short order.

WIRE US TO WIRE
Your home. The most expert workmen are in our employ and efficient electrical engineers to supervise the installation.

A DESK FOR THE BRIDE
One that she would be sure to appreciate would be one of our Colonial reproductions in solid mahogany.

THE OLD RAG DOLL
Is often more precious to a child than the most costly and lifelike one. We have the old-fashioned rag doll and the Chase and Company's rag doll.

GOOD FOR NERVES
A person who is "all in," nerves overwrought, tired and listless, should try one of our Percussion Baths.

TIME AND TROUBLE
A saving of both is accomplished by availing yourself of our Laundry methods. By sending to us your family wash you have more time for other things and avoid the annoyance of troublesome incidents usually associated with washing.

SPECIALS IN WHITE
Canvas shoes for women and misses that are regular \$2 values, our price \$1.49. White canvas pumps in straps and Colonial style buckles, regular \$1.50 value at this store for \$1.00.

COME TO THINK OF IT
It's all right for you to be proud of La France. If you weren't, we couldn't be. La France shoes can't be "ground out." The makers make as many as they can, right, no more.

FOOLS MAKE FEASTS
And wise men eat them. Don't squander your money recklessly. There's good time may seem like a feast to you, but the wise man who gets your money and holds it will live to enjoy it in old age when you are dead-broke.

EVERYTHING FRESH
But the clerks. They are courteous, prompt and obliging, ready to serve you at a moment's notice, or to rectify any possible errors. The success of this store is largely due to the efficient organization and prompt delivery service, as well as to the splendid variety of fresh merchandise.

USED MOTOR CARS
Having taken in exchange a number of used cars from owners who have purchased the new Abbott-Detroit models, we have these cars available at a special price in order to make a clean sale before the first of July.

ALWAYS APPROPRIATE
You will never be at a loss as to what to select for a pretty gift once you step in our store and see the many suitable articles of jewelry. Also watches of leading makes, clocks, table silver, and various other useful and ornamental articles.

REAL MILLINERY VALUES
Everything, including our beautiful stock of summer hats, has been reduced in price one-half and many of them less. When you can buy a \$15 hat for \$8, or a \$10 hat for \$6, and a \$5 hat for \$3 then it's worth looking into.

SHIRT IN SHREDS
When he attempted to get inside of his shirt he found that it began to rip and tear. So brittle from cheap, lumpy starch that it cracked and separated into several sections.

ALWAYS FRESH AND BRIGHT
Common paint may fade and crumble away, but the H. B. Davis paints and varnishes have the quality of ingredients that make them last and withstand the sun, rain or snow. We tell you the difference between so-called paints and the real H. B. Davis quality.

Passing Impressions of Finance
By H. L. Bennet

Gold in a substantial amount keeps going out of the country when it is needed badly at home. Economists who give careful study to the passage of gold from one country to another do not look upon the exportation of yellow metal by any means as the present juncture as a sign of financial health.

After all, the balance of trade as it is known, is but in a larger sense bookkeeping nations wherein the creditor nations call for the payments of the balances due them from the debtor nations in gold, the international standard of values. The near approach of our harvest when the country will be sending abroad a plentiful supply of grain and foodstuffs will bring us some relief from the drain of our gold and by that time perchance there may occur a revival in our business in exporting considerable merchandise.

Psychological is the designation given by President Wilson of the trade depression. Would that it were really so. Mastery of grey matter over the flesh is possible but grey matter cannot produce profits if the material to make it is not there. And it is this supernatural power which the President credits our merchants with possessing. Fortunate is it that our President is inexperienced in business, fortunate I say, for him as otherwise he would hardly venture to give so flimsy a reason for our industrial depression.

Three Big Picnics at Paxtang Tomorrow
Paxtang Park to-morrow will be the scene of three of the biggest picnics held this season. The Knights of Maccabees, which includes four lodges in this city, the Daughters of Rebecca, an auxiliary order to the Independent Order of Odd Fellows, and the Second Reformed Church, are going to the Verbeke streets, will hold their picnics the same day.

THE FLYING MERKEL
Is not an airship, but a high-grade bicycle with original fins. Built in a million-dollar factory by men who have constructed bicycles for eighteen years, the Flying Merkel bicycle is a mechanical masterpiece that is an embodiment of all that is best in these years of experience.
