

MUNICIPAL BOATHOUSE
ALONG RIVER FRONT
TAYLOR'S SUGGESTION

Will Ask Council to Appropriate Funds For Erection of Modern Boat Livery

TO CHARGE SMALL RENTAL

Hundreds of Canoeists and Rivermen Heartily Favor Commissioner's Plan

Before another year has rolled round Harrisburg will boast of a municipal boathouse along the River Front if a plan suggested by Commissioner M. Harvey Taylor can be materialized.

In brief, Commissioner Taylor's plan is this:

To ask city council to appropriate enough to pay for the erection of an attractive, commodious and modernly equipped boathouse with lockers, landings, etc., and to pay for the maintenance of a keeper or keepers.

Owners of boats or canoes who may wish to enroll to be charged a nominal sum until after the cost of the structure is paid back after which only sufficient rental or dues to be charged for boat storage or membership to guarantee the cost of upkeep.

"In other words," said Commissioner Taylor, "my idea is to have the municipal boathouse plan work out on a self-sustaining basis."

The plan of course is only in the tentative stage but the canoeists and boatmen all over the river heartily favor the scheme.

Harrisburg's boating colony already numbers hundreds and the completion of the river dam will mean that additional craft will be on the stream by the end of another season.

Build It in Depressed Park

Just where the proposed structure should be constructed is a matter of the future but Commissioner Taylor's idea is to build it between the Market and Cumberland Valley bridges in the depressed or secondary park.

The commissioner indicated this in a tentative way in his letter to Stucker Brothers' Construction company refusing to permit the dumping of the earth from the Front street subway excavation at that point.

Scores of fine young trees help make the secondary park an ideal spot and it is believed that by constructing the boathouse close to the embankment a scheme of shrubbery and vine planting could be devised which would not interfere with the view from the park.

The location is also considered advisable from the viewpoint of convenience and accessibility. The water would be of sufficient depth there to make access easy; furthermore, it is above the swifter currents that flow under the Cumberland Valley bridge. Then again it is the most centrally located point and is convenient to trolley service from all the city and suburban lines.

Villa Will Not Use Gen. Huerta's Bathtub

Special to The Telegraph
Washington, June 27.—Gen. Francisco Villa will soon have a \$1,000 porcelain bathtub. A firm in Chicago, according to information received today, has filled the rebel leader's order and has shipped the tub to Juarez.

It is believed that Villa plans to carry his new tub to Mexico City to substitute it for that now used by Huerta. There is said to be no bathtub like Villa's \$1,000 purchase either in the White House or in the home of any Cabinet officer here.

DRUMMERS MUST BE 21

By Associated Press
Columbus, Ohio, June 27.—Traveling salesmen under the age of 21 will continue to be barred from membership in the United Commercial Travelers. The supreme council of the order in session here yesterday rejected a proposed amendment to the constitution providing for admission of young drummers below voting age.

ROBINSON SIGNS CONTRACT

New York, June 27.—The Brooklyn National League Club to-day signed Manager Wilbert Robinson to a contract covering 1915, 1916 and 1917. This sets at rest all rumors regarding a change in the management of the Superbas.

BATTLESHIPS REACH NAPLES

Naples, Italy, June 27.—The American battleships Missouri and Idaho, with a large number of midshipmen from the Naval Academy at Annapolis on board arrived here to-day.

ASSURANCE COMPANY HEAD DIES

Toronto, Ont., June 27.—A cable message received at the head office of the Canada Life Assurance Company to-day announced the death of E. W. Cox, president of the company, at Folkestone, England. Mr. Cox had recently undergone an operation for a throat affection.

JAPANESE PRESS AROUSED

Tokyo, Japan, June 27.—The Japanese press generally expresses indignation to-day at the attitude of the United States in the Californian anti-Asian agitation as outlined in the correspondence between the two governments recently published. Several of the newspapers insist that a remedy must be found for the "insulting" situation.

SHIPS WILL BE SOLD

Washington, June 27.—Authority to sell the battleships Idaho and Mississippi was finally conferred on President Wilson to-day by the adoption of the completed conference report on the naval appropriation bill in the Senate. Arrangements have been practically completed for the sale of the two battleships to Greece.

COMMENT ON MEDIATION

Buenos Aires, Argentina, June 27.—The Argentine newspapers to-day made further reference to the success of the mediation conference at Niagara Falls.

CARRANZA DELAYS
ACTION ON MESSAGE
ASKING FOR ENVOYS

Constitutionalist Leaders, However, Believe He Will Send Men to Meet Delegates

WILL NOT HALT CAMPAIGN

Press Dispatches Say Rebel Chief-tain May Give His Answer to Washington Today

By Associated Press

Washington, D. C., June 27.—Administration officials and Constitutionalist representatives in Washington still were waiting to-day for Carranza to decide whether he would send envoys to Niagara Falls to discuss with Huerta's delegates conditions for the world.

City Officials Confer on Need of Funds For The Dam Operations

Members of the Board of Public Works, the Superintendent of Streets and Public Improvements and City Solicitor Seltz will have a conference with the members of City Council next Monday evening regarding funds for the emergency work on the river dam and Paxton creek. An ordinance will then be passed making the necessary provision for the contingencies and expenditures which could not be anticipated in the original specifications.

This morning a conference was held by the officials in charge of these undertakings with the City Solicitor and the estimates and reports of the engineers were considered. It was then decided to have a further conference with the City Council.

Meanwhile there will be no suspension of the work on the dam or along the creek and at the present rate of progress all the important public work under the original program should be completed before next winter.

It is expected that the steam shovel will be operating along the river wall north of Calder street next week, removing the deposits and low shore line.

BRIGGS ST. OPENING ENTHUSIASTS WILL CONTINUE THE FIGHT

Predict That Hundred Citizens Will Attend Meeting of Council Next Tuesday

More than 100 persons will attend the meeting of council next Tuesday to protest against the city's inactivity in not opening Briggs street. Such was the prediction made last night at a meeting of several residents of the section in which the silk mill is located. The residents met in the store of Joseph Claster, 6 1/2 North Second street, and discussed the progress of the movement toward the opening of Briggs street between Second and Front.

An outlined plan of carrying the

UNVEIL CARNEGIE STATUE

By Associated Press
Dunfermline, Scotland, June 27.—A statue of Andrew Carnegie was unveiled in Pittencrieff Glen, one of the city parks, to-day. The park was presented to the municipality in 1903 by Mr. Carnegie, together with an endowment of \$2,500,000.

Ford Plans to Double His Auto Plant's Size

Special to The Telegraph
Detroit, Mich., June 27.—Henry Ford, after giving away 10,000,000 of the year's profits to his employees, is spending five millions more on additions to his tremendous plant, which will almost double it in size and make it, according to Orley H. Dawson, superintendent of construction, the largest factory of any kind in the world.

In the last three seasons the company has manufactured about half of the automobile output of the entire world.

The principal additions will be seven new factory buildings, each six stories high, 60 feet wide and 900 feet long. These will cost \$500,000 each. A power plant to contain the largest gasoline engine in the world, and to cost \$1,500,000, will complete the additions. The Ford plant now covers 45 acres. When the new buildings are finished it will cover 85.

The buildings will be completed in time for the rush of business in the Fall. When the entire factory is running full capacity more than 40,000 men will be employed. The increase in number of men needed would make jobs for more than the entire number who were out of employment in the city last winter.

JOHNSON AND MORAN BOTH CLAIM VICTORY BEFORE FIGHT STARTS

Champion Says He Was Never More Confident of Winning Than He Is Today

MEN IN GOOD CONDITION

Moran Will Enter Ring at 195 Pounds While Johnson Will Weigh 210

By Associated Press

Paris, June 27.—French sportsmen and thousands of Americans and other foreign followers of boxing were gathered in Paris to-day awaiting the beginning of the fight to-night for the heavyweight championship of the world.

Frank Moran, of Pittsburgh, and Jack Johnson, holder of the title since he defeated Jeffries July 4, 1910, at Reno, will meet in the ring at the great Veldrome d'Hiver at 10.30 o'clock to-night to fight for twenty rounds under Queensbury rules.

On every hand the question was discussed whether the white challenger was capable of wresting the title from its negro holder. Each of the prospective combatants expressed strong confidence in his own chances of victory, but the betting odds on the event were 3 to 1 in favor of Johnson.

Johnson said to-day:

"I was never more sure in my life than I am to-day. It is now a question of true sportsmanship. If Moran can get this inheritance you must show that you are patriotic. You must serve an enlistment in the United States army."

Car Works Buys Land For Big Improvement

Rumors are persistent of an extensive enlargement of the plant of the Standard Steel Car Company at Middletown. Officials of the company, however, are reticent and refuse to confirm the reports. It is known, however, that additional land is being purchased and that certain proposed changes in the line of the street railway company near the plant are under discussion. The Standard company has plants also at Butler, in this State, at Hammond, Ind., and Baltimore. Its general offices are at Pittsburgh.

NUDE BATHING IN SUSQUEHANNA MUST STOP!—HUTCHISON

Police Chief Says He Will Not Tolerate Annoyance to Canoeists and Park Strollers

Nude bathing in the river must cease. The lid went on at noon to-day after Colonel Joseph B. Hutchison, Chief of Police, received a complaint that a small army of nude bathers were disrupting yesterday afternoon and last evening.

An old city ordinance prohibits nude bathing in the river. Evidently, says the chief, few people know of this. Between the hours of 5 and 7.30 o'clock last evening there were no less than 100 bathers in the river between Maclay and Race streets and nearly 50 per cent. of these bathers were men.

In order to enforce the ordinance Colonel Hutchison will arrange for the use of a motorboat and will have several patrolmen watch the river closely. Orders were also given the day patrolmen to keep a close watch on the river front and arrest all bathers without the proper bathing costume.

This order includes bathers who go to Island Park. It is in the vicinity of the Island where many nude bathers were seen last evening. Many of those who were not naked were as offensive to people passing over the Market street and Walnut street bridges last evening as those who were nude. Many bathe in their summer underwear.

Colonel Hutchison stated that the one thing most needed is an ordinance specifying the kind of bathing suits to be worn by river bathers.

Ford Plans to Double His Auto Plant's Size

Special to The Telegraph
Detroit, Mich., June 27.—Henry Ford, after giving away 10,000,000 of the year's profits to his employees, is spending five millions more on additions to his tremendous plant, which will almost double it in size and make it, according to Orley H. Dawson, superintendent of construction, the largest factory of any kind in the world.

In the last three seasons the company has manufactured about half of the automobile output of the entire world.

The principal additions will be seven new factory buildings, each six stories high, 60 feet wide and 900 feet long. These will cost \$500,000 each. A power plant to contain the largest gasoline engine in the world, and to cost \$1,500,000, will complete the additions. The Ford plant now covers 45 acres. When the new buildings are finished it will cover 85.

The buildings will be completed in time for the rush of business in the Fall. When the entire factory is running full capacity more than 40,000 men will be employed. The increase in number of men needed would make jobs for more than the entire number who were out of employment in the city last winter.

AND THE WORST IS YET TO COME!

Has to Enlist in Army to Get Legacy From His Aunt

So Oberlin Youth Up and Does It; Sent to Columbus, O. to Join the Cavalry

Recently Mrs. William Ralph, of Oberlin, called her nephew, John E. Longenecker, aside and showed him her will in which there was a clause leaving a handsome little inheritance to John.

"But, John," she said, "before you can get this inheritance you must show that you are patriotic. You must serve an enlistment in the United States army."

So yesterday Longenecker appeared

RECKLESS DRIVING IN STEELTON STIRS BURGESS TO ACTION

Car Hits Woman in Front Street; To Place Four Traffic Cops Tonight

As she was about to board a trolley car at Front and Jefferson streets 40 go to Harrisburg to shop, about 9.30 o'clock this morning, Mrs. Lester Mathias, 412 North Front street, was run down by an automobile driven by C. E. Whitesell, R. F. D. No. 1, Hurlock Creek, Pa., a town near Wilkes-Barre.

She was picked up and rushed to the Harrisburg hospital in the White-sell car where it was found that she was suffering from a lacerated head and injuries to the spine. Her condition is not believed to be serious. There were five passengers in the Whitesell car which was enroute to Gettysburg.

Witnesses of the accident say that the automobile attempted to pass the trolley car as Mrs. Mathias and Mrs. Minnie Morrow, a companion, were boarding the trolley. Mrs. Morrow was on the step of the trolley when Mrs. Mathias was struck.

Another Tennis Court at Twelfth St.; May Build Two at Reservoir Park

Another tennis court is being laid out for the Twelfth street playgrounds in order to accommodate the demand of the players. Furthermore, beginning Monday the same registration rules that apply to Reservoir will be in service at the Twelfth street grounds.

If the appropriation holds out, two additional courts will be established for Reservoir Park, according to City Commissioner M. Harvey Taylor. In this event the courts would be placed on the slope just beyond the shelter east of the present courts.

PENNSY BRAKEMAN HURT

Struck by a freight car in the local yards this morning, G. F. Richardson, of Penbrook, a brakeman on the Pennsylvania railroad was brought to the Harrisburg hospital suffering with an injury to the chest. He had been employed by the railroad company one week.

"LUCILLE LOVE"

Subsequent chapters of the "movie" serial, "Lucille Love," will be published by the Telegraph on Mondays instead of Saturdays. To-day "The Million Dollar Mystery" begins, with succeeding instalments each Saturday.

ABSOLUTE REST OF 4 MONTHS ORDERED FOR COL. ROOSEVELT

Physicians Say He Is Suffering From Enlarged Spleen and Loss of Vitality

ONE TALK IN PITTSBURGH

Campaign Trip Across Continent Has Been Abandoned; Was Planned For September

By Associated Press

Oyster Bay, N. Y., June 26.—Four months of absolute rest has been prescribed for Colonel Roosevelt by his physicians, who informed him that he was suffering from an enlargement of the spleen and a loss of vitality as a result of the malarial fever he contracted in the South American jungles.

"But in four months the campaign will be over," the Colonel said to-day. Consequently, he added, he considered it an impossibility for him to follow his physicians' advice.

Colonel Roosevelt has abandoned his campaign trip across the continent, which had been arranged tentatively for September. He also telegraphed to Pittsburgh that he would make only one speech there on Tuesday night. Two had been arranged.

The change in the ex-President's plans came after an examination made last night by Dr. Alexander Lambert, of New York. Dr. Lambert came to Oyster Bay and spent more than an hour in inspecting his patient. Then he told him that he must rest for four months. He urged the Colonel to give up his trip to Pittsburgh, to make no speeches during the campaign and as far as possible to give up everything that would tax his strength. He explained, the Colonel said, that it would require a long period to shake off the effects of the malarial fever and that if this effort were not accomplished, the disease might become so securely fastened upon him that he would never recover his full strength. It might even impair his mental vigor, the physician said.

Colonel Roosevelt declined to heed the warning. He said it would be an impossibility for him to give up his campaign work.

Government Is Prepared to Respond to Emergency Calls For Food Supplies

By Associated Press
Washington, D. C., June 27.—The promptness with which the government is prepared to respond to emergency calls for food supplies is shown by a report to the Navy Department to-day from Captain Coffman, commandant of the Boston Navy Yard, on the distribution of provisions yesterday to citizens of the fire-stricken city of Salem, Mass. Within two hours after Governor Walsh at 9 o'clock in the morning had requested Captain Coffman for food supplies, three thousand pounds of loaf bread had been distributed and seven thousand pounds more were supplied later in the day. In addition, eleven tons of provisions were also furnished.

THE WEATHER

For Harrisburg and vicinity: Unsettled weather, probably showers this afternoon or to-night; Sunday, mostly clear; Monday, unsettled to-night and Sunday, probably occasional showers; moderate easterly winds.

The Susquehanna river and its principal branches will rise slightly or remain about stationary to-night and Sunday. A stage of about 1.5 feet is indicated for Harrisburg Sunday morning.

General Conditions
The center of the western disturbance has moved northeastward to the Upper Mississippi Valley with increased rainfall. It has caused general showers in the last twenty-four hours over the Mississippi valley. The interior of New York and in Central Pennsylvania.

Temperature: 8 a. m., 72; Sun: Rises, 4:38 a. m.; sets, 7:35 p. m. First quarter, June 30, 2:24 a. m. River Stage: 1.4 feet above low water mark.

Yesterday's Weather
Highest temperature, 87; Lowest temperature, 75; Mean temperature, 80; Normal temperature, 73.

GOING ON A VACATION!
